Appendix – Page 6
2. What Motions are Amendable
3. Notice Requirement and the Agenda
4. Rules Governing Behavior of Members in Debate
PARLIAMENTARY MOTIONS - WHAT THEY MEAN

1. **Fix the Time to Adjourn** - purpose is to set the time (and/or place) for another meeting to continue business of the session. It has no effect on when the present meeting will adjourn.

2. **Adjourn** - means to close the meeting. A privileged motion to adjourn is to close the meeting immediately. It is not a privileged motion if qualified in any way, as to adjourn at, or to, a future time.

3. **Suspend the Rules** - generally used to permit the assembly to do something which would violate its general rules (except bylaws) such as changing agenda order or considering an item not on the agenda.

4. **Unanimous Consent** - a faster way to accomplish the same purpose as suspend the rules, but used when the requested deviation is not controversial. One objection from any member or the chair denies the request.

5. **Lay on the Table** - enables the assembly to lay the pending question aside temporarily when something more urgent has arisen. Its effect is to halt consideration of a question immediately, without debate.

6. **Previous Question** - the motion used to bring the assembly to an immediate vote on one or more pending questions. It is used to immediately close debate and prevents the making of subsidiary motions except to table.

7. **Limit or Extend Debate** - one of two motions an assembly can use to exercise special control over debate on a pending question. It can be used to reduce the number or length of speeches, or to require an end to debate at a particular time. It can also be used to increase the time available to speakers or to the deliberation on the question.

8. **Postpone to a Certain Time (definitely)** - a motion to defer discussion of a pending question to a definite day, meeting, hour, or until after a certain event. This motion can be used regardless of how much debate there has been on the motion it proposes to postpone.

9. **Commit or Refer to Committee** - this is generally used to send a pending question to a committee so that the question may be investigated, providing the assembly with more information or a recommendation, or to put the motion into better form (in clearer or better wording) for the assembly to consider.

10. **Amend** - a motion to modify the wording—and to some extent the meaning—of a pending question before the assembly. A pending motion may be modified by adding or deleting words and phrases, or by a combination of these—i.e., to strike out some words and insert others. It can also be used to substitute one paragraph or the entire text of a resolution or main motion. Amendments must be germane.

11. **Postpone Indefinitely** - a motion which means the assembly declines to take a position on the main question. Its adoption kills the main motion and avoids a direct vote on the question.

12. **Main motion** - the motion which brings any general matter of business before the assembly. Any formal proposal.

13. **Reconsider** - enables a majority in an assembly to bring back for further consideration a motion which has already been voted on. Complex rules.

14. **Rescind or Amend** - motions which enable an assembly to change and action previously taken. An entire

Appendix – Page 8
motion or any part of it may be rescinded or amended.

15. Resume Consideration - also called "take from the table," this motion brings back a question which has been tabled.

RE: Revisions to the Graduate and Professional Bulletin –
   D. – ADMISSIONS REQUIREMENTS AND PROCEDURES
   E. – GRADUATE STUDY
   G. – TUITION, FEES, AND EXPENSES

THE COMMITTEE ON SCHOLARSHIP, RESEARCH AND GRADUATE EDUCATION MOVE THAT
FACULTY COUNCIL ADOPT THE REVISIONS TO SECTION B: “THE GRADUATE SCHOOL”, TO
SECTION D: “ADMISSIONS REQUIREMENTS AND PROCEDURES” - D.1 APPLICATION: U.S. CITIZENS OR
PERMANENT RESIDENTS - D.3. TRACK III ADMISSIONS, SECTION E. “GRADUATE STUDY”: E.1.2
PROGRAM OF STUDY - AND SECTION G. “TUITION, FEES, AND EXPENSES”- G.7 CONDITIONS THAT
AFFECT THE ASSESS OF CHARGES – OF THE GRADUATE AND PROFESSIONAL BULLETIN TO BE
EFFECTIVE UPON FACULTY COUNCIL ADOPTION EFFECTIVE IMMEDIATELY AS FOLLOWS:

ADDITIONS - UNDERLINED - DELETIONS OVERSCORED

B.5 COMBINED DEGREE PROGRAMS

A Combined Degree Program (CDP) partners an undergraduate and a graduate program to create a
bachelor’s/master’s or bachelor’s/doctoral degree program. CDPs can be formed either within or
between departments, programs, or SAUs in the same or differing colleges. CDPs have been established
to encourage students with strong scholarly and/or research interests to continue their education at the
master’s or doctoral level. Undergraduate and graduate units that partner to build a CDP will create a
graduate admission policy for the undergraduate students that guarantees them contingent admission to
the partnering graduate program. Final admission is conferred when the students meet the minimum CDP
and Graduate School admissions criteria upon completion of their bachelor’s degrees. The minimum
requirements for admission into the CDP must be approved by the Graduate School in an MOU. Students
must complete the Graduate Admissions Application.

B.5.1 TRACK III PROGRAMS

Track III programs are CDPs in which the undergraduate degree requires credits exceeding the 120
minimum necessary for the bachelor’s degree, some of which may be accepted toward both the bachelor’s
and either a master’s or doctoral graduate degree.

D.1 APPLICATION: U.S. CITIZENS OR PERMANENT RESIDENTS

Except for Track III Admissions, Only persons with bachelor’s degrees from colleges or universities
accredited by one of the major regional accrediting agencies are eligible to apply. Degrees from schools
which do not possess overall, institutional accreditation or which have only specialized accreditation
cannot be accepted. This policy does not apply to admission for combined degree programs (CDPs, see
D.3), however, CDP students must earn their bachelor’s degrees prior to, or concurrent with, the award of their graduate degrees.

Courses taken by Colorado State undergraduates may, under certain circumstances, be subsequently credited toward graduate degrees at Colorado State. Undergraduates who enroll in 500-level courses, which are not applied toward the bachelor’s degree, may request that an exclusion statement be placed on their academic records for no more than 9 credits. Students cannot exclude any courses below the 500 level under this policy unless the students are Track III Admission students and the courses have received prior approval for graduate credit. Courses at the 600 level are automatically excluded from use for an undergraduate degree. With the exception of Track III Admission students, no more than nine excluded semester hours may be credited toward a graduate degree.

A written request for exclusion must be filed with the Degree and Transfer Evaluation Section Unit of the Records Registrar’s Office, Enrollment Services, Room 100, Centennial Hall, no later than the end of the schedule change period of the term in which the excluded course is taken. For CDP students, excluded courses must appear on the formal program of study (GS form 6) filed during the first semester after Graduate School admission.

D.3. COMBINED DEGREE ADMISSIONS

Combined Degree admissions are available only to undergraduate students recruited to combined bachelor’s/master’s or bachelor’s/doctoral degree programs (CDPs). A CDP partners an undergraduate and a graduate program within or between departments, programs, or SAUs in the same or differing colleges. Undergraduate students complete a CDP application created by the partnering undergraduate and graduate programs. The timing of the application and its requirements are defined by the partnering programs and include minimum requirements related to criteria such as GRE, recommendations, and research experience. The minimum GPA acceptable for entrance into a CDP is 3.00. Students may be contingently admitted into the CDP at any point the partnering programs of the CDP so choose. Students must complete the Graduate School application. Final admission to the CDP is conferred when the students meet the minimum CDP and Graduate School admissions criteria upon completion of their bachelors’ degrees. The minimum requirements for contingent admission into the CDP must be approved by the Graduate School in an MOU.

Undergraduate students in CDPs may enroll in up to nine graduate credits of their graduate programs as undergraduates, while paying the undergraduate tuition rate according to the undergraduate exclusion policy. Such credits do not apply toward the undergraduate degree.

D.3.1 TRACK III ADMISSIONS

Undergraduates enrolled in a bachelor’s degree program at Colorado State University with a minimum of 121 credits required for the undergraduate degree, and who have completed at least 75 credits of course work toward their degrees, including 15 credits in upper-division courses required by their major, with a cumulative GPA of 3.000 or above, may apply for admission to a Track III program if they meet the following criteria: students must 1) complete at least 90 credits of course work toward their first bachelor’s degrees; 2) complete or enroll in 9 of these credits at the 400 and/or 500 level courses required or listed as electives within their majors during their senior years. 3) maintain a cumulative GPA of 3.000 or above. Students may double count up to nine 500 level credits toward both their bachelor’s/ master’s or their bachelor’s/ doctoral degrees provided that they complete a minimum of 120 credits, that apply only to their bachelor’s degrees. For example, a maximum of 5 credits could be double counted for a 125-credit degree and a maximum of 9 credits could be double counted for a degree program with 129 or
more credits. The graduate degree will be awarded only after, or concurrently with, the award of a Baccalaureate degree. Second bachelor’s students are not eligible for Track III.

In addition to the on-line application and the $50 application processing fee, students applying for admission to Track III programs must send the following materials directly to the department in which they plan to study: for the master’s degree:

1. Three letters of recommendation written by individuals in each of the following categories:
   a. Applicant’s undergraduate advisor.
   b. Applicant’s instructor in at least one course within his/her major who is not his/her advisor.
   c. Applicant’s instructor in a course outside of his/her major field of study.
2. A written “statement of purpose” that contains:
   a. A summary of long-term professional or personal goals.
   b. A statement regarding the applicant’s educational goals.
   c. A statement indicating how participating in the combined Track III degree program will contribute to the applicant’s long-term goals.
3. A completed resume that contains the following:
   a. Record of all professional employment including dates of service (including military).
   b. List of any special skills or competencies (including certifications or licensures).
   c. List of publications, exhibitions, prizes, awards, or other recognitions.
   d. List of service activities (including community and charitable).

To be eligible to offer a Track III, a specific program must submit, and have approved by the Graduate School, a one-time Memorandum of Understanding (MOU) providing the following information and agreements. Contact the Graduate School for the MOU format.

1. List participating undergraduate and graduate program codes
2. All students recommended for Track III will have a GPA of 3.0 or higher
3. Students may double count 1-9 500 level credits toward both their bachelor’s/master’s or their bachelor’s/PhD degrees when credit requirements for the degree program range respectively between 121 through 129 credits, or more. This may not exceed the university approved Exclusion of Credit policy, which is capped at using 9 credits of 500 level coursework. (The process is managed by the Exclusion/Inclusion process within the Registrar’s Office).
4. 21 credits must be earned after admission to the Graduate School for a master’s degree and 62 credits for a PhD.
5. Students will be advised of the following:
   a. Once the student has completed 120 or more credits at the undergraduate level the student will be switched to graduate standing and will begin paying graduate tuition and fees. They will lose all undergraduate institutional and scholarship aid such as Pell, COF and Boettcher awards.*
   b. Their Undergraduate Degree Plans (DARS) will no longer track degree completion in a comprehensive manner, so the student and advisor will need to work with their designated Degree Analysts in the Registrar’s Office to ensure timely and accurate graduation from the bachelor’s degrees.
6. Track III students must file their programs of study (GS form 6) by the end of the second week of the first semester after Graduate School admission.
7. Track III students who are dismissed from the Graduate School, and who are still in good standing within their undergraduate programs, will be permitted to complete their undergraduate degrees.
8. Track III students must complete applications for graduation (GS25) from the Graduate School either concurrently with, or subsequent to, completing the bachelor's degrees.

*Departments offering Track III programs with unique requirements, incentives or other elements in addition to, or instead of, those stated above must request approval from the Graduate School for the specific terms they wish to address. The final terms of the agreement will be stipulated in a Formal Scholarship Agreement.

E.1.2 PROGRAM OF STUDY

Each student must prepare a Program of Study, a document, which lists all courses taken in pursuit of the degree. This is the formal statement of what is done to achieve the degree, the summary of all academic planning. The adviser and the committee are heavily involved in the development of the Program of Study. The Program of Study must be filed with the Graduate School before the time of the fourth regular semester registration. Students who fail to meet this requirement may be denied subsequent registration. For Track III Admission students, program of study forms (GS 6) GS Form 6 must be filed before the end by the end of the second week of the students’ first semester after admission to Graduate School. Courses listed and approved on this form for graduate requirements will be automatically excluded from the undergraduate degree program of the student. The Graduate School reviews each GS-6 program of study (GS form 6) and determines whether the program of study conforms to University policy. That is, an early graduation check is performed. Problems are reported to students so that they can be corrected at an early date.

G.7. CONDITIONS THAT AFFECT THE ASSESSMENT OF CHARGES

Track III students will be assessed tuition at the undergraduate rate until they have completed sufficient credits equivalent to those needed for the towards their baccalaureate degrees after which they will be assessed tuition at the graduate rate. Such students likewise become eligible to hold Graduate Assistantships at the same transitional time.

Rationale:
The purpose of creating the CDP is to encourage students with strong scholarly and/or research interests to begin their master's or PhD programs during their senior year at CSU. A review of Track III policy showed inconsistencies as to how requirements and benefits of the program were communicated and enforced. The following changes are recommended:

- The purpose of the Track III option was initially created for defining combined degree programs, but was later defined as combined programs with undergraduate credit requirements of at least 125 credits. This update creates and defines requirements for CDPs and defines a subset of CDPs that require more than 121 undergraduate credits as Track III programs.
- These Bulletin changes make the double counting policy clear to all departments.
- This policy requires all programs to submit a one-time MOU to the GS that indicates they understand all of the Track III requirements and allows the GS to monitor student participation.
- Only 500 level courses may be double counted. This change makes the Track III policy consistent with the current University undergraduate exclusion policy.
- This policy adds the option of a bachelor’s/PhD program to the Track III policy.
The new policy simplifies the monitoring system for CDPs.

Subject: Department Name Changes within the College of Liberal Arts

The Committee on Faculty Governance submits the following amendment:

MOVED, THAT SECTION C.2.3.1.e OF THE ACADEMIC FACULTY AND
ADMINISTRATIVE PROFESSIONAL MANUAL BE AMENDED AS FOLLOWS:

Please note the language: additions underlined, deletions overscored.

e. College of Liberal Arts (last revised February 14, 2014)

Comprising the Departments of Anthropology; Art and Art History; Communication Studies; Economics; English; Ethnic Studies; Foreign Languages and Literatures; History; Journalism and Technical Media Communication; Music, Theater, and Dance; Philosophy; Political Science; and Sociology; and School of Music, Theater, and Dance.

1 Throughout the University Code the term "departments" shall include the School of Education, the School of Music, Theater, and Dance, and the School of Social Work.

Further that Journalism and Technical Communication shall be changed to the Journalism and Media Communication, and that Department of Music, Theater, and Dance shall be changed to School of Music, Theater, and Dance, wherever they appear in the Academic Faculty and Administrative Professional Manual.

Rationale:

The field of journalism and communication has changed drastically since the department was originally created. A study conducted by the department indicated that potential students did not understand what “technical communication” meant. The name change reflects more accurately what the department has to offer students.

The term “School” connotes the full range of performing arts activities in the discipline, from the skills and theory to a full complement of the practical application of those skills in a full season of public performances. The term “School” is also consistent with competing programs at other Universities.

Reports to be Received

Provost/Executive Vice President - Rick Miranda

Miranda reported the following:

A. Miranda reported that the Budget has been reviewed by the State Legislature and there have been no changes so far.

Roger Culver, College of Natural Sciences at–large, asked about the change from RamCT Blackboard to a new platform.

Miranda reported that CSU will switch to a new platform called Canvas over the next two years. Canvas has many advantages over Blackboard related to performance and cost. CSU will join a consortia of other Universities to utilize a number of software products, which include Canvas. Miranda noted that Canvas will be offered next academic year as a pilot program.

Mark Zabel, College of Veterinary Medicine and Biomedical Sciences, asked about the contract length with Canvas, and Mary Van Buren, Department of Anthropology, spoke in regards to faculty frustration with changing teaching platforms every few years. She added that faculty needs a teaching platform that will be around for long time.

C.W. Miller, College of Veterinary Medicine and Biomedical Sciences at-large, asked what faculty input was gathered prior to the decision to switch from Blackboard to Canvas. Stephanie Clemens, Chair of the Committee on Teaching and Learning, reported that her committee was involved in the Canvas discussions and provided input on the new learning platform.

Miranda acknowledged that the Canvas selection process was abbreviated compared to the Blackboard selection process, but this could not be helped due to the agreements within the consortia.

David Gilkey, College of Veterinary Medicine and Biomedical Sciences at-large, asked if usability assessments were evaluated in the selection of Canvas. Miranda responded that data from Canvas and Blackboard users show that Canvas performs better than Blackboard on every metric examined, including faculty and student usability.

Consent Agenda

A. UCC Minutes (2/14, 2/28; 3/14 and 4/11/14)

Carole Makela, Chair, University Curriculum Committee, moved that Faculty Council adopt the consent agenda.

Makela’s motion was adopted.

Action Items

A. Proposed revisions to the General Catalog, Section 1.3 – College Board Advanced Placement Program – UCC

Makela, Chair, University Curriculum Committee, moved that Faculty Council adopt the proposed revisions to the General Catalog, Section 1.3 – College Board Advanced Placement Program, to be effective upon approval by Faculty Council, as follows:

The University Curriculum Committee moves Faculty Council revise Section1.3 of the Catalog for the College Board Advanced Placement Program to include lower division credit for the AP Capstone Seminar and/or the Capstone Research Project. The Catalog copy change was approved by UCC, February 28, 2014.

A request to revise Advanced Placement language for the AP Capstone in the College Board Advanced Placement Program section 1.3 in the 2014-2015 General Catalog as approved.

New Catalog Copy

The College Board Advanced Placement Program

The Advanced Placement Tests administered by The College Board are used by the University to award credit and advanced placement in any of several fields in which a student may have participated in high school. Lower division credit (100-200) awarded is treated as transfer credit without a grade but is counted toward graduation and may be used in fulfilling specific lower division curriculum requirements.

The academic department responsible for the course in which test credit is granted will have determined what lower division equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the will not be considered or accepted.

Lower division credit (100-200) credit is granted for scores of four (4) or five (5) on the Advanced Placement Tests in government and politics, biology, computer science, English, environmental science, and human geography.

Lower division credit (100-200) credit is granted for scores of three (3) or higher in art, chemistry, Chinese, economics, French, German, history, Italian, Japanese, Latin, mathematics, music, physics, psychology, Spanish, and statistics. Scores of one and two are not granted credit.

Generic credit (no discipline identified) will be granted for the AP Capstone Seminar and/or the AP Capstone Research Project when a minimum score of four (4) is earned. The AP Capstone Seminar and the AP Capstone Research components may be re-evaluated by the teaching department in which the Seminar and Capstone most closely align for consideration of a direct equivalency of lower division credit. The department’s evaluation will be the final determination.

Go to the Registrar’s website at registrar.colostate.edu/students/transfer/index.aspx and select “Advanced Placement (AP) Exam Equivalencies” for a complete table indicating the courses for which credit is awarded.
Rationale:

Based on the type of experience and exam of the AP Capstone Seminar and/or the AP Capstone Research Project, these would most likely transfer to CSU as generic elective credits (lower division). The student would need to provide detailed information regarding their study path and curriculum to have these considered for re-evaluation by the teaching department.

B. Proposed Revisions to the Manual, Section B.2.6.2 – Procedures for Approval of CIOSUs; Section B.2.6.5 – Procedures for Periodic Evaluation of CIOSUs – CUP

Eric Prince, Chair, Committee on University Programs, moved that Faculty Council adopt the proposed revisions to the Manual, Sections B.2.6.2 – Procedures for Approval of CIOSUs, and B.2.6.5 – Procedures for Periodic Evaluation of CIOSUs, to be effective upon approval by the Board of Governors of the Colorado State University System as follows:

The Committee on University Programs MOVES that Sections B.2.6.2 and B.2.6.5 OF THE ACADEMIC FACULTY AND ADMINISTRATIVE PROFESSIONAL MANUAL BE REVISED AS FOLLOWS:

Please note the language: additions are underlined.

B.2.6 University Centers, Institutes, and Other Special Units (last revised June 21, 2011)

Centers, Institutes, and Other Special Units (hereinafter referred to as "CIOSUs") exist to promote teaching or research, provide academic support services, and/or perform service or outreach functions consistent with the mission of the University. The enhancement of undergraduate and graduate education is an important function of CIOSUs. However, CIOSUs do not have faculty positions that exist outside regular academic departments.

