MINUTES
Faculty Council Meeting
Tuesday, April 7, 2015– 4:00 p.m. – A203 Clark Building

CALL TO ORDER

The Faculty Council meeting was called to order at 4:00 p.m. by Mary Stromberger, Chair.

ANNOUNCEMENTS

A. Next Faculty Council Meeting – May 5, 2015 – A203 Clark Building – 4 p.m.

Stromberger announced that the next Faculty Council meeting would be held on May 5, 2015 at 4:00 p.m. in Room A203 Clark Building.

B. Executive Committee Meeting Minutes located on FC website – February 24, 2015 - Amended; March 10, 2015 – Amended, and March 24, 2015

Stromberger noted that the February 24, 2015; March 10 and 24, 2015 Executive Committee meeting minutes can be found at the following website. (http://facultycouncil.colostate.edu/files/ecminutes)

MINUTES TO BE APPROVED

A. Faculty Council Meeting Minutes – March 3, 2015

By unanimous consent, the March 3, 2015 Faculty Council meeting minutes were approved.

REPORTS TO BE RECEIVED

1. President – Tony Frank

President Frank reported that the budget cycle is finishing up and the budget report will be given to the Board of Governors soon. Overall the news about the budget is good. ~$10.8 million will be coming to the university from the state (about double expected from early projections). We will drop the tuition rate increase from ~6% to ~5.5% for residence students. ~40 new tenure track lines are included for next year. Non-Tenure Track Faculty, safety initiatives, and Title 9 initiatives also have some pieces of the budget. Frank noted that much work stills need to be done. Tuition increases impact the middle-income students relatively more than the low or high income students. NTTF and TTF need more investment. This is the 16th budget Frank has been involved in and 7th as President.

Frank commented on the state of shared governance. Frank supports discussion, debate, and exchange of ideas and believes these topics are important to the running of the university. These topics are embedded in how we act and are structured. We cannot expect to agree on everything. Frank considers shared governance part of his core values. Outreach to colleges, open forums, meeting with Faculty Council officers are all things Frank is proud of. Whether all of these
things matters or not is secondary to meeting the expectations of the faculty (a core constituency). The Administration has been trying to do a better job of listening to Faculty concerns. One piece of evidence is conversation with employee groups on a proposed tiered zone parking plan, which has been scrapped due to concerns raised. Next year is the 100th anniversary of shared governance and Frank values that and wants to celebrate it.

Roger Culver (College of Natural Sciences) – stated that the administration should not always get its way. Culver added that he heard that there would be a resolution or statement on shared governance on the agenda, but didn’t see it. Maybe Stromberger can comment on that. Frank replied that he does not think that the administration always gets it way. Frank added that Faculty Council has the prerogative to make statements (about shared governance, the stadium or other). Culver agreed that is Faculty Council’s responsibility. Frank added that he supports Faculty Council’s to debate issues around the administration and respects such outcomes.

Frank’s report was received.

2. Provost/Executive Vice President – Rick Miranda

Miranda reported that Joe Parker was hired as the new athletic director. The Administration is still working on the Semester-at-Sea contract and it is getting closer to completion. Miranda noted that the Agriculture Innovation Summit occurred recently. Another issue of note is an increasing interest from CCHE in prior learning assessment credit (e.g., AP, military service) and getting the institutions in the state working together to recognize such credit. More will be coming on this topic.

Miranda detailed the incremental budget (i.e., change from last year) for education (~$400 million) only. CSU has ~$940 million total budget. Tuition and state appropriations are the possible increases to the budget. Tuition used to be ~1/3 of the budget; now tuition is about 3/4 of the budget. ~$10 million additional funding from the state will be coming this year (total ~$110 million). To put this amount in perspective, the lowest funding level from the state was ~$85 million and the high was ~$130 million in past years. ~$21 million will come from tuition resulting from a rate increase (5.5% for in-state undergraduate students) and increase in student numbers. Budget modeling exercises have a one-year time lag on including changes in student numbers. However, the admissions office suggests we will have an increase in the number of students, which will show up in the budget for the following year.