B.2.6.1 Definitions

The CIOSUs are units which extend beyond a single academic department. These units may be labeled "Center," "Institute," "Office," "Facility," "Program," or "Laboratory," but other labels may also be used as appropriate. A unit which is completely contained within a single academic department does not need to apply for CIOSU status as long as it indicates its departmental affiliation whenever its title is used.

B.2.6.2 Procedures for Approval of CIOSUs (last revised June 23, 2010)

Procedures for approval are intended to facilitate the establishment of appropriate CIOSUs and to avoid the
creation of programs that unnecessarily duplicate existing programs. Faculty members shall submit a proposal for the establishment of a CIOSU to their department head(s) and dean(s) for initial review and signature.

Administrative approval for a proposed CIOSU rests with the Overseeing Administrator, who may be the appropriate department head, dean, provost or vice president. It is important that the Overseeing Administrator be clearly identified and recorded as such on the CIOSU application form along with the required signature.

The proposal shall then be forwarded to the Office of Faculty Council, which shall forward a copy of the proposal to the Provost. The Provost shall act as or assign the Responsible Administrator for the proposed CIOSU based on its primary mission. The Responsible Administrator shall then review the proposal. If the Responsible Administrator endorses the proposal, the Office of Faculty Council shall then forward the proposal to the appropriate standing committee(s). If the standing committee(s) approve the proposal, then the Chair of Faculty Council shall forward this approval to the Responsible Administrator. The Faculty Council Executive Committee may act for the standing committee(s) during the summer. The final decision on approval of the CIOSU shall be made by the Responsible Administrator.

B.2.6.5 Procedures for Periodic Evaluation of CIOSUs

a. Biennial Reports

The Administrative Director of each CIOSU shall submit a brief biennial report of its activities and accomplishments to the

Overseeing Administrator and the Responsible Administrator. Copies of all biennial reports shall be deposited in the Office of the VPR, who shall be responsible for maintaining an updated list of all CIOSUs.

These reports shall include each of the following:

1. A list of current CIOSU faculty members and other personnel;

2. A brief description of the activities, services, or research performed, as related to the function/mission of the CIOSU in the past twenty-four (24) months;

3. A budget summary for the previous twenty-four (24) months;

4. A brief list of accomplishments and contributions, such as grants and contracts, refereed and non-refereed publications, and effects on teaching and outreach in the past twenty-four (24) months;

5. Plans for the next twenty-four (24) months.

b. After receiving the report, the Overseeing Administrator shall recommend one (1) of three (3) possible courses of action to the Committee on University Programs:

1. Continue the CIOSU with a recommendation either to reappoint the Administrative Director or to appoint a new Administrative Director, and with suggested changes (if any) in the mission, goals, objectives, and/or organization of the CIOSU.

2. Consolidate with existing CIOSUs with similar missions and goals. This recommendation shall require submission and approval of a new proposal for the consolidated unit.

3. Terminate the CIOSU. If there is loss of funding or key faculty members, or the CIOSU is otherwise deemed to be no longer appropriate, the recommendation may be made to eliminate the CIOSU.

c. If the Committee on University Programs finds the biennial report of a CIOSU under review incomplete or deficient in any significant way (as to the criteria listed under B.2.6.5 a.) or without the requisite recommendation and signature of its Overseeing Administrator it may further recommend that the CIOSU in question be discontinued as a university listed CIOSU. In this event the chair of the committee on university programs, in consultation with the Responsible Administrator, shall communicate the outcome in writing to the CIOSU.
director/s and the Overseeing Administrator, and invite a resubmission of the report or acceptance of its recommendation, with reference to the policies and procedures for CIOSUs oversight and review (B.2.6.3).

The Committee on University Programs shall report its recommendation to Faculty Council. After action by Faculty Council, the final recommendation for action shall be reported to the Responsible Administrator, who shall then decide what action to take.

RATIONALE FOR THE REVISIONS:

These revisions were approved by the Committee on University Programs as a response to the recommendations of the CSU System internal Audit of “Centers, Institutes, and Other Special Units” conducted from 2013-14. The scope of the audit was to:

1. Determine if controls for identifying CIOSUs are adequate
2. Determine if controls for overseeing CIOSUs are adequate
3. Determine if CIOSUs are in compliance with university policies and procedures.

The Committee on University Programs believes these revisions effectively address the audit recommendations.

Prince explained that the revisions were made to improve efficiencies in CIOSUs processes.

There was no discussion.

Prince’s motion was adopted.

C. Request to add Undergraduate Certificates policy and include it in Section 2.1 of the General Catalog – UCC

Makela, Chair, University Curriculum Committee, moved that Faculty Council adopt the new policy on Undergraduate Certificates for placement as Section 2.1 of the General Catalog, to be effective upon approval by Faculty Council, as follows:

The University Curriculum Committee moves Faculty Council approve the Undergraduate Certificates policy and include it in Section 2.1 of the General Catalog. The policy was approved by UCC, March 28, 2014.

A request to add Undergraduate Certificates to section 2.1 in the 2014-2015 General Catalog as approved.

New Catalog Copy

**Undergraduate Certificates**

Undergraduate Certificates are optional and are offered by certain departments. An undergraduate certificate consists of a minimum of 9 specified credits, and not more than 15 credits. A minimum of 9 credits must be course work at the upper-division level (300-400). A student must earn a cumulative GPA of 2.000 or better in the courses required in the Undergraduate Certificate.

An Undergraduate Certificate may include courses from one or more departments. For certificates involving courses from two or more departments, the coordinating department is indicated in the List of Undergraduate Certificates.

Students must apply for and complete the certificate requirements while enrolled in their baccalaureate degree. Undergraduate certificates by title are noted on the student’s academic record (transcript) at the time of degree conferral. The certificate title is not noted on the diploma.

**Rationale:**

A certificate is a directed academic qualification used to identify the successful completion of a focused area of study deemed important to a student’s career objectives. The transcripted Undergraduate Certificate focuses on a specific group of courses that enhance the student experience which are not available in the student’s major, concentration, minor or interdisciplinary minor.

The certificate credential consists of a minimum 9 credits and a maximum of 15 credits. At least 9 credits must be upper-division courses and students must earn a cumulative GPA of 2.000 or better in the courses
required in the Undergraduate Certificate to receive the credential.

In order to prevent transcript inflation, the proposing unit will need to indicate what majors, concentrations, minors and interdisciplinary minors may not be eligible to apply for the certificate. Students must apply for and complete the certificate requirements while enrolled in their baccalaureate degree. The certificate is awarded at the time of degree conferral.

Discussion: Antonio Pedros-Gascon, Department of Foreign Languages and Literatures, asked for clarification regarding the original State mandate to not offer undergraduate certificates.

Makela explained that previously, there was an opinion that 4-year institutions could not offer undergraduate certificates. Further research and inquiry resulted in a State decision that allows CSU to offer undergraduate certificates as long as the students were pursuing an undergraduate degree.

Makela’s motion was adopted.

D. New SAU – The School of Global Environmental Sustainability (SoGES) – UCC

Makela, Chair, University Curriculum Committee, moved that Faculty Council adopt the School of Global Environmental Sustainability (SoGES) as a new Special Academic Unit, to be effective upon approval by the Board of Governors of the Colorado State University System.

There was no discussion.

Makela’s motion was adopted.

E. New SAU – The Leadership, Entrepreneurship, Arts Advocacy and the Public (LEAP) Institute for the Arts – UCC

Makela, Chair, University Curriculum Committee, moved that Faculty Council adopt the Leadership, Entrepreneurship, Arts Advocacy and the Public (LEAP) Institute as a new Special Academic Unit, to be effective upon approval by the Board of Governors of the Colorado State University System.

There was no discussion.

Makela’s motion was adopted.

F. Proposed Revisions to the Manual, Section C.2.1 – Faculty Council – CoFG

If only one (1) candidate is nominated, voting can be by voice vote. The candidate receiving a majority of votes cast shall be elected. In the event that no candidate receives a majority, a second (2nd) ballot will consist of the two (2) candidates receiving the highest number of votes. On the second ballot, the candidate receiving the highest number of votes shall be elected.

C.2.1.3.4 Appointed Positions (last revised June 21, 2011)

These positions shall be non-voting, and the persons serving in them shall not be elected members of the Faculty Council.

a. Secretary

The secretary of the Faculty Council shall be appointed by the Chairperson, subject to confirmation by the Faculty Council at the first meeting each Fall semester. The secretary shall perform the usual duties of the office.

The Faculty Council shall have the authority to delegate to standing and other committees specific duties such as the manner of grading students and other means of designating scholarship, rules governing student conduct and discipline, and other particulars relating to the government of the University given to the faculty by law. Recommendations for changes in Faculty Council policies ordinarily originate in or channel through one (1) of the standing committees of the Faculty Council.

C.2.1.6 Duties of the Faculty Council

The duties of the Faculty Council shall be those delegated to the faculty by the acts of the Colorado General Assembly establishing the Board, except such provisions as obviously have become obsolete through changed conditions which make them no longer applicable.

C.2.1.7 Recall of Faculty Council Officers

Faculty Council officers, members, standing committee chairpersons or members may be recalled as is provided in Robert's Rules of Order, latest edition. The President of the University shall appoint a member of the faculty who is not a member of the Department of Athletics and who does not hold the position of dean, vice president, or President to a one (1) year term as Faculty Athletics Representative.

C.2.1.9.1 Charge to the Standing Committees and Advisory Committees (last revised June 23, 2010)

There shall be regular and specialized standing committees and advisory committees of the Faculty Council, designated by name in the University Code. The purposes of these standing committees and advisory committees shall be to develop and recommend to the Faculty Council policies and positions on academic matters and to serve as sources of expert information for the main body. The main relation of each standing committee or advisory committee is with the Faculty Council itself, and the standing committees and advisory committees are formed to represent the interests of the Faculty Council. All policy recommendations of standing committees and advisory committees shall be transmitted through the Executive Committee to the Faculty Council for its action.

All standing committees and advisory committees of the Faculty Council shall receive appropriate items for consideration from any member of the University community. The receipt of each item shall be acknowledged and its disposition shall be reported to the initiator.

Each standing committee or advisory committee shall develop a set of operating procedures, which shall be made available to all members of the faculty through the Office of the Faculty Council. Further, all standing committees and advisory committees shall submit copies of their minutes to the Executive Committee and shall, at specified times, furnish annual reports to the Faculty Council.

The following shall be an advisory specialized standing committee of the Faculty Council: Committee on Non-Tenure-Track Faculty.

C.2.1.9.3 Membership and Organization (last revised February 14, 2014)

The membership of each standing committee or advisory committee is specified to fit the functions of that committee. Administrators, administrative professionals, classified staff, undergraduate student members representing the Associated Students of Colorado State University (ASCSU), and graduate student members representing the University Graduate Student Council shall be authorized for certain standing committees and advisory committees. Faculty membership on advisory specialized standing committees shall be limited to regular full-time, regular part-time, transitional, and nontenure track faculty members who do not hold an administrative appointment of more than half-time (0.5) at the level of assistant/associate dean or above. Faculty membership on regular standing committees shall be limited to regular full-time, regular part-time, and transitional faculty members who do not hold an administrative appointment of more than half-time (0.5) at the level of assistant/associate dean or above. A member of a standing committee or advisory committee who becomes ineligible shall cease to hold this position.

Each standing committee or advisory committee shall have a chairperson whose term of office is twelve (12) months beginning July 1. Each standing committee or advisory committee chairperson shall be elected by and from the membership of that committee. After members of standing committees and advisory committees are elected, as specified in Section C.2.1.9.4, the continuing and newly elected members of each standing committee or advisory committee, other than the Executive Committee, shall meet and elect a committee chairperson for the coming term before May 15. The committee members who are being replaced may attend this meeting, and they may speak, but they shall not cast votes for the new chairperson. However, if a newly elected committee member is unable to attend the meeting, then he or she may allow the committee member that he or she is replacing to cast a vote for the chairperson in his or her place.

Membership on standing committees and advisory committees of the Faculty Council shall be spread as widely as possible among faculty members so that newer members of the faculty may serve on these committees. Standing committee and advisory committee leadership shall be rotated as good judgment allows.

Standing committees and advisory committees are expected to consult regularly with those administrators, members of the faculty, or others who can provide information necessary for effective deliberation. Each standing committee or advisory committee may name ex officio or associate members who are expected to attend committee meetings regularly. The appointments shall be reviewed by the standing committee or advisory committee annually. Each standing committee or advisory committee shall identify in its annual report to the Faculty Council its ex officio and associate members and others with whom it has regularly conferred. All ex officio and associate members shall be non-voting.

Standing committees and advisory committees shall convene subcommittees as needed to consider specific issues or perform specific tasks. These subcommittees shall exist to serve the standing committees and advisory committees. A subcommittee of a standing committee or advisory committee shall be chaired by a member of that committee, but may draw other members from throughout the University as appropriate.

The Chairperson of the Executive Committee shall be an ex officio, non-voting member of each standing committee and advisory committee of the Faculty Council.

Unless otherwise specified in the committee's operating procedures, for transacting business at standing committee and advisory committee meetings, a quorum is defined as a simple majority of the voting members.
The elected chairperson of the standing committee shall serve as an *ex officio* voting member of the Faculty Council for the duration of his or her term as chairperson. The chairperson may designate a committee member to substitute as *ex officio* voting member provided prior notice is given to the Chairperson of Faculty Council. In the event that an advisory committee member who is not a member of Faculty Council is elected chairperson of the advisory committee, this individual shall serve as an *ex officio* non-voting member of the Faculty Council for the duration of his or her term as chairperson.

Unless otherwise specified by the University Code, the terms of service for all elected faculty members of standing committees and advisory committees of the Faculty Council shall be three (3) years with terms of approximately one-third (1/3) expiring each year. An exception is the Executive Committee, where faculty members serve one (1) year terms. The terms of service for all elected student members of standing committees and advisory committees of the Faculty Council shall be one (1) year. Terms of office for newly elected members of all standing committees and advisory committees are to begin July 1 for faculty members and October 25 for student members. Student members may serve on at most two (2) standing committees and/or advisory committees at any given time. The Committee on Faculty Governance shall fill vacancies on standing committees and advisory committees of the Faculty Council occurring between normal elections in one (1) of the following ways:

a. Immediate election in the same manner as the original position was filled.

b. Temporary appointment by the Committee on Faculty Governance.

c. Regular appointment with the appointee to be nominated by the Committee on Faculty Governance and approved by the Faculty Council.

Vacancies other than those occurring because of expiring memberships are to be filled for the unexpired terms only.

Nominations for the elected faculty membership on all standing committees and advisory committees other than Executive Committee (see Section C.2.1.9.5.a) shall be made by the Committee on Faculty Governance, with the slate of nominees to be placed on the agenda of the April meeting of Faculty Council. Nominations may be made from the floor. Voting shall be by written ballot unless otherwise specified. If only one (1) candidate is nominated, voting can be by voice vote. Election shall be by plurality. In the event of a tie for any position, the Faculty Council shall ballot again at the next regular meeting.

Nominations of undergraduate students to standing committees of the Faculty Council shall be made by the ASCSU Director of Academics with the advice and consultation of the President and the Vice President of ASCSU. All such nominees shall be recommended to the ASCSU Senate and shall have majority approval of the ASCSU Senate before the nominations are forwarded to the Faculty Council Committee on Faculty Governance for inclusion on the ballot.

Nominations of graduate student members to Faculty Council standing committees shall be made by the University Graduate Student Council. Graduate student nominations shall be forwarded to the Faculty Council Committee on Faculty Governance for inclusion on the ballot.

Student nominations shall be submitted to the Faculty Council at its October meeting. After nominations have been closed, a vote shall be taken on the floor of the Faculty Council. In the event of a tie, the Faculty Council shall vote again. Election shall be by plurality.

Each such committee shall provide one (1) or more nominees for this position to the Committee on Faculty Governance for possible inclusion on the ballot.

2. If fewer than six (6) units from among the colleges and the Libraries have such committees, then additional non-tenure-track faculty members shall be selected to provide a total of six (6) non-tenure-track faculty members. These nominations shall be sought from the University community by the Committee on Faculty Governance.

3. Two (2) regular faculty members shall be selected from two (2) different units from among the colleges and the Libraries. The Committee on Faculty Governance shall provide nominees for these two (2) positions after calling for volunteers.

The duties of this specialized standing advisory committee shall be to recommend to the Faculty Council:

1. Policies defining the general responsibilities of non-tenure-track faculty to the University, college, and department.

2. Policies related to the standing of non-tenure-track faculty.

Rationale

The proposed revisions:

- Change the name of the current Faculty Council “Standing Committee” to “Regular Standing Committee”, but change nothing in composition or function of these Standing Committees
- Change the name of the current “Advisory Committee” to “Specialized Standing Committee”
- Give the Specialized Standing Committee a vote in Faculty Council exercised by making the Chair of the Specialized Standing Committee or a designated substitute an ex officio voting member of Faculty Council
- Alters the language in the Manual regarding “Advisory Committee” accordingly

The language in the Manual regarding Advisory Committee and the experience of two years shows that Advisory Committees operate exactly in the same way as a Standing Committee with two exceptions: (1) the membership of an Advisory Committee includes Regular and Non-Tenure Track Faculty selected in a specialized procedure; and (2) Standing Committees may exercise a vote in Faculty Council through the Chairs of the Committees (or designated substitutes) serving as ex officio voting members of Faculty Council while Advisory Committees cannot do this.

Regarding the proposed name change: The CoFG believes that the proposed label “Specialized Standing Committee” provides a much more accurate and appropriate description of the responsibilities and functions of said committees than the current label “Advisory Committee”. Adopting the proposed label leads to considerable simplification of the language in the Manual regarding Faculty Council Committees (see the numerous deletions). The proposed label is also more appropriate given that the CoNTTF, which is the only Advisory Committee at present, is operating on a permanent basis with a regular election procedure that is carried out by the CoFG.
Regarding the proposal to make the Chair of a Specialized Standing Committee (or a designated substitute) an ex officio voting member of Faculty Council: The CoFG believes that any Committee appointed on a permanent basis by Faculty Council and designated by Faculty Council to consider Faculty Council business up to and including introducing proposals to change the Manual in Faculty Council should be given the ability to exercise a vote on Faculty Council on motions introduced by the said Committee.

We note that this proposal gives the Chair of a Specialized Standing Committee (or a designated substitute) a vote in Faculty Council because they serve as a representative of the Committee. The individual person is not given a vote and this proposal does not give non-tenure track faculty members voting rights in Faculty Council as individuals. This motion does not set a precedent of awarding voting rights in Faculty Council to non-tenure track faculty. Instead, it recognizes that Faculty Council interests, responsibilities, and operations can best be served in specialized cases by appointing Standing Committees with correspondingly specialized composition. The proposal was also approved by the Committee on Non-Tenure Track Faculty (CoNTTF).

Discussion: Antonio Pedros-Gascon, Department of Foreign Languages and Literatures, asked for the rationale of the Code change. Lunde explained that the change in the type of committee for the Committee on Non-Tenure Track Faculty (from advisory committee to a special committee) will allow the Chair to serve as a voting member of Faculty Council.

Lunde’s motion was adopted by the required 2/3 vote.

Enrollment Status

Enrollment status at CSU (full-time, three-quarter time, half-time, less-than-half time) is determined by the number of credits which the student has completed or is pursuing for the term in which the verification is requested. Credits from which the student has withdrawn or is auditing are not included. (The following schedule for enrollment status differs from the full-time/part-time schedule for tuition and fees. Groups such as Co-op programs may have a different definition of enrollment status and should be verified with the program. Details may be found at www.registrar.colostate.edu/tuition-fees ). RATIONALE:
Recently, the U.S. Department of Education’s Federal Student Aid (FSA) office issued a Dear Colleague Letter (DCL) and an Electronic Announcement regarding changes they are making to the enrollment reporting process. One of the pending changes adds the ability to officially report the three-quarter time enrollment criteria. This has been an existing status for students on Federal Financial Aid and now is an available status for all students in reporting and will be officially reported via the National Student Clearinghouse as well as reflected on the students Enrollment Certificate.

This new category will help other student populations such as Veterans receiving Education Benefits (GI Bill), sponsored students, etc. who are allowed to receive money based on a three-quarter time status. Additionally, adding the existing definition of less-than-half time status will be more transparent to students as how their enrollment status is being reported to The National Student Clearinghouse.