Jason Ahola (College of Agricultural Sciences) asked what the rationale was for different rate increases for in-state and out-of-state students. Miranda replied that we compete against other in-state options in one market, and against out-of-state options in another market. The dollar amount of the increase, as well as the rate of increase, are both important to consider. Frank added that the University of Colorado had an in-state increase of ~2.9%, but they have a much
different profile in terms of the number of non-residents and how much they increased the rate of tuition increase on those students. CU’s in-state rate is about 15% higher than CSU’s.

Van Buren (Anthropology) asked what the relative impact of the F&A is on the budget. Miranda answered that F&A is about $40 million. Half of that ($20 million) is in this budget.

Bob Keller (Economics) asked what the desired out-of-state enrollment is. Miranda would like to see those numbers be ~30%. However, we have as a goal to continue to be the #1 place for Colorado residents. This implies that CSU will likely continue to grow. Projections suggest we could add ~8,000 students and we would still have a similar campus feel to what we have today. If we increase beyond 8,000 students, some compromises would need to happen (e.g., buildings on green space). Keller asked if the impact on the community is considered. Miranda replied yes, and on and off campus housing has been examined. Frank added that some city planning staff is on CSU planning committees.

Van Buren asked what the projection increase in tenure-track faculty lines would be in the future. Miranda replied that similar ratios of TTF, NTTF, and TAs would be kept.

Mingzhong Wu (Physics) asked if the F&A rate reflects the new rates. Miranda replied no, the new rate will be phased in over the coming years.

Nancy Hunter (Libraries) asked how the libraries, and other non-college support services, will grow. Miranda replied that about 1/3 of next year’s budget will be devoted to non-academic areas. The Library is considered part of the direct academic support though; a significant budget increase for journal subscription maintenance in in the budget.

David Gilkey (CVMBS) asked if the number of TAs would increase with the new budget. Miranda replied that the number of TAs has rebounded in recent years.

Miranda then detailed expenses. About 1/2 of the increase in tuition dollars that are due to enrollment growth will go to colleges, 1/6 will go to the Provost’s office to support interdisciplinary programs and 1/3 will go to the general fund. Part of the expenses will be devoted to student aid. GTA tuition support has increased. Salary for faculty and staff will increase by 2%. Promotion increases are factored in as well as a 1% increased contribution to the DCP retirement plan. Increased support for health care coverage for graduate students will happen. Other mandatory costs including heating, lighting for new buildings is factored into the budget. Differential tuition for graduate student programs is factored in. After those costs there was ~$8 million left for discretionary spending, in addition to the enrollment growth dollars. Current planning suggests about 40 new faculty lines ($6.5 million), academic program support ($3.2 million), student program support ($1.4 million), outreach ($1.4 million), infrastructure and compliance ($2.8 million). The budget will be finalized shortly.
Ross McConnell (Computer Science) asked for details about how the money is distributed to departments and whether departments decide how to spend it, including distribution of the 2% salary increase. Miranda replied that departments do control their budgets and department chairs decide how to distribute the salary increases.

Miranda’s report was received.

3. Faculty Council Chair – Mary Stromberger

Stromberger provided an update on the proposed bullying policy. The policy is going under a major revision, such as reporting and references to the Faculty Manual.

Stromberger explained that a task force is being formed to investigate the faculty ombudsman position. Dan Bush is the chair of the task force and Stromberger will serve on it.

Stromberger has been meeting with college executive committees and FC reps, along with Frank and Miranda. They have met with all colleges now, except for Warner College of Natural Resources, and will also meet with the Libraries soon.

Stromberger (and others) attended the recent parking open forum. On Monday, Stromberger attended a meeting hosted by Martin Carcasson, Director of the Center for Public Deliberation, along with officers from the Administrative Profession Council, Classified Personnel Council, ASCSU, Amy Parsons, and Cara Neth. Carcasson presented a summary of the survey and forums, and recommendations. Some recommendations were that more study on the tiered model is needed. A map of the parking spot distribution is needed as some respondents may not have realized the distances between parking and campus buildings. Another hybrid model could be considered, in which parking spaces in a distant lot (by tennis courts) could be offered at a lower fee. The sliding scale model should be investigated and employees engaged. A punch card system could also be investigated to make parking easier. More engagement and feedback about extending parking enforcement beyond 4 p.m. was a recommendation. More feedback from students is also needed. An employment assistance fund is also being created. We need to see how this works. Stromberger thinks that Parsons will probably recommend to Frank to hold off on changes, except for a rate increase to cover bond payments, to better investigate these options and recommendations. Basically we need to buy some time. Frank added that the master long-term plan is to push parking to the fringes of campus and have a walking focus in the core. Frank agreed that many questions remain and more discussion is needed.

Stromberger explained that the Executive Committee has been discussing a statement of shared governance. The discussions have been difficult, and Stromberger has been moving cautiously. These discussions have helped identify strengths and weaknesses. Some strengths include many of our standing committees (e.g., Committee on Faculty Governance, UCC, Committee on Non-Tenure Track Faculty, and Committee on Teaching and Learning). Some weaknesses include
situations that have led some faculty to feel left out of decisions. This happens when certain types of decisions are made, and Faculty Council needs to work on identifying ways to engage faculty in these types of decisions. One type of decision where faculty can be excluded is decisions that need to be made quickly. How do we bring in faculty quickly and then communicate results back out? Confidentiality agreements/decisions are another class of decisions that can be difficult. How do we bring in faculty, but yet maintain the confidentiality? Another class of decision is in terms of getting faculty involved in long-term budget planning. We do have a committee on strategic and financial planning, but we may need to change that committee or add another committee to add this responsibility. Another class of decision is in terms of long-term vision for the university. How does faculty have a voice in such conversations? How does input from departments, etc, influence such decisions? Stromberger is committed to improving faculty input but needs help.

Stromberger’s report was received.

4. Board of Governors Faculty Representative – Alexandra Bernasek

Bernasek noted that the next BOG meeting is in May. Rather than give a report on BOG activities, Bernasek read the following report:

Report of the Faculty Representative to the BOG from CSU to Faculty Council

Respectfully submitted by Alexandra Bernasek

Statement to Faculty Council – April 7, 2015

I do not have my usual report today. The BOG has not met since February. The next BOG meeting is at CSU on May 7-8, 2015. I do have something to report in my capacity as faculty representative to the BOG, however.

Over the last year a number of faculty members have approached Executive Committee members with concerns about administrative decisions being made without substantive faculty involvement. Their perception was that the administration has repeatedly not fulfilled its stated commitment to shared governance by not ensuring faculty involvement at the earliest stages in decision making processes, overturning faculty recommendations, and ignoring procedures set out in the Faculty Manual. Examples that were brought up include the contract with INTO, the decision to build an on-campus stadium, and the decisions to establish a teaching facility at Todos Santos and to join Unizin. They also include areas where the faculty has an especially important role to play in making recommendations to the administration: promotion and tenure decisions and grievances.

Over the last seven weeks the members of Executive Committee have attempted to write a statement expressing faculty concerns with the current state of shared governance at CSU to provide a basis for
discussion in Faculty Council. Due in large measure to structural problems with the way in which the Executive Committee is constituted, especially the inclusion of the Provost as a member, we have not been able craft a statement to bring to Faculty Council. Although we have come very close to agreement at various times we were not able to bring a statement forward to include on the agenda of today’s Faculty Council meeting.

Last week Iuliana Oprea, the representative from the College of Natural Sciences, resigned from Executive Committee because she did not believe she could continue as an effective representative of faculty in her college. Today, four others of us do the same. I, Steve Reising, Mary Van Buren and Tim Gallagher all offer our resignations from Executive Committee today. We do not believe we can be effective representatives of the faculty, given the current organization of that Committee.

We believe that it is legitimate to discuss concerns that decision-making by the administration shows little evidence of respect for shared governance. We further believe that the process for dealing with that in Executive Committee is problematic. We would like to make it clear that this is not a personal criticism of Faculty Council leadership.

It is clear that our views on important issues are not in accord with those of some of our colleagues on Executive Committee. We hope that by stepping down from Executive Committee the impasse on that Committee can be broken. We also hope that Faculty Council continues to do the important work of representing the faculty and continues to push for an active faculty role on campus.