I. Proposed Revisions to the Graduate and Professional Bulletin, Section E.6 – Graduate Certificate Program – CoSRGE

Mark Zabel, Chair, Committee on Scholarship, Research and Graduate Education, moved that Faculty Council adopt the proposed revisions to the Graduate and Professional Bulletin, Section E.6 – Graduate Certificate Program, to be effective upon approval by Faculty Council, as follows:

THE COMMITTEE ON SCHOLARSHIP, RESEARCH AND GRADUATE EDUCATION MOVED on April 3, 2014 THAT FACULTY COUNCIL ADOPT THE REVISIONS TO Section E: “Graduate Study” of the Graduate and Professional Bulletin. The Graduate Certificate Program will be inserted as E.6 “Graduate Certificate Program”. The current E.6 will move to E.7 and so on for the rest of this section.

Please note the language: additions underlined

E.6 Graduate Certificate Program

a. Graduate Certificates history/future context
   i. Colorado Department of Higher Education has indicated that CSU’s statutory role and mission permits it to offer “Graduate Certificates” for a series of graduate courses taken by post-baccalaureate students.
   ii. HLC requires that all CSU credit-based credentials are approved through the curricular process.
   iii. Only the University, as an institution, will officially award Graduate Certificates. All certificates will be titled and recorded as “Graduate Certificate in (name of certificate program)” on the transcript upon completion of the Graduate Certificate requirements.
   iv. Only Graduate Certificates approved through the curricular process can be advertised and awarded. No unit on campus shall advertise Graduate Certificates not approved through the curricular process.
   v. With the creation of transcripted credit bearing Graduate Certificates, certificates of completion for credit bearing courses will cease to exist; however, students enrolled in such programs will be allowed to complete their programs. Certificates of Completion for non-credit bearing courses may continue.

b. Principles
   i. General
      1. Students must have proof of an official undergraduate baccalaureate or equivalent degree to enroll in a Graduate Certificate program.
      2. Matriculated/graduate degree seeking students and guest/non-degree seeking graduate students (guests) may participate in Graduate Certificate programs.
      3. Graduate courses must be taken at CSU and specifically identified as fulfilling requirements for the Graduate Certificates. Courses may not be transferred in from another institution as part of a Graduate Certificate. There will be no course waivers or substitutions to meet certification requirements.
      4. Graduate Certificates must be completed within 10 years. Courses to be applied toward fulfilling the requirements for a Graduate Certificate must have been registered for and
Faculty Council Meeting Minutes
May 6, 2014 — page 22

completed within the 10 years immediately preceding the date of completion of requirements for the certificate.

5. For conferral purposes, a student’s GPA for the cumulative Graduate Certificate coursework must be a minimum of 3.0.
   a. Students must earn a minimum of a “C” in all certificate work.
   b. Students may not take a course more than twice during the certificate process in order to enhance their grade for the course or GPA for the overall certificate.

6. Graduate courses completed as an undergraduate may not be applied toward a Graduate Certificate per CDHE’s ruling.

ii. Degree seeking/matriculated students
    1. Will be eligible for a transcripted Graduate Certificate whether the certificate credits are offered within the required coursework or outside of it.
    2. If a second or subsequent Graduate Certificate is earned, it must be earned with credits beyond those required in the first Graduate Certificate.
       a. No graduate courses can be counted toward more than one Graduate Certificate.
       b. The Graduate Certificate coursework may count toward the degree if it meets the curriculum requirements of the degree. Not all Graduate Certificate coursework will meet the requirements for a graduate degree.

iii. Non-degree seeking (guest) students
    1. May apply for admission to a graduate degree program; however,
       a. successful completion of the course(s) within a Graduate Certificate or the award of a Graduate Certificate does not guarantee admission to a graduate degree program.
       b. Courses completed as part of a Graduate Certificate may be applied to the degree if the courses meet the degree requirements. Not all Graduate Certificate coursework will meet the requirements for graduate degrees.
    2. If a student chooses to apply to a graduate program after completing a Graduate Certificate, the Graduate Certificate will be indicated as such on the student’s transcript. The Graduate Certificate coursework may count toward the degree if it meets the curriculum requirements of the degree, and program and Graduate School approval. Once a student earns a Graduate Certificate s/he will retain it (with the exception of violation of academic integrity or other similar violations) upon matriculation into a graduate program. Please note: only graduate coursework with grades of “B” or better included in Graduate Certificates has the potential to be considered as fulfilling the requirements, in part, of a CSU graduate degree.

D. Graduate Certificate standards and development process
   a. Standards
      i. 9 graduate credit minimum, 15 credit maximum in regular (00-79) credit bearing courses at the 500 level or above. Departments proposing a Graduate Certificate with 16 or more credits must provide a compelling reason to the University Curriculum Committee (UCC) to exceed the standard.
      1. Guest students who have completed a Graduate Certificate (GC) that includes more than 9 credits may petition to apply all GC credits (with grades of B or better) into a graduate degree program if the credits meet the curricular requirements of the graduate degree program and the department approves.

   ii. All Graduate Certificate coursework must be traditionally graded.

   iii. The Graduate Certificates must meet the following standards:
       1. Include a coherent academic experience from 9-15 credits that has a stand-alone professional or marketable value.
       2. Denote a knowledge base or skill set from one or more subject codes in an area with intrinsic significance.
       3. Meet recognized criteria for a legitimate educational experience through the CSU curricular review process.
       4. Have a different name than degree programs, specializations, or interdisciplinary studies programs.

   iv. Academic units that wish to convert Graduate Certificates of Completion to meet the criteria of Graduate Certificates must submit a Graduate Certificate proposal through the curricular review process. Current Graduate Certificates of Completion for credit bearing coursework will not be grandmothered; certificates of
completion for credit bearing coursework will cease to exist once the Graduate Certificate is approved; however, students enrolled in such program will be permitted to complete their programs.

1. Each academic unit that offers a Graduate Certificate is responsible for its accurate description.
2. The Graduate School and the requirements of the Graduate and Professional Bulletin policies will apply unless indicated otherwise.

v. Certificate development process

1. If requesting resources, the Graduate Certificates request must go through Phase 0, 1, and 2 of the New Program Development Process.
   a. Upon approval of the COD and Provost, the Graduate Certificates will be referred for consideration to the following bodies: College Curriculum Committee(s) (CCC), CoSRGE, CoSFP, UCC, FC.

2. To propose a Graduate Certificate that does not require new resources, the steps followed will be identical to the process used to propose a specialization within a graduate degree. As in the specialization process, the Graduate Certificates will be considered by the following bodies: the appropriate College Curriculum Committee(s), CoSRGE, UCC, and FC.
   a. Proposers will be required to include the following information on the designated form:
      i. Name of Graduate Certificate
      ii. Name of academic unit proposing
      iii. Course subject codes, numbers, names, credits, total number of credits proposed for inclusion
      iv. Rationale for courses to be packaged as a Graduate Certificate. Please address:
         1. Target audience
         2. Nature of the coherent academic experience that has a stand-alone professional or marketable value
         3. Inherent knowledge base or skill set in an area with an intrinsic significance

v. Appropriate signatures from:

1. Academic units
   a. Proposing and those whose courses are included
2. Department head and college curricular committee

E. Student Graduate Certificate application and conferral process

a. General
   i. Degree seeking/matriculated and non-degree seeking/guest students must apply and be admitted into a Graduate Certificate program so they can be identified and tracked.
      1. Degree seeking students must meet and maintain the conditions required to be enrolled as a graduate student at CSU. 2. Non-degree seeking/guest students are required to have an undergraduate degree. There are no other general admission policy requirements; however, individual programs may impose additional restrictions.
         i. If students are not continuously enrolled in the certificate program, they must reapply.
   ii. Graduate Certificates will be conferred on the same dates that degrees are conferred. Refer to the degree conferral policy in the CSU General Catalogue. Conferral only occurs three times each year, after the conclusion of the fall, spring, and summer terms. The conferral date is the date which will be posted on the official transcript.

b. Matriculated/degree-seeking students
   i. must apply for the Graduate Certificate to be conferred during the semester in which they complete the final credits of the Graduate Certificate or after, as long as they are enrolled at CSU in their degree program. The Graduate Certificate conferral application deadline will be posted on the GS website for each term. Students must be admitted to the Graduate Certificate program and enrolled at CSU the semester they complete the Graduate Certificate. Upon completion of the Graduate Certificate and appropriate forms, it may be transcripted at the next degree conferral date.

c. Non-degree seeking/guest students
   i. must apply for Graduate Certificates to be conferred during the semester in which they complete the final coursework of the Graduate Certificates. The Graduate Certificate conferral application deadline will be posted on the GS website for each term. Once a student is no longer enrolled at CSU s/he may no longer apply for or be awarded the Graduate Certificate.
F. **Administrative issues**
   a. Graduate Certificates will be printed through a process created by the Registrar’s Office and Graduate School. No other units, under any circumstances, will be authorized to print Graduate Certificates.
   
   b. Only academic and special academic units can bring Graduate Certificate proposals forward.
   
   c. Other issues and requirements:
      i. An application fee will be required to support program operations.
      ii. The requirements for any academic program including Graduate Certificates offered by the University must be described accurately and completely in any and all forms of communication with students, prospective students, and the public. This includes both printed and electronic documents, including Web sites, brochures, student handbooks, advising check sheets and the General Catalog. The requirements shall be described accurately and completely as they have been approved by CoSRGE, University Curriculum Committee and Faculty Council. Any program of study that leads to an academic credential conferred by the University is covered by this requirement, including undergraduate and graduate degrees, concentrations, specializations, Graduate Certificates, minors, options, and interdisciplinary studies programs. Department heads and chairs (or the responsible individual for other academic units) are responsible for ensuring that all such communications comply with this policy.

**Rationale:**
A certificate is a directed academic qualification used to identify the successful completion of a focused area of study deemed important to a student’s career objectives. The transcripted Graduate Certificate focuses on a specific group of courses that have a stand-alone professional or marketable value which enhances the student experience.

The certificate credential consists of a minimum 9 credits and a maximum of 15 credits of graduate level courses. Students must earn a cumulative GPA of 3.000 or better in the courses required in the Graduate Certificate to receive the credential.

Students must have completed their baccalaureate degree prior to applying for a Graduate Certificate. The certificate is awarded at the end of each semester along with degree conferrals.

There was no discussion.

Zabel’s motion was adopted.

J. **Proposed Revisions to the Manual, Section D.2.1 – Benefits Committee; Section D.5.3 – Appointments; and Section D.7 – Conditions of Employment – CoRSAP**

David Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual, D.2.1 – Benefits Committee; Section D.5.3 – Appointments; and Section D.7 – Conditions of Employment, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

Please note the language: additions **underlined,** deletions **overlined.**

**D.2.1 Benefits Committee (last revised June 23, 2010)**

The Benefits Committee advises the University administration regarding benefit programs for faculty and administrative professionals. The Benefits Committee consists of four (4) faculty members, four (4) administrative professionals, a retired faculty member or administrative professional, and the Chair of the Classified Personnel Council as an ex officio non-voting member. At least one (1) representative of the faculty and one (1) representative of the administrative professionals shall be elected each year. Each representative on the Benefits Committee shall serve a three (3) year term. The retired faculty or administrative professional shall serve a three (3) year term and shall be appointed by the Provost, based on nominations from retirees. Faculty members shall be nominated by the Faculty Council Committee on Faculty Governance who shall provide nominees for election by the Faculty Council. Administrative professionals shall be elected by the Administrative Professional Council. Terms of office shall begin on July 1. The Chair of the Benefits Committee shall present an annual report to
D.5.3 Appointments of Administrative Professionals (*last-revised-June-22, 2006*)

D.5.3.1 Types of Appointments (*last-revised-March-19, 2002*)

Administrative professional appointments may be regular full-time, regular part-time, special full-time, special part-time, or temporary. Full-time appointments are used for full-time nine (9) or twelve (12) month appointments, and part-time appointments are used for appointments of less than full-time, but at least half-time (0.5). For regular and special appointments, no termination date need be stated on an appointment form since such appointments are "at-will" (see Section D.5.6), and the inclusion of any termination date on such forms is for administrative convenience only. Special appointments are normally used when positions are supported by sponsored programs or when funds are available only for the duration of the specific assignment. Regular and special administrative appointments are same as regular and special academic appointees (see Section G). Temporary appointments are used for full-time and part-time appointments of less than nine (9) or twelve (12) months and for all part-time appointments less than half-time (0.5). Temporary appointees are eligible for privileges and benefits as defined in Section G. Temporary appointees of half-time (0.5) or greater are eligible for sick leave (see Section F.3.2) after one (1) year of employment.

Administrative professional appointments are at-will, regardless of whether an end date is indicated on an appointment form, and may be made as follows:

a. Regular: 9-month or 12-month appointments may be either full-time or part-time of at least half-time or greater without a fixed termination date. Part time appointments of half-time or greater earn benefits equal to those of full-time appointees of the same type.

b. Special: Appointments with a specified end date, for positions supported by sponsored programs or when funds are available only for a specified duration. A special appointment may be either full-time or part-time of at least one-half time or greater and the same benefits accrue as for regular appointments of the same type.

c. Temporary: Full-time and part-time appointments of less than 9 or 12 months and all part-time appointments of less than half time.

For benefits information for all appointment types, see the Human Resources Manual, section 2 and the Administrative Professional Benefits and Privileges Handbook.

D.7.7.3 Disclosure of Conflicts of Interest When Substantial Discretionary Functions are Exercised (*last-revised-June-23, 2010*)

The Board deems such an interest to exist if a person or a member of his or her immediate family is affiliated with an external organization and (1) is an officer, director, trustee, partner, agent, or employee of the organization; (2) is the actual or beneficial owner of more than five (5) percent of the stock or controlling interest of the organization; or (3) has any other direct or indirect dealings with the organization from which the person or family member knowingly is materially benefited by receiving, directly or indirectly, cash or other property (exclusive of dividends and interest) in excess of the amount specified by the Board Manual of Policies and Procedures.

2 "Immediate Family" includes the employee's spouse, domestic partner (as defined by the University policy and implemented by Human Resource Services under the University's benefits plan) or civil union partner (as defined in C.R.S. §14-15-103) and legal dependents (as defined by the Internal Revenue Code). “Spouse” means a person who is legally married to an Eligible Employee, including a common-law spouse or same-gender spouse when the applicable jurisdiction’s law recognizes such marriages.

Rationale: Appointment definitions and conflict of interest related to benefits - necessary changes provided by Human Resources Service Center and Policy and Compliance Office.

Greene announced an amendment to the proposal presented in the Agenda packet, specifically the deletion of a comma in Section D.5.3. The motion to be considered was displayed on an overhead projector.

Discussion: Jennifer Aberle, Chair of CoNTTF, asked if senior teaching appointments should be included in the list of Appointments in Section D.5.3. Greene clarified that the Section D.5.3 applied only

to Administrative Professionals and therefore did not include non-tenure track faculty.

Greene’s motion was adopted.

K. Proposed Revisions to the Manual, Appendix 3 – Family Medical Leave Policy – CoRSAF

Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual, Appendix 3 – Family Medical Leave Policy, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

Please note the language: additions underlined, deletions overlined.

APPENDIX 3: FAMILY MEDICAL LEAVE POLICY (last revised August 2, 2013)

Introduction

Colorado State University (CSU) recognizes that its faculty and staff strive to balance the responsibility of their work and personal lives. This Family Medical Leave Policy is designed to support those efforts and to comply with the provisions of the Family Medical Leave Act of 1993 (FMLA), as later amended, and applicable implementing regulations including the State of Colorado’s Family Care Act (FCA). Much of the language in Appendix 3 is taken from the FMLA of 1993 and later amendments as of March 2013 and the FCA, which is effective August 2013.

This Appendix provides rules and guidance for the use of Family Medical Leave (hereinafter referred to as “FM Leave” for these needs. Additional procedures, guidelines and forms for applying for FM Leave, recording the use of such leave in the university’s HR system, and working with employees to assure that this policy is correctly and consistently followed, are prescribed by Human Resources.

FM Leave is not a form of paid leave; it is a job protection benefit afforded by the university in accordance with the law. In order for any period of FM Leave to be taken as paid leave, the employee must concurrently use another type of accrued leave, such as sick or annual leave, in accordance with the university’s policies and procedures for that type of leave. If an employee is entitled to FM Leave but has insufficient accrued, applicable, paid leave benefits available for the full period of absence, then the remaining period of FM Leave will be unpaid.

Covered Appointment/Employee Types

All CSU appointment/employee types other than State Classified personnel, including those with faculty, administrative professional, graduate assistant, veterinary resident, post-doctoral fellow, veterinary or clinical psychology intern, student or non-student hourly appointments (including work study), or a combination thereof, are covered by this policy and are eligible for Family Medical Leave (hereinafter referred to as “FM Leave”) in accordance with the criteria listed below under “Eligibility.” FM Leave policies for State Classified employees are contained in the procedures adopted by the Executive Director of the State Department of Personnel and Administration.

Eligibility

Any CSU faculty member or employee, other than State Classified personnel, who has been appointed or employed at CSU for at least twelve (12) months and who has worked at least 1040 hours during the twelve (12) months immediately preceding the commencement date of the leave (hereinafter referred to as an "Eligible Employee") is eligible for FM Leave under this policy for the purposes set forth below under "Entitlement to FM Leave." The appointment or employment may have been in one (1) or any combination of the covered appointment/employment categories listed above. Faculty members with regular, special, or senior teaching nine (9) month appointments of half-time (0.5) or greater and administrative professionals with regular or special nine (9) month appointments of half-time or greater are deemed to meet the 1040 hour standard, assuming that all other eligibility criteria are met.
Throughout Appendix 3, the term "Child" shall include biological children, adopted children, foster children, stepchildren, and legal wards of either the Eligible Employee or the Eligible Employee's spouse or domestic partner, as well as any person for whom either the Eligible Employee or the Eligible Employee's spouse or domestic partner is standing in loco parentis, provided that the "Child" is under eighteen (18) years of age and/or is incapable of self-care because of a mental or physical disability.

As used in this Appendix 3, the following definitions shall apply:

a. "Spouse" means a person who is legally married to an Eligible Employee, including a common-law spouse or same-gender spouse when the applicable jurisdiction's law recognizes such marriages.

b. "Child" includes biological children, adopted children, foster children, stepchildren, and legal wards of either the Eligible Employee or the Eligible Employee's Spouse, domestic partner, or civil union partner, as well as any person for whom either the Eligible Employee or the Eligible Employee's Spouse, domestic partner or civil union partner is standing in loco parentis, provided that the child is under eighteen (18) years of age and/or is incapable of self-care because of a mental or physical disability.

c. "Domestic partner" has the meaning defined under the University's benefits plan.

d. "Civil union partner" has the meaning defined in C.R.S. §14-15-103.

Entitlement to Family Medical Leave

An Eligible Employee is entitled to up to twelve (12) work weeks of FM Leave during a rolling twelve (12) month year that begins on the first date the Eligible Employee uses FM Leave. These twelve (12) work weeks of FM Leave do not need to be consecutive. The Eligible Employee is not expected to "make up" the time taken as FM Leave. FM Leave may be taken for any one (1) or a combination of the following reasons:

a. The birth of a Child to the Eligible Employee or the Eligible Employee's spouse, domestic partner or civil union partner and care for the newborn Child. In this case, the FM Leave must be completed within twelve (12) months of the date of birth.

b. The placement of a Child for adoption or foster care with the Eligible Employee or the Eligible Employee's spouse, domestic partner or civil union partner and care for the newly placed Child. In this case, the FM Leave must be completed within twelve (12) months of the date of placement.

c. Care for a spouse, domestic partner, civil union partner, Child, or parent with a serious health condition.

d. Inability of the Eligible Employee to perform one or more of the essential functions of his or her position because of his or her serious health condition.

Entitlement to Military Family Leave

An Eligible Employee may take Military Family Leave for a Spouse, domestic partner, civil union partner, Child, or parent on covered active duty or called to active duty status with the Armed Forces due to a "Qualifying Exigency," which is defined as one (1) of the following situations:

a. Advance notice of deployment that is one week or less.

b. Military events or related activities.

c. Urgent (as opposed to recurring or routine) childcare/school activities necessitated due to military service.

d. Exigent financial or legal tasks to deal with the family member's call to active duty.

e. Counseling for the Eligible Employee or a Child which is not otherwise covered by FM Leave provided by someone other than a healthcare provider if the need for the counseling arises from the covered active duty of a military family member.

f. Spending time with the service member on rest and recuperation breaks during deployment.
g. Post-deployment activities.

h. Other situations arising from the call to duty, as agreed upon by the Eligible Employee and his or her supervisor.