Doug Brobst (member of the Fort Collins community) asked if he would have time to ask questions. Time is available at the end of the meeting.

Ross McConnell (Computer Science) asked what would happen now, given the resignations. Bernasek replied that replacements would need to be found. McConnell asked what the administration’s response is. Frank said he needed to have some time to digest what he just heard.

Mark Zabel (CVMBS) asked if Executive Committee still has a quorum? Stromberger replied yes. Stromberger thanked Bernasek and others for their service and engagement. Bob Keller added that this represents a major loss of talent.

A member of Faculty Council asked if there was conversation in Executive Committee about this. Stromberger replied that this was the first she had heard about the resignations of Bernasek, Gallagher, Reising, and Van Buren.

Reising added that he would still serve on standing committees.

Bernasek’s report was received.
CONSENT AGENDA

1. UCC Minutes (February 13 and 20, 2015; March 6 and 13, 2015)

Carole Makela, Chair, University Curriculum Committee, moved that Faculty Council approve the February 13 and 20, 2015; March 6 and 13, 2015 UCC minutes.

Makela noted that summaries concerning new programs are included at the end of each of the minutes.

The UCC minutes were unanimously approved.

ACTION ITEMS

1. Confirmation of the Appointment of Richard Eykholt as University Grievance Officer.

Doherty moved (Culver 2nd) that Faculty Council confirms Richard Eykholt as the new UGO for a three-year term. The majority approved, and Eykholt was confirmed as the new UGO for a three-year term effective July 1, 2015.

2. Election – Faculty Council Standing Committee Representatives – Committee on Faculty Governance

Steve Reising moved to elect the following faculty to three-year terms on Faculty Council standing committees, effective July 1, 2015.

Naomi Lederer was elected to a three-year term on the University Grievance Panel beginning July 1, 2015 through June 30, 2018.

4. Election – Discipline Panel Faculty Members – Committee on Faculty Governance
Stromberger noted that there was no faculty on the ballot for Discipline Panel. Stromberger asked if there were any nominations from the floor.

Reising nominated (Hunter 2nd) Iuliana Oprea for the University Discipline Panel.

Oprea was unanimously elected.

5. Proposed revisions to the Manual, Section E.2.1.4, Special Appointments – CoNTTF

Jen Aberle, Chair of CoNTTF, moved that Faculty Council approve proposed revisions to the Manual, Section E.2.1.4, Special Appointments and explained the motion.

Proposed revision to Section _E.2.1.4 Special Appointments_ of the Manual The Committee on Non-Tenure-Track Faculty MOVES, THAT Section _E.2.1.4 Special Appointments_ OF THE ACADEMIC FACULTY AND ADMINISTRATIVE PROFESSIONAL MANUAL BE REVISED AS FOLLOWS:

Please note the language: additions underlined, deletions overscored.

E.2.1.4 Special Appointments (last revised August 2, 2013)

Special appointments may be either full-time or part-time. Part-time is defined as any fraction less than one hundred (100) percent of full-time. The distinguishing features of this type of appointment are:

a. Special appointments are "at will" and are subject to termination by either party at any time unless the faculty member has a multi-year contract for research or teaching, in which case the terms of the contract shall stipulate its ending date. Upon the expiration date of the contract, the multi-year contract may be renewed by written agreement of both parties. If it is not renewed, one of the following outcomes occurs: 1) For special appointment faculty who were originally at-will and entered into a multi-year contract, employment as a special appointment faculty member reverts to at-will. 2) For special appointment faculty who were originally hired with a multi-year contract, the appointment may be converted to an at-will appointment upon agreement of both parties. Otherwise, employment is terminated upon expiration date of the contract.

b. Unless the faculty member has a multi-year contract, A special appointment multi-year contract carries an ending date as specified in the contract. Otherwise, special appointments need not carry specified ending dates, but an ending date indicating the point in the future when the funding and/or appointment is expected to terminate should be included when known. In that situation, the inclusion of a specified ending date on an appointment form or other such
documentation is for administrative convenience only and does not create a minimum or fixed
duration of appointment.

c. Faculty members on special appointment are not eligible for tenure (see Section E.10.4).