Note: The employee taking FMLA qualifying exigency leave does not need to be related to the military member’s child. However, (1) the military member must be the parent, spouse, domestic partner, civil union partner, or child of the employee taking FMLA leave, and (2) the child must be the child of the military member (including a child to whom the military member stands in loco parentis).

Entitlement to Military Caregiver Leave

An Eligible Employee who is the spouse, domestic partner, civil union partner, Child, parent, or next of kin of a service member in the Armed Forces is entitled to up to twenty-six (26) work weeks of Military Caregiver Leave during a rolling twelve (12) month year to care for the service member if he or she becomes seriously injured or ill in the line of duty. The service member must be undergoing medical treatment, recuperation, or therapy; be in outpatient care; or be on the temporary disability retired list. In addition to service members, this provision applies to a veteran undergoing medical treatment, recuperation, or therapy for an injury or illness that existed prior to the beginning of the veteran’s active duty, but was aggravated by service in the Armed Forces. The veteran’s discharge must have been other than dishonorable and must have been effective during the five (5) year period immediately preceding the date on which leave is to begin. The rolling year for Military Caregiver Leave begins on the first date that the Eligible Employee uses the Military Caregiver Leave, and this rolling year is distinct from the rolling year for any other FM Leave. However, the use of Military Caregiver Leave cannot cause the total use of all types of FM Leave to exceed twenty-six (26) work weeks during any twelve (12) month period.

Application for Family Medical Leave

In order to apply for FM Leave, the Eligible Employee must contact his or her supervisor and work with the supervisor to fill out the relevant paperwork. The supervisor shall review the paperwork and, in consultation with Human Resource Services, determine whether the circumstances warrant the use of FM Leave. The supervisor may request additional information, such as medical documentation, in order to make this determination. This determination regarding entitlement to FM Leave is based on whether or not the information provided demonstrates that the above criteria for FM Leave are met; other than this determination, University administrators do not have the discretion to approve or disapprove FM Leave.

In order to utilize FM Leave, the Eligible Employee must comply with his or her home department’s customary procedures for requesting leave. An employee may request FM Leave by contacting his or her supervisor to fill out the required forms provided by Human Resources. The supervisor will provide the Notice of Eligibility and Rights and Responsibilities to the employee and follow proper procedures to obtain sufficient documentation to determine whether an employee’s leave qualifies as FM Leave. Additional information, such as medical documentation, may be requested in accordance with the FMLA in order to make this determination. The supervisor shall review the request for leave and supporting documentation and then, in consultation with Human Resources, a determination will be made as to whether the circumstances warrant the designation of FM Leave. This determination is ultimately the responsibility of Human Resources. The supervisor has five business days (absent extenuating circumstances) to provide a Designation Notice to the employee after the receipt of sufficient information to indicate that FM Leave is warranted.

Unless it is not reasonably practical, an application for FM Leave must be submitted at least thirty (30) days prior to the start of the leave, and FM Leave for planned medical treatment must be scheduled so as to minimize disruption to University activities.

Intermittent or Reduced Family Medical Leave

FM Leave time may be taken on an intermittent or reduced-leave (or “reduced leave”) basis if this is approved by the department or unit head. A request for intermittent or reduced FM Leave that is due to the Eligible Employee’s own serious illness or the allow the Eligible Employee to care for a spouse, domestic partner, civil union partner, Child, or parent who is ill must be approved when this is determined to be medically necessary.
Paid/Unpaid Leave

FM Leave is unpaid leave, but pay may be provided by using accrued sick leave, accrued annual leave, short-term disability coverage, long-term disability coverage, and/or Worker's Compensation benefits concurrently with the FM Leave. The Eligible Employee must use sick or annual leave concurrently with FM Leave if such leaves are applicable and have not been exhausted (subject to the limits on the use of sick leave in Section F.3.2.2).

Eligible Employees may use accrued sick leave to provide care for and/or bond with a Child who is newly born to or newly placed for adoption or foster care with either the Eligible Employee or the Eligible Employee's spouse, domestic partner or civil union partner. The child need not be ill for the use of sick leave under these circumstances. Employees may also use sick leave to care for a spouse, domestic partner, civil union partner, Child or parent who needs medical care. Both males and females may use sick leave under either of these circumstances. See Section F.3.2.2 for more details regarding the use of sick leave.

CSU's short-term disability plan provides a continuation of income for enrolled Eligible Employees who exhaust all of their accrued sick and annual leave in the event of illness, injury, surgery, or pregnancy. These benefits begin only after a completed application has been received and approved by Human Resources Services. The maximum benefits period for short-term disability is sixty (60) days, and this period runs concurrently with the use of FM Leave, sick leave, and/or annual leave. Contact the Benefits Unit in Human Resources for more details regarding the use of short-term disability.

Use of Leave Without Pay - no changes

Required Use of Family Medical Leave

If an Eligible Employee takes leave other than FM Leave for a situation where he or she is eligible for FM Leave, then he or she must apply to take FM Leave concurrently with this other leave. Whenever an employee takes any type of leave that is covered under the FMLA as Family Medical Leave, the employee's home department is responsible for correctly entering the leave as FM Leave in the HR information system. FM Leave runs concurrently with all other types of leave taken (including Parental Leave, which may be taken anytime within the first twelve months from the Child's date of birth or placement for adoption).

Continuation of Benefits - no changes

Return from Family Medical Leave

An Eligible Employee granted FM Leave under this policy shall be returned to his or her same position, or a position of comparable pay and status, upon completion of the FM Leave, with the following exceptions:

a. An Eligible Employee whose employment is conditional upon having student status (e.g., a graduate assistant, a veterinary resident, or a student hourly employee) shall be returned to his or her former position or to a position of comparable pay and status upon completion of the FM Leave only if his or her student status at the time of return qualifies him or her for his or her former employment status.

b. An Eligible Employee whose appointment has a specified ending date which is earlier than the completion of the FM Leave or whose appointment would otherwise have terminated during the period of FM Leave may not be entitled to reinstatement in accordance with the provisions of the Family Medical Leave Act. Departments and units must coordinate refer questions regarding the status of returning employees to the Benefits Office Unit in Human Resources.

c. Medical documentation of the fitness to return to work may be required by the supervisor of the Eligible Employee, in consultation with Human Resources.

d. Any other reason which would have resulted in the proper and lawful termination of the employment during the period of FM Leave, other than the reason(s) for which FM Leave was taken. Examples include (but are not limited to): termination as a final result of a disciplinary action; termination for lack of a necessary credential or license; or inability to perform one or more essential functions of the job.

Effect of Family Medical Leave on the Tenure Process – no changes

1C.R.S. 8-13.3-203, the Colorado Family Care Act (FCA), provides that, in addition to the leave that an employee may be entitled to under the Family and Medical Leave Act, an eligible University employee is entitled to up to 12 weeks of unpaid leave in a 12-month period to care for a person with a serious health condition if that person is the employee’s civil union partner as defined in C.R.S. §14-15-103(5) or is the employee’s domestic partner who has satisfied the University’s criteria using the required affidavit. However, the statute states that such leave does not increase the total amount of FM Leave available to the employee; it runs concurrently with FM Leave.

Rationale: Changes at the federal level and CSU’s integration of Federal policy with CSU policy resulted in these changes drafted largely by CSU Human Resources Service Center and Office of Policy and Compliance.

Greene explained that the changes were necessary to bring the Leave Policy up to date with current federal regulations.

There was no discussion.

Greene’s motion was adopted.

L. Proposed Revisions to the Manual, Section E.2.1.5 – Temporary Appointments – CoRSAFE

Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual, Section E.2.1.5 – Temporary Appointments, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

Please note the language: additions underlined, deletions overlined.

E.2.1.5 Temporary Appointments (last-revised May 2, 2007)

Temporary faculty appointments may be either full-time or part-time and are distinguished from other types of appointments by the expectation that the appointment is for a specified period of time, at the end of which, it is anticipated that employment at the University will not be renewed in the foreseeable future. Part-time is defined as any fraction less than one hundred (100) percent of full-time. Further features of this type of appointment:

Conditions applicable to temporary appointments are:

a. Temporary appointments are "at will" and are subject to termination by either party at any time. The process set forth in Section D.5.6 regarding the termination of "at will" appointments applies to temporary faculty appointments. Temporary appointments need not carry specified ending dates, but an ending date indicating the point in the future when the funding and/or appointment is expected to terminate should be included when known. The inclusion of a specified ending date on an appointment form or other such documentation is for administrative convenience only and does not create a minimum or fixed duration of appointment.

b. Temporary appointees are not eligible for tenure.

c. Individuals receiving a temporary appointment for one (1) semester or less ordinarily are not enrolled in a retirement program (see Temporary appointees are required to enroll in the retirement program and if half-time or greater are eligible to participate in other benefits offered by the University as described in the Academic Faculty and Administrative Professional Benefits and Privileges Handbook published annually by Human Resources and in Sections F and G of the Manual. Eligibility for sick leave is defined in Section F.3.2. Temporary appointees are eligible for faculty privileges (see Section G). Temporary appointees are not eligible for sabbatical leave (see Section F.3.4.1).

Rationale: Necessary changes in retirement and benefits for temporary appointments provided by Human Resources Service Center and Policy and Compliance Office.

Discussion: Antonio Pedros-Gascon, Department of Foreign Languages and Literatures, asked about the impacts the proposed changes would have on temporary employees, and if their input was considered prior to preparing the
Robert Schur, Director of the Office of Policy and Compliance, responded that input was not really possible to gather and that the revision does not have a substantive impact on temporary employees. The changes that were made were for the purposes of cleaning-up the language. Schur added that if the revision had been a substantive policy change, his office would have gathered input from clientele and the revision would have been presented to the Cabinet.

Alex Bernasek, Faculty Council Board of Governors Representative, asked if temporary employees were already required to enroll in a retirement program, or if they would now be required once the Policy is approved.

Schur responded that the requirement to contribute to a retirement plan is required by law, and therefore the revision was to make the Manual in compliance with the law.

Diana Prieto, Executive Director of Human Resources and Equal Opportunity, added that CSU is not a Social Security employer, and thus all employees, even temporary employees, are required to participate in a retirement programs.

Faculty Council discussed the issue further. A major concern was the lack of clarity on whether temporary employees were already contributing to retirement plan (and therefore the proposed revision would not impact them) or if the proposed revision would cause them to now contribute to a retirement plan. Bernasek added that temporary employees are paid relatively little money and that their pay would be diminished by having to contribute.

Mary Van Buren, Department of Anthropology, asked when did the law come into place and what has changed that instigated the changes in the policy?

Prieto responded that she will try to find this answer and will respond to Gallagher, Chair of Faculty Council.

Antonio Pedros-Gascon, Department of Foreign Languages and Literatures, asked if input could be gathered from temporary employees.

Several Faculty Council members added that the context regarding the Manual change was unclear.

Antonio Pedros-Gascon, Department of Foreign Languages and Literatures, moved that the policy be returned to CoRSAF for further discussion.

Bernasek seconded the motion.

Mary Vogel, College of Liberal Arts at-large, asked if there is a body that represents temporary employees. If not, what realistic way is there to get input. Robert Gundmestad, Department of History, thought that such a body existed. Jennifer Aberle, Chair, Committee on Non-Tenure Track Faculty, responded that her committee represents temporary faculty.

Pedros-Gascon’s motion was adopted and the proposed revision was referred back to CoRSAF.

M. Proposed Revisions to the Manual, Section G.1 – Study Privileges; G.4 – Tuition Scholarship; G.5 – Benefits – CoRSAF

Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual, Section G.1 – Study Privileges; G.4 – Tuition Scholarship; G.5 – Benefits, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

Please note the language: additions underlined, deletions over scored.

G.1 Study Privileges (last revised August 2, 2013)

Under the following conditions, faculty members, administrative professionals, post-doctoral fellows, veterinary interns, and clinical psychology interns with appointments at half-time (0.5) or greater may register for credit courses at Colorado State University, Colorado State University-Global Campus, Colorado State
Faculty Council Meeting Minutes

University-Pueblo, and, subject to the terms of agreement between institutions, the University of Northern Colorado, on a space-available basis without the assessment of the student portion of total tuition or general fees to the employee.

a. The employee must obtain the written consent from the head of his or her administrative unit to register for specific courses. Ideally, courses taken as an employee under the Employee Study Privilege Program should contribute to the employee’s success at the University. This is one of several factors taken into account in determining whether or not the value of this benefit is taxable to the employee. Such determinations are made by Human Resources and Business and Financial Services, with reference to the Internal Revenue Code (26 U.S.C. sections 127, 132(d) and 117). However, supervisors may approve an employee’s use of the study privilege even if the subject matter is not directly related to current job duties.

b. Time off to attend courses taught during an employee’s scheduled work hours require approval of the supervisor, which should be granted unless there is no reasonable way for the employee to perform his or her duties at other times. Time off that is granted to attend courses in which an employee enrolls at the request of the department in order to improve job skills should be treated as administrative leave with pay.

c. Faculty members, administrative professionals, post-doctoral fellows, veterinary interns, and clinical psychology interns become eligible for this study privilege as soon as their employment begins.

d. The President shall set the maximum number of credits for which Eligible Employees are permitted to register per academic year, including the previous summer term, but it shall be at least nine (9) credits for employees with full-time appointments, at least seven (7) credits for employees with appointments from .75 time to .99 time, and at leave five (5) credits for employees with appointments from .50 time to .74 time.

Certain tuition and fees are not covered by the study privilege (e.g., tuition covered under COF, Special Course Fees, University Facility Fee and College Charges for Technology), so these must be paid by the employee at the time of registration. Fees not covered may include course fees, department fees, the University Facility Fee, University and College Technology Fees, and similar charges as may be imposed from time to time. Tuition and fees covered may include base tuition, differential tuition, and program charges. A waiver of the University Technology Fee and General Fee will be credited to the student account.

Only credit courses which are a part of the Colorado State University Curriculum, as defined by the Colorado State University General Catalog, are available under this benefit. These courses will be identified with a departmental course number. In particular, the study privilege does not cover the cost of continuous registration.

The Division of Continuing Education (“DCE”) offerings are included under this privilege if they are credit bearing at the institution; however, tuition for these courses may be higher than "Resident Instruction" tuition, in which case, the difference must be paid by the employee or by some other source. Courses that provide only continuing education units (CEUs) are not eligible. Faculty members and administrative professionals may enroll in academic credit courses (section numbers 700 or higher) listed on the Continuing Education website.

The above credit maxima include courses which are audited by the employee rather than taken for credit. Tuition will be assessed as soon as credits are taken in excess of the statement program maximum for the employee.

Contact the Department of Human Resources for more information.

G.4 Tuition Scholarship Program for Spouses, Domestic Partners, Civil Union Partners, and Children (last revised June 21, 2011)

The spouse, domestic partner, civil union partner, and Eligible Children of an Eligible Employee shall be qualified to receive a Tuition Scholarship if admitted to Colorado State University, Colorado State University Global Campus, or Colorado State University Pueblo and enrolled in a degree program or as a degree-seeking student with an undeclared major. This Tuition Scholarship Program is also available to students in programs such as Professional Veterinary Medicine, Teacher Certification, and Principal Licensure. The amount of this Tuition Scholarship shall be a fixed percentage of the undergraduate or graduate tuition that would be assessed to the student for regular on-campus courses at the in-state tuition rate, except for a student in the Professional Veterinary Medicine Program, whose scholarship shall equal this same percentage of the tuition assessed to in-state graduate students. This percentage shall be set by the President, but it shall be at least fifty (50) percent. Note that, in some cases, this Tuition Scholarship may be taxable income. Applications for this Tuition Scholarship must be
If a person dies while an Eligible Employee, his or her spouse, domestic partner, or civil union partner shall continue to be qualified for this Tuition Scholarship Program until six (6) years after the date of the death, and each of his or her Eligible Children shall continue to be qualified for this Tuition Scholarship Program until the Eligible Child reaches the age of twenty-six (26). For all cases of separation from employment of an Eligible Employee other than death, the spouse, domestic partner, civil union partner, and Eligible Children of the Eligible Employee shall cease to be qualified for this Tuition Scholarship Program at the end of the academic year in which the separation from employment occurs.

In exceptional circumstances, the Vice President for University Operations has the authority to grant eligibility to someone who might not qualify otherwise for eligibility.

For the purposes of Sections G.4 and G.5, the following definitions shall apply:

a. Eligible Employee shall mean and refer to all:

   1. faculty members and administrative professionals with regular, special, multi-year research, senior teaching appointments or transitional appointments of half-time (0.5) or greater and all non-temporary state-classified appointments of half-time (0.5) or greater. Faculty transitional appointments are eligible for the same benefit available to full-time academic faculty;
   2. administrative professionals with regular or special appointments of half-time (0.5) or greater; and;
   3. non-temporary state classified appointments of half-time (0.5) or greater.

b. "Eligible Child" shall mean and refer to biological children, adopted children, foster children, stepchildren, and legal wards of either the Eligible Employee or the Eligible Employee’s spouse, domestic partner, or civil union partner as well as any person for whom either the Eligible Employee or the Eligible Employee’s spouse, domestic partner, or civil union partner is standing in loco parentis, provided that the “Eligible Child” is under twenty-six (26) years of age.

c. "Spouse" means a person who is legally married to an Eligible Employee, including a common-law spouse or same-gender spouse when the applicable jurisdiction’s law recognizes such marriages.

d. “Domestic partner” has the meaning described under the University’s benefits plan.

e. “Civil union partner” has the meaning defined in C.R.S. §14-15-103.

G.5 Benefits (last revised August 12, 2009)

Faculty members and administrative professionals with specific appointment types are eligible for certain benefits as provided by the University with the approval of the Board. Such benefits may include a retirement plan, medical coverage, dental coverage, vision coverage, life insurance, disability insurance, tax-sheltered annuities, and other such benefits. These benefits may include coverage for immediate family members, domestic partners and civil union partners. Such benefits are subject to change by the University with the approval of the Board. Contact the Department of Human Resources Services for more information.

Rationale: Expansion and clarification of privileges and benefits - necessary changes provided by Human Resources Service Center and Policy and Compliance Office.

Discussion: Mary Van Buren, Anthropology, noted that the revisions seem restrictive rather than expansive, specifically that revised language stating that courses taken should add to the person’s success at the University. Greene noted that the rationale for expanding study privileges was to include more institutions in the study privilege. Greene noted that the language was approved by Human Resources and CoRSAF.

Greene’s motion was adopted.
Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual, Section F – Leave Policies, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

Please note the language: additions underlined, deletions overscored.

F.3.1.1 Annual Leave Accrual *(last revised June 4, 2008)*

Full-time faculty members on twelve (12) month regular, special, or senior teaching appointments, and administrative professionals on regular, multi-year research, or special twelve (12) month appointments earn annual leave at the rate of two (2) days per month.

Faculty faculty members on twelve (12) month regular, special, or senior teaching appointments, and administrative professionals on regular, multi-year research, or special twelve (12) month appointments of less than full-time but at least half-time (0.5) earn annual leave prorated by the part time fraction of their appointment. The accrual is rounded to the nearest 1/100 of an hour.

Employees who begin work after the first of a month or who terminate before the end of a month earn annual leave on a prorated basis as described in Section 2 of the Human Resources Manual the Personnel/Payroll Manual (Section 2).

Faculty faculty members and administrative professionals on nine (9) month appointments do not accrue annual leave. These individuals may, however, be granted leave on a limited basis throughout the academic year to include the interim term between semesters. Determination of this privilege shall be made by the department head.

No annual leave is earned by employees working less than half-time (0.5), employed on an hourly basis, or on temporary appointments. Postdoctoral fellows and graduate assistants are considered temporary employees.

Annual leave does not accrue during leave without pay or during sabbatical leave. Annual leave earned during periods of paid leave (annual, sick, injury, etc.) is not credited to the employee until he or she returns to work.

If an employee with accrued annual leave changes to an employment status that is less than half-time (0.5), without a break in service, the employee shall retain his or her accrued annual leave and the ability to use this annual leave for a period of one (1) year, provided he or she remains employed by the University. If the employee changes to a status that is again eligible to earn annual leave within the one (1) year period and without having his or her employment with the University terminated, then the accrued annual leave shall continue to be available for use by the employee.

F.3.2.1 Sick Leave Accrual *(last revised August 2, 2013)*

Full-time faculty members and administrative professionals on twelve (12) month appointments earn one and one-quarter (1.25) days of sick leave per month, cumulative with no maximum. One (1) day of sick leave is considered to be eight (8) hours of sick leave.

Full-time faculty members and administrative professionals on nine (9) month appointments earn one and one-quarter (1.25) days of sick leave per month, cumulative with no maximum. Full-time nine (9) month faculty members and administrative professionals who accept summer session appointments accumulate sick leave at the rate of one and one-quarter days (1.25) per month while on such appointment.

Faculty members and administrative professionals appointed less than full-time, but at least half-time (0.5) earn sick leave prorated by the part-time fraction of their appointment. Academic Faculty and Administrative Professionals on 12-month temporary appointments of half-time or greater are eligible to accrue sick leave benefits only after completing one year of continuous service. Nine-month temporary employees must have completed two consecutive semesters of continuous half-time or greater employment (excluding summer session) and be reappointed the subsequent academic year to become eligible. Post-doctoral fellows, veterinary interns, and clinical psychology interns on full-time nine (9) month or twelve (12) month appointments earn one and one-quarter (1.25) days of sick leave per month. Sick leave accrues and expires each fiscal year. One (1) day of sick leave is considered to be eight (8) hours of sick leave.
Post-doctoral fellows, veterinary interns, and clinical psychology interns with appointments of less than full-time, but at least half-time (0.5) earn sick leave each fiscal year prorated by the part-time fraction of their appointment. Sick leave accrues and expires each fiscal year.

No sick leave is earned by employees working less than half-time (0.5) or employed on an hourly basis. Graduate assistants do not earn sick leave.

Employees who begin work after the first of a month or who terminate before the end of a month earn sick leave on a prorated basis as described in Section 2 of the Personnel/Payroll Manual (Section 2)-Human Resources Manual.

The accrual of sick leave is rounded to the nearest 1/100 of an hour.

Sick leave does not accrue during leave without pay or during sabbatical leave. Sick leave accrued during periods of paid leave (annual, sick, injury, etc.) is not credited to the employee until he or she returns to work.

(This paragraph is effective August 1, 2014) At the time of initial employment, the employee shall receive an amount of sick leave equal to that which they are expected to earn during their first year of employment (as described above). This initial year of sick leave is an "advance" and must be earned before any additional sick leave shall accrue. It is possible that it will take the employee more or less than one (1) year to earn the amount of sick leave advanced and begin accruing additional sick leave (e.g., the employment status could change, or the employee could take leave without pay).

Post-doctoral fellows, veterinary interns and clinical psychology interns shall receive an amount of sick leave equal to that which they are expected to earn during their first year of employment (as described above). The sick leave "advance" is earned on a fiscal year basis and does not carry forward into the next fiscal year.

If an employee with accrued sick leave changes to an employment status that is less than half-time (0.5), without a break in service, the employee shall retain his or her accrued sick leave and the ability to use this sick leave for a period of one (1) year, provided he or she remains employed by the University. If the employee changes to a status that is again eligible to earn sick leave within the one (1) year period and without having his or her employment with the University terminated, then the accrued sick leave shall continue to be available for use by the employee. No sick leave is earned during the period in which the appointment is less than half-time.

F.3.2.2 Use of Sick Leave (last revised May 3, 2014)

A faculty member or administrative professional may use accrued sick leave for treatment of and convalescence from his or her own illness or injury. Illness includes treatment for alcoholism and drug addiction. In cases of extended sick leave absence, the faculty member or administrative professional may be required to furnish a physician's statement. Sick leave may be used for medical and dental appointments, including routine exams and checkups.

A faculty member or administrative professional may use up to one hundred sixty (160) hours per fiscal year of his or her accrued sick leave for illness or medical treatment of his or her spouse, domestic partner, parent, or child (as defined in Appendix 3) or an individual for whom the employee has responsibility to provide care. In addition, up to one hundred sixty (160) hours of sick leave may be used in the event of the birth or placement through adoption or foster care of a child with either the employee or employee’s spouse or domestic partner. The child need not be ill for use of sick leave under these circumstances. All faculty members and administrative professionals, regardless of gender, may use sick leave under any of these circumstances.

A faculty member or administrative professional may use accrued sick leave for treatment of and convalescence from his or her own illness or injury. Illness includes treatment for alcoholism and drug addiction. In cases of extended sick leave absence as defined in the Human Resources Manual, the faculty member or administrative professional will be required to furnish a physician's statement establishing the need for and duration of absence from work. Sick leave may be used for medical and dental appointments, including routine exams and checkups.

A faculty member or administrative professional may use up to four hundred eighty (480) hours per fiscal year of his or her accrued sick leave for the following purposes:
Faculty Council Meeting Minutes
May 6, 2014 – page 36

a. Illness or medical treatment of his or her spouse, domestic partner, civil union partner, parent, or child (as those terms are defined in Appendix 3) or an individual for whom the employee has responsibility to provide care. In addition, an employee will be presumed to have a responsibility to provide care for a serious medical condition of the employee’s adult child, sibling, grandparent, or in-law (sibling, parent or grandparent of the employee’s spouse, domestic partner or civil union partner) if the employee submits a request for leave stating that the leave is necessary for such reasons.

b. To provide care for a newborn son or daughter or for a child newly placed for adoption with the employee, in accordance with the Parental Leave and Catastrophic Circumstances Leave Policy, in accordance with the Family Medical Leave Policy (FML), the child need not be ill for use of sick leave in this instance.

NEW Leave Category:

F.3.16 Parental Leave and Catastrophic Circumstances Leave (This leave effective May 23, 2013)

Academic Faculty, Administrative Professionals, Post-Doctoral Fellows, Veterinary Interns and Clinical Psychology Interns with an appointment of at least half-time (50%) or greater who satisfy the eligibility requirements for Short Term Disability (STD) are eligible for Parental Leave (see the Academic Faculty and Administrative Professional Benefits and Privileges Handbook). An employee who is not in a regular, paid employment status (for example, during a sabbatical or other such absence) or 9-month employees during summer session appointments are not eligible for this leave.

An employee becomes eligible for Parental Leave upon becoming a parent. Parental Leave is not available during the period preceding the birth or placement for adoption, even if absences are due to the expected arrival. Foster care placement is not included, however, foster care as part of adoption is included. Employees may use other types of accrued leave (such as Sick or Annual leave), as applicable, for absences during such periods. Only one Parental Leave benefit per employee is available per birth or adoption. The number of children born or adopted (e.g., twins) does not increase the amount of the Parental Leave benefit. (If both Parents are employees, each is entitled to use his or her Parental Leave benefit for the same event).

Parental Leave consists of 3 work weeks of paid time off, in addition to the employee’s accrued Sick and Annual leave (and any STD benefits to which the birth mother is entitled) to be used for the purpose of caring for and bonding with the child. Parental Leave may be taken anytime within the first year after delivery/placement and it runs concurrently with (is considered part of) Family Medical Leave (FML) for the birth or placement for adoption event. It can be combined with use of Sick and/or Annual leave, as appropriate, to provide income replacement for the FML leave period (up to 12 weeks). This policy is intended to ensure adequate time off for employees with a newborn or newly adopted child, in most circumstances, while providing compensation for at least 9 weeks of the birth mother’s 12 week FML period (typically 6 weeks of STD eligibility plus 3 weeks of Parental Leave), or 3 weeks for the non-birth parent. If the employee is eligible for STD, Parental Leave shall not commence until after STD benefits are exhausted. Parental Leave is not intended to be used to fulfill the STD elimination period of 10 continuous working days of absence. Once taken, Parental Leave must be used in a contiguous block (not split into intermittent days off). Prior notice of the intent to take Parental Leave is required at least 30 days in advance (unless such notice is impossible, in which case, as soon as possible). Your supervisor is responsible for timely reporting of Parental Leave in accordance with the Leave Reporting Policy. Illustrative examples of Parental Leave are located in Section 2 of the Human Resources Manual at www.hrs.colostate.edu.

The Catastrophic Circumstances Leave may be applicable in extraordinary circumstances where an employee has exhausted all available sick and annual leave and suffers an unforeseen event, such as a catastrophic natural disaster or casualty that displaces the employee from his or her home. As well, the Catastrophic Circumstances Leave may be applicable in the case of a serious illness of the employee or employee’s immediate family member for which no other accrued leave is available, or similar event. A department or unit head may authorize up to two work weeks of paid time off. In the rare case that an employee who is eligible for STD does not have enough leave to cover the STD waiting period, such leave must be granted; all other cases are within the discretion of the department head. Any leave granted under this policy must be designated as FML, as applicable in accordance with federal regulations. This policy is not intended to change or conflict with section F.3.14, Special Leave.

Note: The Parental Leave and Catastrophic Circumstances Leave Policy may be reviewed at http://policies.colostate.edu/.
F.3.6.4 Relation of Military Service to Retirement Rights

A member of the Public Employees’ Retirement Association shall be granted additional PERA service credit for uniformed military active service, as defined for reemployment right purposes under federal law, in any branch of the United States military if:

b. The period of uniformed active military service is verified and is not already covered by association service credit upon return from uniformed service to membership, and

c. The period of uniformed active military service is verified and is not already covered by association service credit upon return from uniformed service to membership, and

d. All service credit forfeited by a refund of the member contribution account is purchased. Military service credit is limited to a maximum of five (5) years. Upon completion of extended military service as authorized by this Section, an employee may apply for reinstatement within ninety (90) days after being honorably discharged from such service and shall be reinstated into the same position or into a position of comparable seniority, status, and pay, if available, as long as the employee is not physically or mentally disabled from performing the duties of such a position. Less than honorable discharges will be dealt with on a case by case basis. If the employee is not able to perform the duties of his or her previous position or a comparable position because of a disability sustained during the service, but is qualified to perform the duties of another position(s) that is available, he or she shall be offered the position that will most approximate the seniority, status, and pay of the previous position. If the time of discharge from extended military service, the employee is hospitalized or under medical treatment which resulted from the military service, the employee must apply for reinstatement within ninety (90) days after discharge from the hospitalization or medical treatment, and in no event later than one (1) year and ninety (90) days after termination of the military service.

An employee who is reinstated under the provisions of this Section shall not be discharged, except for cause, within one (1) year after reinstatement.

If general salary increases are made during an employee’s military leave, whether by lump sum increase, percentage increase, or otherwise, his or her salary upon his or her return to employment shall be adjusted to equal the salaries of other employees of comparable rank, qualifications, and abilities as determined by the proper officials. Furthermore, upon return the employee shall not be precluded from such other individual salary adjustment or promotion in rank as may be deemed justifiable.

F.3.6.4 Salary Rights Reemployment after Military Service and Eligibility for Reinstatement or Reemployment

In order to be eligible for reinstatement or reemployment following a period of absence for military service, an employee must:

a. Have been released from service under honorable conditions and must furnish proof of that release;

Upon completion of extended military service, an employee may apply for reinstatement within the time period specified below after being honorably discharged from such service and shall be reinstated into the same position or into a position of comparable seniority, status, and pay, if available, as long as

the employee is not physically or mentally disabled from performing the duties of such a position. Less than honorable discharges will be considered on a case-by-case basis. If the employee is not able to perform the duties of his or her previous position or a comparable position because of a disability sustained during the service, but is qualified to perform the duties of another position(s) that is available, he or she shall be offered the position that will most approximate the seniority, status, and pay of the previous position.

F.3.6.4.1 Time periods for employee to report to work or give notice to CSU of intent to reinstate

a. In the case of military service less than 31 consecutive days, the employee must report back to work for the first full regularly scheduled work period on the first full calendar day following the completion of the period of service and safe transportation home, plus an 8-hour period for rest. If reporting back within this deadline is "impossible or unreasonable" through no fault of the employee, he or she must report back as soon as possible after the expiration of the 8-hour period.

b. For 31-180 days of service, the employee must submit written or verbal application for reemployment no later than 14 days after completion of service. If submitting the application within 14 days is impossible or unreasonable through no fault of the employee, he or she must submit the application as soon as possible thereafter.

c. For 181 or more days of service, the employee must submit an application for reemployment not later than 90 days after completion of the period of service.

d. For any time period the deadline to report back or submit application for reemployment may be extended for up to 2 years to accommodate a period during which employee was hospitalized for or convalescing from an injury or illness that occurred or was aggravated during a period of military service.

F.3.6.6 Accrued Status and Benefits

A reinstated employee shall have the same rights with respect to accrued and future seniority, status, efficiency rating, vacation, sick leave, and other benefits as if he or she had been actually employed during the time of leave. An employee who is reinstated under the provisions of this Section shall not be discharged, except for cause, within one (1) year after reinstatement.

If general salary increases are made during an employee's military leave, whether by lump sum increase, percentage increase, or otherwise, his or her salary upon his or her return to employment shall be adjusted to equal the salaries of other employees of comparable rank, qualifications, and abilities as determined by the proper officials. Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual – Appendix I – Discrimination, Harassment, Sexual Harassment, Sexual Misconduct, Domestic Violence, Dating Violence, Stalking, and Retaliation, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

APPENDIX I: Discrimination, Harassment, Sexual Harassment, Sexual Misconduct, Domestic Violence, Dating Violence, Stalking, and Retaliation

Purpose of Policy

Colorado State University is committed to providing an environment that respects the dignity and worth of every member of its community. The University strives to create and maintain a work and study environment that is fair, inclusive, and responsible so that each member of the University community is treated with dignity and respect and is rewarded for relevant considerations such as ability and performance. The purpose of this policy is to define the types of conduct that are prohibited by the University as a means of achieving these goals and to prevent harm arising from discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking and retaliation.

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy. Such an environment is necessary to a healthy learning, working, and living atmosphere because discrimination and harassment undermine human dignity and the positive connection among all people at our University. Acts of discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking, and retaliation will be addressed consistent with this policy.

Consistent with state and federal law, reasonable accommodation will be provided to persons with disabilities.

This Policy supersedes all prior University Policies on discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking, and retaliation.

Application of Policy

This policy applies to all members of the University community who are subject to the jurisdiction and authority of the University with respect to matters of discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking, and retaliation. This includes, without limitation, students, faculty, employees, affiliates, visitors, and (where provided by law or contract) agents, contractors, subcontractors, and grantees of the University. All University business units, wherever located, are covered by this policy.

Exemptions

None.

Definitions

As used in this policy, the following terms are to be understood and applied as follows, unless clearly stated otherwise:

a. Action or conduct, as used in this policy, also includes inaction or omission where there is a responsibility to act. Action or conduct that occurs off-campus can be subject to this policy if it involves one or more Covered Persons and (a) causes an impact to any person(s) on campus, (b) reasonably relates to the health, safety and security of the campus or any person(s) on campus, or (c) reasonably relates to the Responding Party’s fitness or capacity to act in accordance with his or her obligations and/or the policies of the University (e.g., the Student Conduct Code or any policy or code relating to the conduct of an employee).

b. Consent to sexual activity is consent that is informed, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Sexual activity with someone known, or who should be known, to be mentally or physically incapacitated by alcohol or other drug use, unconscious or in a state of blackout, or otherwise unable to give consent, is not valid consent. A person is considered to be incapable of giving consent when the person lacks the cognitive ability to make an important life decision, and this measure applies even when the same persons have engaged with one another in consensual sex in the past.

c. Covered Persons are all Colorado State University students, employees (including faculty), visitors, volunteers,
affiliates, and (where provided by law or contract) agents, contractors, subcontractors, and grantees.

d. Dating violence means violence committed by a person:
   1. who is or has been in a social relationship of a romantic or intimate nature with the impacted party; and
   2. where the existence of such a relationship shall be determined based on a consideration of the following factors:
      i. the length of the relationship;
      ii. the type of relationship;
      iii. the frequency of interaction between the persons involved in the relationship.

e. Discrimination is conduct that is based upon an individual's race, age, creed, color, religion, national origin, ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy, and that (a) excludes an individual from participation in, (b) denies the individual the benefits of, (c) treats the individual differently from others in, or (d) otherwise adversely affects a term or condition of an individual's employment, education, living environment or University program or activity. It is unlawful discrimination for an employer to refuse to hire, to discharge, to promote or demote, to harass during the course of employment, or to discriminate in matters of compensation, terms, conditions, or privileges of employment against any person otherwise qualified because of any of these factors. This includes failing to provide reasonable accommodation, consistent with state and federal law, to persons with disabilities.

f. Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Colorado or other jurisdiction in which this policy applies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

g. Harassment covered under this policy is conduct that demonstrates hostility towards a person (or a group of persons) based upon that person's race, age, creed, color, religion, national origin, ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy and has the purpose or effect of:
   1. Creating an intimidating or hostile environment in which to work, learn, or participate in a University activity, or unreasonably interfering with or affecting any such activities; or
   2. Unreasonably affecting a person's educational or work opportunities.

   Harassment may take various forms, including name-calling, verbal, graphic or written statements (including the use of electronic means), or other conduct that a reasonable person would find physically threatening, harmful, or humiliating. Harassment does not have to involve the intent to cause harm, be directed at a specific target, or involve repeated incidents in order to be prohibited. Sex-based harassment includes sexual harassment, which is further defined below, and non-sexual harassment based on stereotypical notions of what is female/feminine and male/masculine or a failure to conform to those gender stereotypes.

h. Impacted Party/Complainant: The person who reports, or is reported by another person, as having been subject to acts constituting discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking or retaliation by another.

i. Responding Party: The person reported to have been engaging in acts that may constitute a violation of this policy, including discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking or retaliation in violation of this policy.

j. Retaliation is any overt or covert act of reprisal, interference, restraint, penalty, discrimination, intimidation, or harassment, against any person or group for exercising rights under this policy, including opposing any practices forbidden under this policy, filing a complaint, testifying, assisting, or participating in any manner in an investigation or proceeding under this policy. This includes action taken against a bystander who intervened to stop or attempt to stop discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking or retaliation. Action is generally deemed retaliatory if it would deter a reasonable person in the same circumstances from opposing practices prohibited by this policy or participating in the complaint processes under this policy.

k. Sexual harassment is harassment that is of an implicitly or overtly sexual nature, or is based on a person's actual or perceived sex, gender, sexual orientation, gender identity, or gender expression. Sexual harassment, including sexual
assault, can involve persons of the same or opposite sex, and includes any unwelcome sexual advance, request for sexual favors, or other conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education or participation in a University activity;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for, or a factor in, decisions affecting that individual's employment, education or participation in a University activity; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, offensive or hostile environment for that individual's employment, education or participation in a University activity.

1. Sexual misconduct is any conduct that constitutes sexual assault, sexual exploitation, or sexual violence, as follows:
   1. Sexual assault means an actual or attempted sexual contact with another person without that person’s consent. Sexual assault includes, but is not limited to:
      i. Involvement in any sexual contact when the victim is unable to consent.
      ii. Intentional and unwelcome touching of, or coercing, forcing, or attempting to coerce or force another to touch a person’s intimate parts (defined as genital area, groin, inner thigh, buttocks, or breast).
      iii. Sexual intercourse without consent, including acts commonly referred to as rape.
   2. Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses defined herein. Examples of behavior that could rise to the level of sexual exploitation include:
      i. Prostituting another person;
      ii. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
      iii. Non-consensual distribution of photos, other images, or information of an individual’s sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
      iv. Going beyond the bounds of consent (such as letting others hide in the closet to watch you having consensual sex);
      v. Engaging in non-consensual voyeurism;
      vi. Knowingly transmitting a sexually transmitted disease, such as HIV, to another without disclosing your STD status;
      vii. Exposing one’s genitals in non-consensual circumstances, or inducing another to expose his or her genitals; and
      viii. Possessing, distributing, viewing or forcing others to view illegal pornography.
   3. Sexual violence is a severe form of sexual harassment, and refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent, including but not limited to rape, sexual assault, sexual battery, sexual coercion or similar acts in violation of state or federal law.

m. Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (a) fear for his or her safety or the safety of others, or (b) suffer substantial emotional distress.

Examples of behaviors by a person stalking another are:

1. Follow you and show up wherever you are.
2. Send unwanted gifts, letters, cards, or e-mails.
3. Damage your home, car, or other property.
4. Monitor your phone calls or computer use.
5. Use technology, like hidden cameras or global positioning systems (GPS), to track where you go.
6. Drive by or hang out at your home, school, or work.
7. Threaten to hurt you, your family, friends, or pets.
8. Find out about you by using public records or online search services, hiring investigators, going through your garbage, or contacting friends, family, neighbors, or co-workers.