d. Faculty members on special appointments shall receive a salary and shall participate in annual
reviews and the annual salary exercise in the same manner as faculty with senior teaching,
regular full-time, and regular part-time appointments.

d. The effort distributions of faculty members on special appointments shall be specified in the
appointment letter. While the effort distribution in the case of special appointments may include
all three (3) areas of teaching, research, and service, often it is focused in one (1) or two (2)
areas, such as teaching, research, service, or extension.

f. Offer letters for special appointment faculty should be written following the format and
content provided on the Provost’s website.

e. Multi-year contracts for research may be offered only for research performed for the
University. The unit or department must document that the multi-year contract or extension is
necessary for the hiring or retaining of the faculty member.

f. If a tenured faculty member changes positions to a special appointment involving a multi-
year contract, he or she must relinquish tenure and retire from the University. A tenured faculty
member who wishes to gain emeritus/emerita status, must apply prior to the time he or she
relinquishes tenure and retires.

g. Special appointment faculty are required to enroll in the retirement program and are eligible
to participate in other benefits offered by the University as described in the Administrative
Professional Benefits and Privileges Handbook and in Section F and G of the Manual. They are
not eligible for sabbatical leave.

Rationale: Special appointment faculty members demonstrate the same commitment and
enjoy the same benefits and privileges as regular appointment faculty members. Their
inclusion in annual evaluations and the salary exercise is inconsistent based on
department. Likewise, in spite of efforts on the part of central administration to provide
guidance to department heads and deans regarding offer letters, there is widespread
inconsistency across campus. Inclusion of this added content to the Manual ensures fair
treatment regardless of department specific practices.
There was no discussion.

Aberle’s motion was approved.

6. Proposed revisions to the Manual, Section E.6, General Policies Relating to Appointment and Employment of Faculty – CoNTTF

Jen Aberle moved that Faculty Council approve proposed revisions to the Manual, Section E.6, General Policies Relating to Appointment and Employment of Faculty Manual and explained the motion was about multi-year contracts.

Proposed revision to Section E.6 General Policies Relating to Appointment and Employment of Faculty of the ACADEMIC FACULTY AND ADMINISTRATIVE PROFESSIONAL MANUAL

The Committee on Non-Tenure-Track Faculty MOVES, THAT Section E.6 General Policies Relating to Appointment and Employment of Faculty OF THE ACADEMIC FACULTY AND ADMINISTRATIVE PROFESSIONAL MANUAL BE REVISED AS FOLLOWS:

Please note the language: additions underlined, deletions overscored.

E.6 General Policies Relating to Appointment and Employment of Faculty (last revised May 9, 2014)

a. The conditions and expectations of every appointment shall be confirmed in writing. Any subsequent modifications of the appointment shall also be confirmed in writing after the faculty member and the administrator have mutually determined the new conditions. The faculty member shall receive a copy of these documents.

b. All faculty members who are on regular full-time or regular part-time appointments and who have not acquired tenure, shall be appointed for a period not exceeding one (1) year. All faculty members on special or temporary appointments shall be appointed "at will."

c. Faculty members on multi-year contracts shall be appointed for periods of one (1) to five (5) years for research and one (1) to three (3) years for teaching..

   1. A multi-year contract does not carry any guarantee or implication that the contract will be renewed, even though the duties of the employee may have been discharged satisfactorily.

   2. Renewal of a multi-year contract does not entitle the individual to further renewals, a tenure-track appointment, or to a decision concerning tenure.
3. Renewal or extension of multi-year contracts may be made at any time during or after the onset of the contract and shall meet the same conditions required for the initial contract as specified in Sections E.2.1.3 and E.2.1.4.