9. Posting information or spreading rumors about you on the Internet, through social media, in a public place, or by word of mouth.

10. Other actions that control, track, or frighten you.

Statement of Policy Principles

It is the policy of Colorado State University to maintain an academic and work environment free of discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking and retaliation for students, faculty, and employees. Such conduct is contrary to the standards of the University community and common decency. It diminishes individual dignity, impedes equal employment and educational opportunities and equal access to freedom of academic inquiry, and creates barriers to fulfilling the University’s scholarly, research, educational, and service missions. Such conduct will not be tolerated at the University.

Discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking and retaliation also are illegal; they are prohibited in the employment context by Title VII of the 1964 Civil Rights Act, in the education context by Title IX of the Educational Amendments of 1972, and, in both employment and education contexts, by Colorado’s anti-discrimination laws, including, but not limited to, C.R.S. §24-34-401, et seq. Such conduct also can violate federal and state criminal laws.

To comply with federal requirements regarding non-discrimination in admissions and operations, the University’s approved non-discrimination statement must appear in major University publications such as the General Catalog. A brief required non-discrimination statement also must appear in written advertisements and University publications, including those used to inform prospective students of University programs. The required non-discrimination statements, as well as further information regarding these requirements, are available at the Office of Equal Opportunity.

The University prohibits any act of discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence or stalking by a Covered Person, and any retaliation related to acts or reports of such acts. The University takes all allegations of such misconduct seriously. When allegations of such acts are reported, and a Covered Person is found to have violated this policy, consequences will result, up to and including dismissal from CSU.

All members of the CSU community are expected to not infringe upon the rights of others. This Policy has been adopted to reaffirm this principle and to provide support and recourse to those who are impacted by discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking, or retaliation perpetrated by a member of the University community. When the Responding Party is determined not to be a Covered Person at the time of the report, he or she may nevertheless be subject to this policy in the event that he or she becomes a Covered Person in the future, as well as being subject to other laws and policies.

Responsibilities and Procedures

1. Title IX Sex-Based Discrimination, Harassment, Misconduct and Retaliation Involving Students
CSU has appointed a Title IX Coordinator and a Deputy Title IX Coordinator to oversee and coordinate its compliance with Title IX of the Education Amendments of 1972, 20 U.S.C. 1681 et seq. (Title IX), and its implementing regulations, 34 C.F.R. Part 106. Title IX prohibits discrimination on the basis of sex in education programs or activities by recipients of federal financial assistance. The Title IX Coordinator is the Executive Director of the Office of Equal Opportunity. The Deputy Title IX Coordinator is the Director of the Office of Support and Safety Assessment.

All CSU employees and volunteers, including faculty, staff and students acting in their employment or volunteer roles, are mandatory reporters of any violations or alleged violations of Title IX. In order to comply with this law and enable the University to proactively respond effectively and stop instances of sex-based discrimination, sexual harassment and sexual misconduct involving students at the University, all University employees and students must, within 24 hours of receiving the information, report information they have about alleged or possible sex-based discrimination, sexual harassment, sexual misconduct, and retaliation involving students to the Deputy Title IX Coordinator in the Office of Support and Safety Assessment (SSA) or the Office of Equal Opportunity (OEO). Mandatory reporting means that information indicating that a person has allegedly committed or been the target of alleged or possible sex-based discrimination, sexual harassment, and sexual misconduct involving students may not be withheld, even if confidentiality is requested by the reporting party.

Being a mandatory reporter is consistent with having concern for and supporting those involved in violations or alleged violations. It signifies that campus safety is at the forefront of the community’s concern. When a Covered Person discloses information, it is best for the employee or volunteer to mention they are a mandated reporter and will have to share the information with the University, but that the Covered Person will still always have the choice whether or not to share their story with others at the University whose responsibility it is to investigate. Examples of mandatory reporters include, but are not limited to:

a. Faculty member to whom a student reveals an incident of sexual harassment or sexual misconduct involving the student or other Covered Persons protected under this policy.

b. A Resident Assistant who receives information from one of their residents that they were assaulted by another student at an off-campus party.

c. A person who is acting as a volunteer at a CSU-hosted activity who observes another person engaging in sexual contact with a child in the program.

Remember, these are just examples. Sex-based discrimination, harassment, misconduct, and retaliation must be reported no matter what the circumstances if they involve students.

Employees exempt from these mandatory reporting requirements are only those employees who are statutorily prohibited from reporting such information, for example, licensed healthcare professionals acting within the scope of the professional-patient relationship, and Sexual Assault Victim Assistance Team members. If you are unsure whether or not you are exempt, you must contact OEO to determine whether or not an exemption applies. Teachers are not exempt from reporting incidents involving students unless one of these special statutory exemptions applies.

Reports of any violation or suspected violation of the protections of Title IX involving a student may be made to the Deputy Title IX Coordinator, whose name and contact information is always available online at http://www.supportandsafety.colostate.edu/sexual-harassment or by calling 970-491-7407.

Upon receiving a report of alleged or possible sex-based discrimination, harassment, sexual harassment, sexual misconduct, sexual assault, or retaliation, the Deputy Title IX Coordinator will evaluate the information received and determine what further actions should be taken. Further action may include contacting the CSU Police Department. If, after such evaluation, it reasonably appears that a violation of this policy by a student or an employee has occurred, SSA will follow the appropriate procedures referenced below.

When the Responding Party is a student, the Deputy Title IX Coordinator will determine what further actions shall be taken, which may include investigation of the report and referral to the Office of Conflict Resolution and Student Conduct Services for possible action under the Student Conduct Code.

2. Sexual Misconduct, Domestic Violence, Dating Violence, Stalking and Retaliation Involving Non-Students who are Covered Persons

The Office of Support and Safety Assessment also handles complaints of sexual misconduct, domestic violence,
dating violence, stalking, and related retaliation, involving non-students who are Covered Persons under this policy, and may refer such matters or receive referrals from the CSU Police Department or other law enforcement agencies. Reports of such incidents should be made to SSA or CSUPD.

3. **Employment-Related Discrimination, Harassment, and Other Violations**

The Office of Equal Opportunity handles reports of discrimination and harassment in employment or educational opportunity, including sexual harassment complaints involving both students and non-student Covered Persons. (Note: student-to-student discrimination and harassment may be reported directly to the Office of Conflict Resolution and Student Conduct Services (CRScc) at 491-7165).

There are two conditions under which the OEO will take steps, either directly with the Impacted Party or through a reporting employee, to provide information about the University’s procedures for filing a complaint:

a. when the Impacted Party is a student and the Responding Party consists of either faculty, employees, affiliates, or visitors;
b. when the Impacted Party and the Responding Party are non-students.

The OEO will maintain, publish and follow procedures for the review and resolution of complaints where the Responding Party is not a student.

When the person alleged to have committed the violation is an agent or contractor of the University who is not subject to any disciplinary procedures of the University and it reasonably appears that a violation has occurred, the matter will be referred to the appropriate official or department for further action. This may include, as appropriate, any or all of the following:

a. The Director of Contracting Services, for action that may be taken under the terms of a university contract, such as contract suspension or termination, demanding a change of personnel working under a contract, or initiation of contractor debarment;
b. The CSU Police Department, for initiation of a criminal investigation and/or complaint;
c. An outside law enforcement or governmental agency with actual or apparent jurisdiction over the alleged perpetrator.

4. **First Amendment**

The protections of the First Amendment must be considered if issues of speech or artistic expression are involved. Free speech rights apply in the classroom and in all other education programs and activities of public institutions, and First Amendment rights apply to the speech of students and teachers. Great care must be taken not to inhibit open discussion, academic debate, and expression of personal opinion, particularly in the classroom. Nonetheless, speech or conduct of a sexual or hostile nature that occurs in the context of educational instruction may exceed the protections of academic freedom and constitute prohibited harassment or sexual harassment if it meets the definition of harassment or sexual harassment as contained in this policy and (1) is reasonably regarded as non-professional speech (i.e., advances a personal interest of the faculty member as opposed to furthering the learning process or legitimate objectives of the course) or (2) lacks accepted pedagogical purpose or is not germane to the academic subject matter.

5. **Affirmative Action**

The University takes affirmative action to employ qualified women, minorities, veterans, and individuals with disabilities. For information on this Affirmative Action commitment and program, contact the OEO at oeo@colostate.edu or 970-491-5836.

6. **Retaliation**

Retaliation against members of the University community for making good faith reports of non-compliance with laws, regulations, or University policies is strictly prohibited, and is subject to disciplinary action up to and including termination or dismissal from employment or enrollment at the University. It is prohibited to discharge, demote, suspend, threaten, harass, intimidate or otherwise retaliate against an individual in the terms or conditions of employment or educational opportunity based on the individual’s good faith report of potential non-compliance, or based on the individual’s cooperation with an investigation or hearing regarding a report of potential non-compliance. Such retaliation is prohibited regardless of whether the matter reported is substantiated.

Colorado State University protects all participants in the complaint and grievance processes from retaliation. No person shall restrain, interfere with, coerce, attempt to intimidate, or take any reprisal against a participant under these procedures. Failure to comply with this expectation may result in the imposition of University sanctions up to an
including termination or dismissal.
Acts or threats of retaliation constitute a serious violation of University policy, and the University encourages prompt reporting of any retaliatory action. Students should report retaliation to OEO, SSA or Conflict Resolution & Student Conduct Services (CRSCS). Employees should normally report retaliation to their supervisor, but, if the supervisor is involved in the matter, or for any reason an individual is uncomfortable speaking with his or her supervisor, the report may be made to the responsible department head, the Office of Equal Opportunity, or by using the CSU System’s Compliance Reporting Hotline which may be accessed online (http://reportinghotline.colostate.edu/) or by calling toll-free, 1-855-263-1884. The Hotline allows anonymous reporting if desired.

7. Required Training
Federal law requires that all newly hired CSU employees (including faculty) and incoming students participate in primary prevention and awareness programs, and that students and faculty engage in prevention and awareness programs on an ongoing basis. These programs may be offered by OEO, SSA, the President’s Commission on Women and Gender Equity (PCWGE), CRSCS, and other University programs. Sexual Harassment Awareness Training is offered by OEO and may be retaken anytime as a refresher by contacting OEO at oeo@colostate.edu or by calling 970-491-5836.

8. Procedures for Complaints
The University provides fair, understandable, and legally sound procedures for handling all complaints of discrimination, harassment, sexual harassment and sexual misconduct, domestic violence, dating violence, stalking and retaliation. These procedures can vary depending on the nature of the complaint and the status of the persons involved (i.e., student, faculty, employee, or non-employed party). The responsible departments are required to maintain, publish, and follow appropriate procedures.

Filing with External Agencies
Persons who believe that they have been subjected to discrimination, harassment, sexual harassment, sexual misconduct, or stalking may be able to file a complaint with the Colorado Civil Rights Division, the U.S. Equal Employment Opportunity Commission or the U.S. Department of Education’s Office for Civil Rights. Information regarding filing charges with any of these agencies may be obtained from the Office of Equal Opportunity.

Expectations for Members of the University Community
Cooperation and participation by the members of the University community in the resolution of a complaint under these procedures is necessary. All University community members asked to participate should do so. If an Impacted Party/Complainant does not participate, the University may continue the investigation, invoke necessary interim and permanent remedies, or conclude the complaint. If a Respondent does not participate, the University will move forward with the complaint with the information it is able to collect and ascertain.

The Impacted Party/Complainant(s), Respondent(s), and all witnesses shall be truthful in their testimony. This includes statements made verbally and in writing. Failure to comply with this expectation may result in the implementation of University sanctions.

Rationale: Individuals from various CSU offices collaborated to write this policy including, the Office of Policy and Compliance, Human Resources Service, Office of Equal Opportunity and Diversity, Vice President for University Operations, CSU System--Office of the General Counsel, President’s Commission on Women and Gender Advocacy, Office of the Vice President for Student Affairs, Dean of Students, Office of Conflict Resolution and Student Conduct Services, and Special Advisor for Support and Safety Assessment/Deputy Title IX Coordinator. It brings CSU in compliances with Federal changes in Discrimination and harassment policies.

Greene explained that the proposed revision is an expansion of the original policy on Sexual Harassment. Gallagher reminded PC of the Discussion item that was held earlier in the year on this topic.

There was no discussion.

Greene’s motion was adopted.

R. Proposed Revisions to the Manual, Section K – Resolution of Disputes – CoRSAF

Greene, Chair, Committee on Responsibilities and Standing of Academic Faculty, moved that Faculty Council adopt the proposed revisions to the Manual – Section K – Resolution of Disputes, to be effective upon approval by the Board of Governors of the Colorado State University System, as follows:

Please note the language: additions underlined, deletions overstruck.

SECTION K. RESOLUTION OF DISPUTES (Newly-Revised Section Effective July 1, 2012)

K.1 General Information

There are several different offices at Colorado State University that deal with various aspects of dispute resolution (see the following link: http://www.facultyandstaff.colostate.edu/ugo/UG08-EmployeeResources1109.pdf on the website of the University Grievance Officer). In particular, the Office of the Ombuds provides the most informal consultation, and it is a good place to start if you are not sure which office to contact.

This section describes a process for resolving disputes that cannot be resolved informally. This process begins with a formal attempt to mediate the dispute. If formal mediation is not successful, then a formal grievance may be initiated if the dispute involves a Grievable Action (see Section K.3). Note that mediation may be possible even if the dispute does not involve a Grievable Action or if there is not a submission of a claim within the required time limit (see Section K.5).

Faculty members and administrative professionals (hereinafter referred to as “Covered Members”), including administrators in either of these two categories, must follow all applicable parts of the Section K process before pursuing any action with external agents or agencies, except in cases where Federal and/or state law gives the Covered Member the right to institute action without exhausting internal administrative remedies. This process replaces and supersedes all mediation and grievance procedures found in department and/or college codes.

It shall be the responsibility of the University, through the Offices of the Provost and the President, to assure that the Section K process is supported, respected, and enforced. This includes financial support.
The person with overall responsibility for the Section K process is the University Grievance Officer (hereinafter referred to as the "UGO"). The UGO is a tenured faculty member whose selection has been approved by both Faculty Council and the Administrative Professional Council (see Section K.12).

The Mediation process is conducted by a University Mediator (hereinafter referred to as a "UM") who is selected by the UGO from a pool of UM's. If the Covered Member is a faculty member, then the UM shall be a tenured faculty member; if the Covered Member is an administrative professional, then the UM shall be an administrative professional (see Section K.13).

If a formal Grievance is initiated and a Hearing occurs, then this Hearing shall be conducted by a Hearing Committee whose members are selected from the Grievance Panel (see Section K.14). If the Covered Member is a faculty member, then the members of the Hearing Committee shall be tenured faculty members; if the Covered Member is an administrative professional, then the members of the Hearing Committee shall be administrative professionals.

The UGO is responsible for coordinating and facilitating the activities of the UM's, the Grievance Panel, and the Hearing Committees. The UGO also assures that the procedures herein established are followed reasonably and accurately and decides procedural issues as set forth herein. Any departure from these procedures shall occur only with the written approval of the UGO.

By agreement of the parties, or in the event of pressing emergencies, subject to the written approval of the UGO, the time limits set forth in Section K may be extended for reasonable periods.

Colorado State is committed to the timely and fair resolution of disputes. This section describes procedures for a faculty member or administrative professional to challenge a decision, recommendation or action by a direct supervisor that has an adverse academic and/or professional impact on the faculty member or administrative professional and that is unfair, unreasonable, arbitrary, capricious, retaliatory, or discriminatory. The University Grievance Program generally provides three avenues for resolution of such claims: a) informal conciliation, b) mediation, and c) a formal grievance hearing process.

Several offices on campus are available to assist with the resolution of other disputes. See the website for the Office of the Ombuds and Employee Assistance Program for details and contact information. An overview of the procedures described in this section can be found on the website of the University Grievance Officer.

K.1.1. Participants in the Grievance Process and Definition of Terms

Grievant – A faculty member or administrative professional who asserts that one or more decisions, recommendations or actions by a direct supervisor (1) has an adverse academic and/or professional impact on the faculty member or administrative professional, and (2) is unfair, unreasonable, arbitrary, capricious, or discriminatory.

Hearing Committee – A group of between three and five (3-5) faculty members or administrative professionals from the University Grievance Panel who are convened to review and make recommendations about a grievance.

Responsible Administrator – A university official to whom the supervisor in a grievance reports and who oversees the activities of the unit where the grievant is employed.

Reviewing Administrators – University officials responsible for review and approving recommendations from a Hearing Committee, namely the Provost and President. These senior officials are also responsible
for supporting, respecting, enforcing the process and providing required financial resources.

Supervisor - A university administrator, faculty member, or administrative professional who oversees the work of the grievant. A supervisor also can be a state classified employee who directs the work of an administrative professional.

University Grievance Officer (UGO) - The university official responsible for administering the grievance process, advising grievants and supervisors, and coordinating involvement by others.

University Grievance Panel - A pool of faculty members or administrative professionals who are elected by their peers and volunteer to serve on a Hearing Committee, as needed and as available.

University Mediator (UM) - A neutral person from the university community appointed by the UGO to facilitate a resolution of a dispute or grievance between a grievant and supervisor.

K.3 Grievable Actions

There are three (3) separate classes of Grievable Actions. A Class A or Class B Grievance, as more fully described below, must involve a complaint by a Covered Member that a Grievable Action has occurred because a decision, recommendation, or action of an administrator (hereinafter referred to as the “Action”) is unfair, unreasonable, arbitrary, capricious, and/or discriminatory and that it does or will adversely affect the Grievant in his or her academic and/or professional capacity. An issue that does not directly affect a Covered Member in such a capacity, such as dissatisfaction with a University policy of general application, is not a Grievable Action. A Class C Grievance, as more fully described below, must involve a complaint by an “at-will” employee whose employment was terminated by the University.

Only actions by administrators can constitute Grievable Actions. Also, specific sections of the Manual exempt certain actions by administrators from being Grievable Actions. In particular, a decision or action that is said to be final is not a Grievable Action.

If the administrator whose Action is being challenged no longer holds the relevant administrative position, then the administrative supervisor for this position, at his or her discretion, shall decide whether the new administrator in this position or the administrative supervisor shall participate in the Section K process.

Class A Grievances are those that involve complaints about the following specific actions: termination of contractual rights, reduction of salary, demotion, violation of academic and/or intellectual freedom, or assignment of unreasonable work loads. Class A Grievable Actions do not include a decision to terminate the employment of an “at-will” employee. The burden of proof in Class A Grievances falls upon the administrator whose Action is being challenged.

Class B Grievances involve complaints about a term or condition of employment other than those specified cases that are the basis for a Class A or Class C Grievance. Examples are reappointment, amount of salary, denial of promotion, denial of tenure, abuse of discretion, lower evaluation than deserved on a performance review, or denial of sabbatical leave. The burden of proof in Class B Grievances falls upon the Grievant.

Class C Grievances involve either a claim by an “at-will” employee that the vice president’s recommendation to the President regarding the employee’s termination was due to discrimination prohibited under Federal or State law or University policy or a claim by an “at-will” employee that the employee is entitled to post-termination due process. The UGO, with legal advice from the Office of the General Counsel and as provided for in Section K.12.5, shall determine whether such due process rights are in question and whether
review by a Hearing Committee regarding such due process rights is warranted. The burden of proof in Class C Grievances falls upon the Grievant.

**K.3. Definition of an Action, Grievable Action and Grievance**

An Action is a decision, recommendation or other act by a Supervisor.

A Grievable Action is an Action by a Supervisor that has an adverse academic and/or professional effect on the Grievant and is unfair, unreasonable, arbitrary, capricious, retaliatory, or discriminatory.

A Grievance is a written complaint by a Grievant asserting that a Grievable Action has occurred.

**K.3.1. A Grievable Action does not include:**

a. An issue that does not individually affect a faculty member or administrative professional, such as dissatisfaction with a university policy or general application.
b. Actions specified in the *Academic Faculty and Administrative Professional Manual* as “final” and thus not subject to redress through the grievance process. Any action deemed “final” constitutes exhaustion of internal grievance procedures.
c. An act by any person who is not the Grievant’s Supervisor or responsible administrator.
d. Terms agreed to by the Grievant under a Section K mediation agreement.
e. Acts in response to possible violations of law or endangerment of public safety.
f. A subsequent complaint for the same action by the same supervisor once a Grievance regarding the original complaint has concluded.
g. Termination of “at-will” employees. For information about the university’s policy regarding at-will employees and the recommended steps and considerations for disciplinary action or termination of at-will employees, employees should refer to the university policy for Administrative Professionals and Non-Tenured Academic Faculty (“At Will” Employment) found in the CSU Policy Library, as well as Section D.5.6 and E.2.1 of the *Academic Faculty and Administrative Professional Manual*. Employees may contact the University Grievance Officer with questions about disciplinary action or termination of at-will employees.

**K.3.2. Types of Grievable Actions and Burden of Proof**

K.3.2.1 The following are examples of Grievable Actions that have the effect of withdrawing, reducing, eliminating or denying an existing term, right, benefit, or other aspect of the Grievant’s employment. In these types of Actions, the Supervisor has the burden of proof in accordance with the processes described in Section K.3.3.

a. termination of contractual rights;
b. reduction of salary and/or demotion;
c. violation of academic and/or intellectual freedom; or
d. assignment of unreasonable workload.

K.3.2.2. The following are examples of Grievable Actions that affect a term, right, benefit or other aspect of the Grievant’s employment other than those listed above in K.3.2.1. In these types of actions, the Grievant has the burden of proof in accordance with the processes described in Section K.3.3.

a. amount of salary;
b. denial of reappointment;
c. denial of promotion or tenure;

d. lower evaluation than deserved on a performance review;
e. denial of sabbatical leave; or
f. failure to abide by an existing mutual agreement and/or taking an action that does not rest upon mutual agreement as identified in Sections E.10.6, E.15, I.15, and J.5 of the Manual.

K.3.3. Determination of the Validity of a Grievance

a. The UGO shall determine whether a Grievance sets forth a Grievable Action, i.e., determination of whether an Action is a Grievable Action, i.e., whether there is a sufficient basis to pursue mediation (see Section K.8) and/or a hearing (see Section K.9), and, if so, whether it is Class A, Class B, or Class C shall be made by the UGO based on the written complaint by the Grievant and the Supervisor’s response, as well as any supporting materials. The UGO may seek appropriate legal advice (see Section K.12.5). This determination by the UGO shall be made within five (5) working days of receiving the Grievant’s written complaint and the Supervisor’s response.

b. If the Covered Member Grievant disagrees with this the UGO’s determination, he or she may appeal this decision. Such an appeal must be made in writing to the Chair of the Grievance Panel (see Section K.11.1) within three (3) ten (10) working days of being notified receiving written notification via email of the determination by the UGO. If such an appeal is submitted, the Chair of the Grievance Panel shall form an Appeal Committee consisting of three (3) members from the Grievance Panel, including the Chair of the Grievance Panel, for the purpose of reviewing whether the UGO’s determination should be reversed or affirmed. The Chair of the Grievance Panel shall chair the Appeal Committee and recruit members following the same procedure as for the formation of a Hearing Committee (see Section K.11.4), with the Chair of the Grievance Panel assuming the role of the UGO. The Appeal Committee shall consider the appeal, the written Complaint of the Grievant and any supporting materials provided by the Grievant, as well as the response of the Supervisor and any supporting materials that are included. Within five (5) working days of the submission of the appeal, the Appeal Committee, with appropriate legal advice (see Section K.12.5), shall make a determination solely regarding the classification validity of the Grievant’s appeal, specifically whether the Grievance sets forth a Grievable Action of the Action. The Appeal Committee’s determination shall be made by a majority vote. The Appeals Committee’s determination shall be final. The Appeal Committee shall include a written report to the UGO and the Grievant notifying them of its decision. If the Appeal Committee reverses the determination of the UGO, No the members of this Appeal Committee may not serve on a Hearing Committee for this Grievance.

K.3.4. Basis of Proof

The burden of proof regarding a Grievable Action is determined by a preponderance of the evidence (i.e., that the claim is more likely to be true than not to be true).

K.4. The Right to Grieve

K.4.1. Persons Entitled to Grieve

Any Covered Member may initiate the formal Grievance Process regarding faculty member or administrative professional may pursue resolution of a Grievable Action. (see Section K.9) if formal mediation has not been successful. Grievances by more than one (1) Covered Member employee from a single administrative unit or department may be joined into a common grievance if, in the opinion of the UGO, their Grievances have sufficient commonality to be heard collectively, and if those employees filing Grievances from a single unit agree to join in a common Grievance. Persons initiating a Grievance under the terms and conditions of this policy are hereinafter referred to as "Grievants." The Section K process may not be used to resolve grievable disputes involving State Classified personnel.
K.4.2 Due-Process

a. No action that may deprive a Covered Member of a constitutional right shall be taken unless such a member has first been accorded due process of law. If the Covered Member a Grievant initiates the Section K process with regard to such an action, the Grievable Action action shall not be effective taken prior to the completion of the Section K process.

b. University employees not designated pursuant to state law as having “at-will” status have the right to initiate Class A and Class B Grievances as described in Section K.3—

c. Covered Members who have “at will” status shall have the right to initiate Class A and Class B Grievances as described in Section K.3, except that Grievances regarding termination of employment must be Class C Grievances, rather than Class A Grievances. For termination of employment, any due process required shall be provided administratively in such a manner as may be determined by the President and vice presidents of the University.

K.4.3 Responsibility to Respond

a. The Supervisor whose decision, recommendation or action was the basis for the Grievance shall be responsible for responding to the Grievant and the UGO within five (5) working days from the day the Grievance is submitted to the UGO and the Supervisor.

b. If the administrator—Supervisor whose Action is being challenged no longer is employed by the university or no longer holds the relevant administrative supervisory position, then the administrator—supervisor for this position—responsible administrator(s) for the unit, at his or her discretion, shall decide whether the new administrator in this position or the administrative supervisor shall participate in the who should represent the unit in the Section K process. The unavailability of the original Supervisor does not affect the right of a Grievant to seek resolution. If no person in authority responds to the Grievance, the UGO shall continue with the Section K process.

c. When a faculty member has been denied promotion or tenure (see Section E.10.5.1, paragraph 6, E.13.1 paragraphs 4 and 5) in the case of a negative recommendation by the department chair, the complaint shall be directed to the department chair, who shall be responsible to respond. In the case of a negative recommendation at the college level, the complaint shall be filed against the dean, who shall be responsible to respond. In the case of a negative recommendation at the provost level, the complaint shall be filed against the provost who shall be responsible to respond.

K.4.4 Section K Process and Legal Advice

In the spirit of shared governance, it is expected that the Grievant follow all applicable parts of the Section K process before initiating legal action with external agents or agencies. However, the Grievant has the right to seek legal advice at any point during the grievance process. This expectation does not supersede the Grievant’s rights under federal and/or state laws.

K.5. Initiation of the Section K Process

A claim of a Grievable Action must be submitted in writing by an administrative professional or a faculty member Covered Member to the UGO no later than twenty (20) working days after the date of the Action
giving rise to the Grievable Action or that point in time when the individual could reasonably be expected to have knowledge that a basis for a grievance existed. The UGO shall then meet with the Covered Member administrative professional or the faculty member to discuss the claim.

Within five (5) working days after receiving the written claim of a Grievable Action, the UGO shall assign a UM from the pool to mediate the dispute. The Mediation participants shall have five (5) working days from the date of the assignment of the UM to object to such an assignment. An objection may be raised only based on the UMs prior or current relationship with the Mediation participants and/or the UMs knowledge of previous related disputes. The UGO shall make the final decision on the assignment of a UM.

K.9 Initiating the Grievance Hearing Process

A formal Grievance must be initiated by the Grievant submitting a written complaint (hereinafter referred to as the “Complaint”) to the UGO and to the supervisor whose Action is being challenged no later than five ten (510) working days after the expiration of the Mediation Period or after the decision by the UM that Mediation will not take place, as described in Section K.8. The written Complaint shall:

a. Identify Describe the nature of the Grievable Action;
b. Name the parties to the grievable dispute;
c. Describe how the Action being challenged is unfair, unreasonable, arbitrary, capricious, retaliatory, or discriminatory;
d. Identify how the Action adversely affects the Grievant in his or her present or future academic and/or professional capacity; and
e. Summarize the material that the Grievant is prepared to submit to support the claim. Upon receipt of the Complaint from the Grievant, the supervisor shall prepare a written response (hereinafter referred to as “Response”) to the Complaint and submit it to the UGO and the Grievant no later than five (5) working days after receiving the Complaint. This Response should be limited to addressing the claims and statements made in the Complaint.

K.12 University Grievance Officer

K.12.2 Oversight of the University Grievance Officer - No changes

K.12.3 Service of the University Grievance Officer - No changes

K.12.4 Duties of the University Grievance Officer

The UGO shall be responsible for:
a. Maintaining a record of actions taken as part of the processes in Section K and Section E.15.
b. Coordinating and facilitating the activities of the Grievance Panel by maintaining the records of the Panel, scheduling all meetings of the Panel for informational and organizational purposes, scheduling meetings of its Hearing Committees, calling individuals to appear before the Hearing Committees, and establishing the rotation order for service by the members of the Panel on Hearing Committees.
c. Overseeing the processes of Section K and Section E.15 and preparing reports to the Grievance Panel, including recommendations for improving these processes.
d. Assuring that faculty members and administrative professionals are familiar with the provisions, components, purposes, and procedures of the processes of Section K and Section E.15.
e. Consulting with at-will employees and the Office of General Counsel about disciplinary action or termination of at-will employees, as discussed in Section K.3.1.g.

f. Making recommendations to Hearing Committees regarding guidelines for the operation of these committees pursuant to Section K and Section E.15.

g. Advising potential and active parties to a Grievance of their prospects for sustaining a Grievance, including their responsibilities for following the procedural rules of Section K.10.

h. Facilitating the conduct of Hearings decision pursuant to Section K and Section E.15.

i. Preparing an annual report, in consultation with the Chair of the Grievance Panel each June for the Faculty Council and Administrative Professional Council, which summarizes activities and recommendations during the previous year.

j. Maintaining and updating the list of UMs.

k. Appointing appropriate UMs to mediate disputes involving faculty members, administrative professionals, and/or administrators.

l. Coordinating orientation and training of University Mediators and Grievance Panel members.

m. Assisting the Faculty Council and Administrative Professional Council in their annual evaluations of the UGO by distributing questionnaires to parties inquiring about or involved in mediation or the grievance process, and assigning numerical identifiers to each questionnaire, thus maintaining participants’ anonymity.

Rationale –

K.1 changes mostly provided by UGO: The existing language is needlessly wordy. Also there are no definitions of key terms in one place, a feature in the CSU Pueblo grievance policies, which were included with approval by the Office of General Counsel.

State classified employees are specified as potential supervisors because an increasing number of administrative professionals can now report to state classifieds based on recent changes in our personnel classification system.

K.3-K.4 and K.5, 9, and 12 changes are closely related. Overall, it is the policy of the University for its supervisors to act fairly and respectfully – that is, in a manner that could not be characterized as unfair, unreasonable, arbitrary, capricious, retaliatory, and/or discriminatory. The grievance process as described in Section K is the statement of policy and procedure to ensure administrators in a place of authority over other employees behave in a manner consistent with what the University expects. This proposal is a reorganization of essential aspects of Section K.3 and K.4. Classes of grievance as described in the current version of the Manual have been replaced with more readable, less legalistic language and organization; the same examples of grievable actions have been included in this revision. Some have been added, others clarified.

K.5, 9, and 12 changes, although in different sections, all pertain to procedures for initiating Section K processes (either original complaint or beginning the formal grievance following unsuccessful mediation). Proposed changes provide (1) more time for the grievant to assemble the formal written complaint; (2) specify the role of the UGO in determining whether proper procedure was followed in the termination of an administrative professional or a non tenure-track faculty member by an immediate supervisor.

Greene explained that this proposal clarifies grievance procedures described in Section K of the Manual and is the result of a working group that included himself, Tim Gallagher, the UGO-Kirk Hallahan, the Provost-Rick Miranda, and members of the Office of General Counsel (OGC). The proposed revision was approved by CoRSAF, but Greene acknowledged that the revision was not approved by OGC.
Discussion:

A representative from the Department of Health and Exercise Science asked why OGC did not support the proposed revision.

In response, Provost Miranda discussed four items that gave him concern:

1. On page 181 of the agenda packet, the word “retaliatory” has been added to the list of Grievable Actions. Miranda noted that retaliatory is not defined and therefore its meaning is not clear.

2. On page 181 of the agenda packet, the list included in Section K.3.2.1 offers examples of “Grievable Actions” and Miranda pointed out that the criteria for one of these items to be a grievable action is not clear.

3. On page 181 of the agenda packet, Miranda felt the wording of Section K.3.2.2 was poor. He described how the proposed wording, which includes a list of examples of Grievable Actions, implies that items on the list are automatically considered Grievable Actions.

4. On page 183 of the agenda packet, under Section K.4.4, Miranda responded that employees should exhaust internal grievance processes before seeking legal advice. Therefore, OGC objects to the language “it is expected that” and prefers “must”. From a legal perspective, the use of internal processes is better for the Institution.

Greene responded that the wording of K.4.4 was chosen to reflect that employees cannot be forced by CSU to exhaust internal grievance processes before legal action. Employees should be allowed to choose.

With regards to concerns for Section K.3.2.2, Greene added that the proposed wording was taken from Class B grievances that were listed as grievable actions in the original Section K. For proposed revisions to Section K.3.2.1, Greene explained that wording parallel to the language in the current Section K was attempted. Greene explained that he and CoRSAF felt that lists of examples of Grievable Actions should included, and that the lists should not be exhaustive so as not to limit the types of actions that can be grievable. Ultimately, it is up to the University Grievance Office to decide in an action is grievable.

Greene added that the word “retaliation” occurs in four different places within the Manual, none of which includes a definition of retaliation.

Mary Van Buren, Department of Anthropology, noted that the interests of OGC and Faculty are not necessarily consummate. In her opinion, the proposed wording was clear and included a more expansive understanding of what can be grieved. She was supportive of the proposal.

Margarita Lenk, Department of Accounting, asked why the word retaliation was added. She expressed her concern that expanding the definition to retaliatory could put the University at risk for increased grievances. Greene acknowledged that an action could be perceived as retaliatory when it might not be. Greene stressed that the policy gives the opportunity to grieve based on the perceptions of retaliatory. An action may not meet some of the other terms (unfair, arbitrary) but still be retaliatory.

Mark Zabel, College of Veterinary Medicine and Biomedical Sciences, asked if under Section K.3.2.2, the word “potential” could be added to amend the language to “potential grievable actions”. Greene responded that no one simple addition of a word has been able to gain OGC’s
Eric Prince, Chair, Committee on University Programs, spoke in support of the addition of the word “potential”.

Geog Givens, Department of Statistics, spoke regarding his experience on developing this proposal as a member of CoRSAF. He explained that the perspective that CoRSAF and OGC are close to a mutually agreed-upon proposal was not true. He explained that the two sides have reached an impasse, and he added that CoRSAF has given away a lot already. While he agrees with the addition of the word “potential”, the previous section that defines Grievable Action clearly defines what those actions are. He recommended Faculty Council to pass the revision as is.

Lenk, Department of Accounting, spoke in favor of adding the word “potential”.

Antonio Pedros-Gascon, Department of Foreign Languages and Literatures, noted that no timeline was presented for the length of Mediation. He asked if a time limit was considered, so that Mediation did not go on for an excessive amount of time. Greene responded no, that this was not considered in the proposal at this point.

Alex Bernasek, Faculty Council Board of Governors Representative, objected to including the word “must” as employees cannot be forced to follow grievance procedures.

Kathy Pickering, Vice Provost for Undergraduate Affairs, urged Faculty Council to engage someone with legal background on the proposed language changes. The word “must” might offer protection to faculty, whereas some of the legal interpretations proposed might hurt faculty.

Givens, Department of Statistics, responded that CoRSAF does not have budget to seek legal counsel. He explained that CoRSAF sought informal advice but were not able to seek formal advice. He added that hiring their own lawyer seemed out of the spirit of shared governance, and that direct conversations with OGC were preferred.

Ross McConnell, Department of Computer Science, stated that the provision of examples was clarifying to him. He spoke on his frustrations with the current Manual language and added that occurrences of “retaliation” in the Manual included no definition.

Miranda stated that it was not the case that OGC has a vested interest in restricting the Grievance process. He added that OGC wants a robust internal grievance process with clarity regarding what is a grievable action and what is not (points 1-3).

Greene responded that OGC originally approved of the reorganization and the listing. Greene noted that OGC and CoRSAF have agreed on parts of the proposal but not the overall proposal.

Carol Makela, Chair, University Curriculum Committee, asked Faculty Council to consider if the proposal is clearer than the current Section K.

Van Buren, Department of Anthropology added that examples of retaliation would be appreciated, but acknowledged that in her opinion, it might be best to pass the proposal as it stands.

Lenk, Department of Accounting, expressed concern that the proposed changes could result in more grievances being filed and could paralyze the Institution.

Stephanie Clemons, Chair, Committee on Teaching and Learning, called the question.
Clemon’s motion was seconded by Scott Glick, Department of Construction Management.

Clemon’s motion was approved by 2/3 vote.

Greene’s motion was put to Faculty Council vote, and Greene’s motion was adopted.

The Faculty Council meeting adjourned at 5:37 p.m.

Faculty Council acts as a representative body for the academic faculty and performs duties delegated to the faculty by acts of the legislature. The Faculty Council, subject to statutes of the State and regulations and policies of the Board of Governors (BOG), has jurisdiction over the general educational policies of the University and passes all rules and regulations necessary to University government. Faculty Council membership consists of one elected representative from each academic department and a proportionate representation from each college as voting members. Upper-level administrators are ex officio non-voting members. The 2013-14 membership for the Faculty Council is attached. Below is a list of Faculty Council business during the 2013-14 academic year.

Summary of the Activities of the
Faculty Council Committee on Intercollegiate Athletics
2013-14

Overview of 2013-14
The Department of Athletics senior leadership team was enhanced with the addition of Dr. Albert Bimper as Senior Associate Athletic Director for Diversity and Inclusion. Dr. Bimper, a former CSU and professional football player, is also an assistant professor in Ethnic Studies. Other major hires this past year included Bill Hempen, head coach of the newly added sport of women’s soccer, and Annie Young, head coach of women’s golf, replacing interim head coach Susan Jennings. Student-Athlete Support Services (under the Division of Student Affairs) is currently searching for a new Director to replace Steve McDonnell, who is retiring July 1st. Karen Hyllegard represented the FCCIA on the search committee.

Facility improvement continued to be a focus for the Department. In addition to the ongoing work related to the feasibility, design and funding of a new on-campus football stadium, a major renovation of the Moby Arena complex was completed this summer. In addition to renovation of both concourses and the Sports Medicine Center and the dedication of Bob Davis Hall, the project also included major upgrades to branding. Last fall, the Department opened its new store, Ram Zone, in Old Town—a joint venture between Athletics and the CSU Bookstore. The Department’s external marketing partner, Nelligan Sports Marketing, was bought out by Learfield Sports.

Men’s cross country finished the regular season ranked 27th nationally and qualified for the NCAA Championships. Football finished the season with an 8-6 record and a phenomenal come-from-behind win over Washington State in the final minutes of the New Mexico Bowl. Center Weston Richburg was drafted in the second round by the New York Giants, and TE Crockett Gilmore was drafted in the third round by the Baltimore Ravens, marking the first time the Rams have had multiple selections in the first three rounds since 1999. Volleyball won the MW championship and extended its run of consecutive post-season NCAA appearances to 19. Women’s basketball won the regular season MW championship for the first time since 2001-02 and earned an invitation to host the first round of the WNIT. Men’s track finished 2nd in both the Indoor and Outdoor MW Championships, and the softball team went 32-17, its best record since 2004. Women’s soccer debuted as CSU’s newest varsity sport, replacing the sport of women’s water polo.

Committee meetings in 2013-14 featured three guest presenters: Jason Layton, Senior Associate Athletic Director for Sales and Marketing; Dr. Albert Bimper, Senior Associate Athletic Director for Diversity and Inclusion; and Dr. Blanche Hughes, Vice President for Student Affairs.