4. If the contract is not renewed and the individual was originally ‘at-will’ and entered into a multi-year contract, employment as a senior teaching or special appointment faculty reverts to 'at-will' as specified in Sections E.2.1.3 and E.2.1.4.

d. If the department head does not propose to reappoint a non-tenured faculty member holding a regular full-time or regular part-time appointment, the faculty member shall be informed in writing that the appointment will not be renewed. This must be done by March 1 during the first year of employment, by December 15 during the second year, and at least twelve (12) months before the expiration of the appointment in succeeding years.

e. A non-tenured faculty member holding a regular full-time, regular part-time, or multi-year contract may be disciplined or terminated for cause without following the procedures of Section E.15 for tenured faculty. Such actions may be grieved as described in Section K.

f. If a decision made at a higher administrative level will have the effect of altering or reversing a decision made at a departmental level regarding conditions of employment, including reappointment, tenure, promotion, and salary, then, before this change can take effect, the department head must be notified in writing of both the proposed change and the reasons for this change, and he or she must be given the opportunity to submit a written reply.

Rationale:

Necessary amendment to the MANUAL in order to maintain consistency in policy and practice of use regarding multi-year contracts for non-tenure-track faculty. This section operationalizes the use of contracts as specified in Sections E.2.1.3 and E.2.1.4.

There was no discussion.

Aberle’s motion was unanimously approved.

7. Proposed revisions to the Manual, Section E.2.1.5, Temporary Appointments – CoNTTF

Jen Aberle moved that Faculty Council approve the proposed revisions to the Manual, Section E.2.1.5, Temporary Appointments and explained the motion concerned retirement contributions from NTTF and further distinguished between temporary and special appointments.

Proposed revision to Section E.2.1.5 Temporary Appointments of the Manual
The Committee on Non-Tenure-Track Faculty MOVES, THAT Section E.2.1.5 Temporary Appointments OF THE ACADEMIC FACULTY AND ADMINISTRATIVE PROFESSIONAL MANUAL BE REVISED AS FOLLOWS:

Please note the language: additions underlined, deletions overscored.

E.2.1.5 Temporary Faculty Appointments (last revised May 2, 2007)
Temporary faculty appointments may be either full-time or part-time and are distinguished from other types of appointments by the expectation that the appointment is for a specified period of time, at the end of which, it is anticipated that employment at the University will not be renewed or that the member will transition to a different appointment type (see d. below) in the foreseeable future. Part-time is defined as any fraction less than one hundred (100) percent of full-time. Further features of this type of appointment are:

a. Temporary appointments are "at will" and are subject to termination by either party at any time. The process set forth in Section D.5.6 regarding the termination of "at will" appointments applies to temporary faculty appointments. Temporary appointments need not carry specified ending dates, but an ending date indicating the point in the future when the funding and/or appointment is expected to terminate should be included when known. The inclusion of a specified ending date on an appointment form or other such documentation is for administrative convenience only and does not create a minimum or fixed duration of appointment.

b. Temporary appointees are not eligible for tenure.

c. Individuals receiving a temporary appointment for one (1) semester or less ordinarily are not enrolled in a retirement program (see Temporary appointees are required to enroll in the retirement program and if half-time or greater are eligible to participate in other benefits offered by the University as described in the Academic Faculty and Administrative Professional Benefits and Privileges Handbook published annually by Human Resources and in Sections F and G of the Manual. Eligibility for sick leave is defined in Section F.3.2. Temporary appointees are eligible for faculty privileges (see Sections G.1 – G.3). Temporary appointees are not eligible for sabbatical leave (see Section F.3.4.1).

d. The University recognizes that the nature of a temporary appointment is incompatible with recurring consecutive appointments over a long period of time. Therefore, after the second consecutive semester for a 9-month assignment (excluding summer session) or after the first year for a 12-month assignment, the faculty member’s appointment shall be required to convert to a special appointment and cannot be renewed as a temporary appointment.
Rationale:

E.2.1.5.c requires changes to correctly describe benefits eligibility as of Jan. 1, 2014 (following elimination of the 1-year waiting period) and to correct an error regarding retirement eligibility for temporary appointments. Temporary appointees have always been required to contribute to a retirement plan in lieu of Social Security.

E.2.1.5.d is being proposed to prevent the practice of using recurring temporary appointments when another appointment type should be used. Recurring temporary appointments create uncertainty and can be detrimental to members and departments. The fringe rate for a temporary appointment faculty member increases automatically to equal that of special and senior teaching appointment faculty after one year of employment.

There was no discussion.

Aberle’s motion was unanimously approved.

DISCUSSION

1. Course Surveys
   -Stephanie Clemons (Chair) and Dan Turk, Committee on Teaching and Learning

Clemons introduced other members on the Committee on Teaching and Learning and presented a slide presentation on potential changes to the course survey. The PowerPoint presentation will be posted on the Faculty Council web site.

The course survey should not be used as the only source of teaching effectiveness in evaluation. Turk detailed that some of the uses of the survey are not proper. The survey is expensive and has other issues (bias, reliability, validity, response rate). There are gender biases (women are often ranked lower than men) and student evaluation of the course is often correlated with the quality of the room. Many other issues exist. Many of the issues remain after the last revisions. Turk explained the agenda for the next year. Turk suggests that we use experts to redesign the survey, rather than CoTL and Faculty Council word-smith the current survey. We could continue to use the survey, revise the survey, or develop a new survey. We could contract a private company to revise the survey, or we could rely upon the expertise on campus. Turk suggested we involve the large group of stakeholders, experts on campus, much discussion, over the next year and
maybe roll out a new version of the course survey in Fall 2016. We might move to make the survey electronic. We would have to find funding for the developments.

Clemons asked for input on how to make the process open, transparent, and inclusive. Bernasek thought finding a way to engage the faculty outside of Faculty Council is needed. Gilkey thought the process is off track because the tool only measures a reaction. Turk explained that the survey would not be used to measure teaching effectiveness, but would provide feedback to improve teaching.

McConnell quoted from the *Manual* about the many criteria included in the evaluation of teaching. A single metric is not to be used. McConnell said he finds the student comments most useful and that the survey should not be used as only an assessment tool. Clemons said a task force is developing guidelines so that what is in the *Manual* is followed. Clemons thought these changes could influence departmental policies.

Margarita Lenk (Accounting) suggested that Faculty Council members need to discuss with their constituencies because the survey affects all students. Stu Cottrell (Human Dimensions of Natural Resources) detailed how some surveys like “rate your professor” are used in his department and that department heads have a lot of power in how surveys are used. Clemons suggested that changes can also occur through faculty voting on department codes.

Tim Gallagher (Past Chair) detailed that in his college (Business) faculty are required to submit responses from a single question from the current survey.

Carole Makela (UCC) said the issues are much bigger than the survey and that assessment of other aspects (e.g., portfolios) is needed to take away the sole reliance on the survey. Makela said what the survey is not to be used for needs to be communicated and made clear. Clemons agreed.

Van Buren asked if the survey should be non-quantitative – especially if comments are most useful. Clemons said the committee has not thought in that level of detail and that feedback is desired.

Bennet noted that one stakeholder group (students) desires a quantitative ranking to help them decide which course/section they want to take.

Troy Mumford (Management) suggested that fewer questions would be better, and that comments should occur before the ranking questions.
Cottrell thought that having students take many surveys all in the same week, at the end of the semester, is problematic, in that students won’t want to spend a lot of time on a survey if they have other surveys to complete the same week.

Scott Ricketts (undergraduate student representative on CoTL) said that he takes the surveys seriously and they inform his decisions on which classes he takes. He thought that some of the questions are redundant or may be irrelevant. He thought a comment section is important. He raised a concern about the need to sign the survey for surveys to be taken seriously; some students fear retaliation for negative comments and that might hamper useful feedback. Student involvement is important.

Culver echoed that feedback through comments is essential. Culver does not support the survey being used as an evaluation tool. The survey is about the professor-student relationship. Stromberger added that faculty needs to be recognized for how they respond to and improve their courses based on student comments. Turk replied that the task force is thinking about a reflection piece to annual evaluations where such faculty responses could come out.

Barb Hooper (Occupational Therapy) thought that course surveys as a teaching tool should be examined as well since it helps students understand their role in learning.

Clemons requested feedback in the next couple weeks and expects to work over the summer; she would especially like to hear from experts that might be able to help. Contact Clemons or others on the committee and/or task force.

Stromberger adjourned the meeting at 6:12 p.m.

Doug Brobst, a member of the Fort Collins Community and a self-described outspoken opponent of the stadium, does not think the stadium is a done deal. He appealed for action by Faculty Council to register faculty displeasure with the stadium decision.