The committee reviewed the annual student-athlete survey results for 2012-13.

Academic Progress
The department continued to post strong NCAA Academic Progress Rate (APR) scores with 7 teams posting a perfect score of 1000 for 2012-13. Two teams, men’s cross country and women’s tennis,
posted perfect multi-year scores of 1000 and received national recognition. No teams were subject to penalties. The 2014 graduation rates report, when publicly released next fall, will show a four-class average for student-athletes of 68% (up from 67% in last year’s report) and a cohort rate (2007-08 entering class) of 70% (up from 63% in last year’s report). Figures for the overall student body are 64% for both categories (up from 63% in last year’s report). The Graduation Success Rate (GSR) for student-athletes remained steady at 83%.

Meetings with SAAC (Student-Athlete Advisory Committee)
On November 6, 2013 the committee met with the SAAC students. We discussed the outcome of the most recent student athlete survey (2012-2013). The survey indicated that most student athletes felt that the academic support system was outstanding, and most minor problems that had been noted in the previous year had been addressed. The students enjoyed the “RAMMIES” event and want it to continue as a yearly tradition. Other motivational programs established during the year by the athletic department, such as Ram Tags and the iPAD program were also appreciated.

A quorum was not present for the May meeting. Ballots for Chair and Co-Chair we sent via email. Drs. LaRue and Donavan were elected as Chair and Co-Chair (respectively) for 2014-2015.

Committee Members and Attendance (not including todays meeting, which is #8)

IV. OTHER COMMITTEE BUSINESS

All other committee business undertaken in 2013-2014 was internally generated. No issues were brought to the committee for consideration.

Melinda reported on her discussion with Cindy Swindell, Psychologist at the University Counseling Center, regarding Ihrlen as it relates to committee reviews, and general interpretation of letters generated by the UCC for the CoSS. Cindy reported that letters are necessary to support the diagnosis and they would be clear as to her support for the student. She will also remind the UCC staff that letters to the committee should indicate severity of impact on the student’s ability to function academically, as well as specify whether the difficulties were present during the semesters included in the RW request.

Melinda also reported on upcoming changes to the academic dismissal appeal (online) system that will aim at helping students determine whether or not their materials were successfully uploaded.

Leadership: Melinda Frye was approved by the committee to serve as chair for next year. However, she has accepted the role of Associate Dean of the Professional Veterinary Medicine Program and will be leaving the committee. Liba Goldstein will continue as Chair. The committee will have a new committee member from the College of Health and Human Sciences.

Other activities during the year:

- CoRSAF had requested in the spring of 2013 that the Chair of Faculty Council form of a task force to study student intellectual property rights and how this interacts with the current contract with and stipulations by ProQuest involving the online submission of theses and dissertations to the Libraries. The information generated was anticipated to be useful in CoRSAF discussions regarding anticipated Section J revisions proposed in the 2013-14 academic year. However the report from this task force is still forthcoming.

- CORSAF participated in a Faculty Council meeting discussion in February on the topic of Special Academic Units along with Provost Rick Miranda and Carole Makela, Chair of the University Curriculum Committee. We also prepared proposals for sections C.2.3.3, C.2.8.1, C.2.8.3, and C.2.8.4. These sections concern formation of an SAU and provisions in the SAU’s code describing percent FTEs allowable for regular faculty, non-tenure-track faculty, and administrative professionals. Annual evaluation and evaluation of progress toward tenure for tenure-track faculty also are described. These proposals received regular feedback from the Provost and will be sent to Committee on Faculty Governance for review. CoRSAF anticipates also seeking comment from deans, SAU directors and the Provost in the fall of 2014.

- We resumed our discussion of OGC’s proposed revision of Manual Section J on inventions, copyrights, and intellectual property rights authored by Linda Schutjer, Senior Associate Legal Counsel. However, these discussions were temporarily suspended pending information from OGC on the Board of Governors’ intellectual property policy.

COLORADO STATE UNIVERSITY – FACULTY COUNCIL
STRATEGIC AND FINANCIAL PLANNING COMMITTEE
ANNUAL REPORT, AY2013–14

Committee Members:
Jorge Vivanco (Agricultural Sciences)          Rick Miranda (Provost and EVP, ex officio)
George Barisas (Natural Sciences)             Beth Oehlerts (Library)
Farrah Bustamante & Jeff Surgeon (CPC, ex officio)  Jeff McCubbin (Council of Deans, ex officio)
Katherine Leigh (Health and Human Sciences)   David Mornes (APC, ex officio)
Daniel Bush (VPFA/Provost’s Office, ex officio)  John Ridley (Natural Resources)
Tom Gorell (VPFA/Provost’s Office, ex officio)  Lynn Johnson (AVPFB, ex officio)
Robert Jones (VPFA/Provost’s Office, ex officio)  Douglas Ortego (Grad Student)
Dan Turk & Susan Athey (Business)              Luis Garcia (Engineering)
Mary Vogl & Antonio Pedros-Gascon (Liberal Arts)  Jeffrey Wilusz (Chair, Vet Med & Biomed Sci)

Meetings and Participation: The Committee on Strategic & Financial Planning (CoSFP) held nine meetings
during the academic year. During Spring semester, the College of Business was represented by Dr. Susan Athey and
the College of Liberal Arts was represented by Dr. Pedros-Gascon as Dr. Dan Turk and Mary Vogl had conflicts
with regularly scheduled meetings. Details on attendance at specific meetings are documented in available meeting
minutes. CoSFP Operating Procedures for AY 13-14 were approved by unanimous vote at the September 9, 2013
meeting as required by the committee bylaws. The only significant change from previous years was that the CPC
representative now has full voting rights on the Committee as approved by Faculty Council last Spring.

Representation on University Committees: The Chair regularly represented CoSFP and Faculty Council interests
at the Council of Deans meetings.

Program Proposal Reviews: CoSFP reviewed the following six proposals for new degrees, programmatic changes
– as well as a proposal for the establishment for one new SAU:
- Statistics BS Program
- Greenhouse Gas Management and Accounting MS Program
- Neuroscience BS Program
- Early Childhood Education BS Program
- Ecosystem Science and Sustainability MS Program
- Ecosystem Science and Sustainability PhD Program
- SAU status for the School of Biomedical Engineering

The committee reviewed all proposals from the perspective of strategic and financial planning and passed comments
and recommendations along to the Provost and Council of Deans.

Budget and Planning Process: The committee was actively engaged with university leadership in discussions
associated with the FY15 budget. An in depth discussion of the FY15 E&G budget was held on March 10, 2014
with Dr. Rick Miranda. To address the overall financial health of the university, an in depth discussion regarding
CSU’s Composite Financial Index (CFI) was held with Lynn Johnson on March 24th.

Accomplishments: CoSFP provides a ‘checks and balance’ role in the overall budgetary process with the
Administration, including priorities of expenditures in budget line items that are related to both faculty and
administrative professionals. The Committee continues to be a voice for change to the Administration concerning
the integration of strategic planning and budgeting. The Committee this year also identified and discussed a number
of perceived issues on campus with the goal of bringing them to the forefront for administrative discussion/action.

Key Actions Taken / Issues Addressed during AY13-14:
1. Discussion and recommendations regarding parking at CSU
2. Discussion and recommendations regarding the implementation of changes in Program Review at the university
3. Discussion and recommendations regarding interpretations and applications of the student FTE report by Institutional Review

Finally, at its April 28th meeting, the committee voted Dr. Katherine Leigh (Health and Human Sciences) as CoSFP Chair for the upcoming academic year (AY '14-15)

**Key Issues for 2014–15:**

1) *Continue to participate in the strategic and budget planning processes and to advocate for the improved integration of the budgeting and strategic planning processes. Changes in the strategic planning process that appear to be on the horizon provide an excellent opportunity for the committee to ensure that it can achieve maximal impact in the process.*

2) *Support continued momentum for a plan to effectively address the issue of the disparity of the CSU benefit package with our peer institutions.*

3) *Continue to make recommendations regarding issues related to the strategic implementation of the new stadium initiative.*

4) *Continue to evaluate relevant strategic aspects of new degree programs and campus growth in general.*

5) *Play a more active role in the Program Review Process on campus, perhaps by incorporating a CoSFP member to Program review panels in order to make a direct connection between the review process and the committee which may prove invaluable in many of the strategic evaluations of programmatic changes that are performed.*

6) *Evaluate approaches to maintain the strategic edge of the university in research and graduate education in the face of declining federal research outlays.*

7) *Provide input into strategic aspects of womens’ issues on campus*

8) *Provide input for strategic initiatives into undergraduate and graduate recruitment/retention and overall student success*

9) *Provide input into strategic aspects of adjunct faculty issues on campus. The addition of a non-tenure track representative to the CoSFP committee as a new voting member should be considered by the committee since it will go a long way towards giving this important segment of the university community a say in university planning. After all, every other segment of the university community is represented on the CoSFP.*

10) *Provide input into professional development programs that would increase the effectiveness and impact of our staff*

11) *Provide input into longer term university planning initiatives to ensure that CSU remains as effective and competitive as possible in the future.*

12) *Provide input into the key issues of faculty recruitment and retention*

After discussion, the committee determined the Bulletin does offer this option to students.

Motions coming forward to Executive Committee Fall 2014

1. UTDS Policy change for Faculty Council – Motion to amend E.2.2.6.1 to read: “Persons holding the rank of professor with tenure at CSU are eligible for the title of University Distinguished Teaching Scholar.” Action Item Stephanie to talk to chair of UDT to suggest parallel language with UDP prior to taking to Faculty Council.
2. Motion to add new paragraph (see below) to E.5.3 to the faculty manual.

E.5.3 Guidelines on Teaching and Advising Responsibility (last revised August 2012)

The teaching and advising responsibilities of faculty members are among those many areas of university life which have for generations been a part of the unwritten code of a "community of scholars." It seems appropriate to set forth these responsibilities in the form of illustrative statements of desirable practice. These guidelines below are by no means exhaustive regarding faculty members' responsibilities to teaching and learning and advising. The performance of faculty members in meeting the expectations contained in the guidelines shall be taken into consideration in determining salary increases, tenure, and promotion.

Faculty members are responsible for stating clearly the instructional objectives of each course they teach at the beginning of each term. It is expected that faculty will direct their instruction toward the fulfillment of these objectives and that evaluation of student achievement will be consistent with these objectives. Faculty members are responsible for orienting the content of the courses to the published official course descriptions.

Faculty members define how their courses are assessed including how tests, exams, and quizzes are administered; student learning and work are assessed and ensure that the student receiving a grade for the course is the student who did the work. It is the faculty member’s responsibility to determine the best manner to ensure the academic integrity of their courses irrespective of the mode of course delivery. Exams and quizzes serve as one type of individual student assessment. Faculty are expected to identify and implement appropriate options for proctoring in-class and online exams in their courses. For information on proctoring options and best practices regarding proctoring, visit http://####.

- Stephanie Clemons was re-elected as Chair for 2014-2015.
- Anton Betten was elected to be the first CoTL Vice Chair. He will serve as Chair of CoTL beginning July 2015.

Ongoing review procedures and committee business have been conducted online by email and document exchange throughout the year. A meeting of the committee took place on March 7, 2014 to review progress and update members on issues as well as to assign Centers, Institutes, and Other Special Units for review to individual members of the committee.

The main business of the Chair of the Committee for University Programs over the past year has been to work with the internal auditing department of CSU and the VPR’s Office in order to respond effectively to its requirements and recommendations. The Audit Executive Summary and the Audit Certification Follow-Up Status Report are both attached as documentation for Faculty Council’s records.

Scope of Examination of the Audit of CIOSUs
The audit encompassed CIOSUs active at the start of the audit, as well as related CIOSU transactions for Fiscal Years 2012 through the present. The audit objectives were to:

1. Determine if controls for identifying CIOSUs are adequate.
2. Determine if controls for overseeing CIOSUs are adequate.
3. Determine if CIOSUs are in compliance with university policies and procedures.

To answer the audit objectives, we reviewed pertinent policies and procedures, interviewed members of Faculty Council and select CIOSU directors, reviewed a sample of CIOSU biennial reports, surveyed a sample of CIOSUs to assess internal controls over CIOSU activity, and performed detailed testing to assess
compliance with CIOSU policies and procedures as set forth in section B.2.6 of the Academic Faculty and Administrative Professional Manual, “University Centers, Institutes, and Other Special Units.” Limited testing of CIOSU financial activity (revenues and expenses) was also performed to identify unusual spending patterns or inadequate processes for recording or depositing revenue that might indicate inadequate oversight over CIOSU activity.

The Committee on University Programs is responsible for reviewing applications and for oversight of all registered Centers, Institutes, and Other Special Units (CIOSUs) on a biennial basis. Each Administrative Director of each CIOSU selected for biennial review submits a brief report of its activities and accomplishments. Copies of all biennial reports are kept in the Office of the Vice President for Research, who is responsible for maintaining the updated list of all CIOSUs.

    Administrative Professional Council
Subject: Proposed Addition of Administrative Professional Emeritus Status to the Colorado State University Academic Faculty and Administrative Professional Manual

The Administrative Professional Council submits the following amendment:

MOVED, THAT SECTION D.7.20 OF THE ACADEMIC FACULTY AND ADMINISTRATIVE PROFESSIONAL MANUAL BE ADDED AS FOLLOWS:

D.7.20 Emeritus/Emerita Status

Administrative Professionals who have completed ten (10) years or more of outstanding and distinguished full-time or part-time service to Colorado State University shall be eligible, at the time of their retirement from Colorado State University, for an emeritus/emerita title equivalent to their highest rank.

Candidates must hold a senior or other advanced rank within Administrative Professional positions at Colorado State University, which may include, but not be limited to Academic Advisor/Support Coordinator, Research Scientist/Associate, Extension Agent/Specialist, Forester, Manager, Director, Executive Director, or Vice President, and must have honorably and consistently demonstrated extraordinary and meritorious contributions to the fulfillment of the mission and programs of the University. These contributions should have resulted in a transformational difference in their field through significant discoveries or enhanced student support and successes, public recognition of remarkable accomplishments and leadership, or a substantial increase in resource development, with a lasting positive impact for the University. In rare occurrences, a deserving candidate may qualify outside of the criteria above. Exceptions may be made with the approval of the Provost.

An eligible administrative professional may request emeritus/emerita status from their college or unit at the same time of retirement from the University, or candidates may be directly nominated by their director, department head, dean, or vice president. The nomination shall be routed for approval by the employee’s department head/director through the dean/vice president and then to the Provost. The final decision on granting emeritus/emerita status will be made by the Board.

Rationale:

Administrative Professional employees at CSU have played a significant and positive role throughout the history of CSU and currently help to shape the institution in several areas outside of faculty appointments. These activities continually and directly support the mission of CSU as a land-grant institution in the areas of instruction, research, service and outreach. Furthermore, upon retirement, many of these distinguished AP employees support the university through transitioning important development and donor relationships; sharing institutional knowledge about process and partnerships; continuing to participate in classroom instruction and research; and give back to the University with their time, talents, and financial support. Yet, these dedicated and influential employees are excluded from applying for special recognition upon retirement. CSU Faculty and AP employees share the same retiree benefits with this one exception.

Compared to other academic institutions, CSU may be behind the times, because Emeritus status is available to non-faculty at the University of Nevada-Las Vegas, University of California-Davis, Minnesota State College and Universities, University of Wisconsin, University of Arkansas, University of Montana, Iowa State University, Kansas State University, Michigan State University, North Carolina State
University, University of Illinois-Urbana Champaign, Texas A&M University, Tennessee State University, Virginia Tech University, University of Tennessee, and University of Connecticut – just to name a few. In fact, 10 of the 15 universities that we consider peers allow either high-level non-faculty or anyone to be awarded emeritus status.

As with Faculty, AP employees seeking Emeritus status would involve a rigorous and formal nomination and review process before being submitted to the Provost and Board of Governors for approval. Only cases with merit and having full support at all levels would make it through the process. This process will follow the same nomination, review, and approval steps as indicated in E.3.1, so as to not create a new system.

Those AP employees seeking Emeritus status would need to show extraordinary and meritorious work to the fulfillment of the mission and programs of CSU. The goal is to recognize the full impact of a career, not the title given. These contributions should have resulted in a transformational difference in their field through significant discoveries or greatly enhanced student successes, public recognition of remarkable accomplishments and leadership, or a substantial increase in resource development, with a lasting positive impact for the University.

RE: Revisions to the Graduate and Professional Bulletin –
D. – ADMISSIONS REQUIREMENTS AND PROCEDURES

THE COMMITTEE ON SCHOLARSHIP, RESEARCH AND GRADUATE EDUCATION MOVES THAT FACULTY COUNCIL ADOPT THE REVISIONS TO THE SECTION “ADMISSIONS REQUIREMENTS AND PROCEDURES” – D.5 APPLICATION: INTERNATIONAL STUDENTS - TO BE EFFECTIVE UPON FACULTY COUNCIL ADOPTION EFFECTIVE IMMEDIATELY AS FOLLOWS:

ADDITIONS - UNDERLINED - DELETIONS OVERSCORED

D.5 APPLICATION: INTERNATIONAL STUDENTS

Application procedures are similar to those for U.S. citizens or permanent resident students. Refer to U.S. Citizens or Permanent Residents information for on-line World Wide Web instructions.

The following materials must be sent directly to the department in which the applicant plans to study (see Programs and Degrees webpage for the mailing address at: http://graduateschool.colostate.edu/prospective-students/degrees.aspx).

1. An official transcript of all collegiate work completed along with a certified translation into English.
2. Scores on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). Track III Admissions are not required to take either the TOEFL or the IELTS exam.
3. A statement of purpose.
4. Three letters of recommendation.

4. Scores on the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). Track III Admissions are not required to take either the TOEFL or the IELTS exam.
   a. When the CSU graduate degree program is taught in the student’s native language, the TOEFL/IELTS requirement will be waived.
   b. Students are exempted from the TOEFL or IELTS requirement if the official language of their country is English or if they have recently earned a degree at an American university.

Required items for Immigration Document Insurance. These items are not required for the application review process, but will be required if officially admitted. The following materials must be sent directly to the department in which the applicant plans to study (see Programs and Degrees webpage for the mailing address at http://graduateschool.colostate.edu/prospective-students/degrees.aspx.)

1. Certified proof of financial support – Graduate Student Certification for Issuance of Immigration Document (G83F form) and supporting financial documents.
2. Passport copy

Departmental requirements for additional materials such as standardized tests (e.g. GRE or GMAT) are the same as for U.S. students. Regulations regarding deadlines and application fees are likewise the same as for U.S. students. Information on application deadlines and application fees is contained in the U.S. Citizens or Permanent Residents section.
The U.S. Bureau of Citizenship and Immigration Services requires the University to have proof of financial support before immigration documentation can be issued. Immigration documentation is needed to obtain a visa. All international students and their accompanying dependents are required to maintain adequate health insurance during their stay at the University.
Only persons with degrees equivalent to U.S. bachelor's degrees are qualified to apply for admission except for Track III applicants described above. Further, it is a University regulation that international applicants should be among the top students in their classes.

Colorado State University requires that proficiency in English language be demonstrated either by the TOEFL or IELTS tests prior to admissions. The minimum TOEFL score for admission without condition is 550 (paper-based), or 80 (internet-based). The minimum IELTS score for admission without condition is 6.5. Official scores, taken within two years prior to admission, must be submitted directly from the testing agency.

To be considered for conditional admission, a student must have a minimum TOEFL score or 475 on the paper based test or 50 on the internet based test or minimum IELTS score of 5.5. After receiving conditional admission, the student must satisfactorily complete the University Intensive English Program. Enrollment in regular University academic courses is at the discretion of the Intensive English Program. Approval of both the department and the Dean of the Graduate School is necessary for such conditional admission.

Generally, however, applicants should achieve satisfactory TOEFL or IELTS scores before arriving on the Colorado State campus.

Students are exempted from the TOEFL or IELTS requirement if the official language of their country is English or if they have recently earned a degree at an American university.

Rationale:
IELTS and TOEFL scores are not necessary when CSU courses are taught in a foreign language and it is the student's native language.

RE: Revisions to the Graduate and Professional Bulletin – Certificates
E. – GRADUATE STUDY

THE COMMITTEE ON SCHOLARSHIP, RESEARCH AND GRADUATE EDUCATION MOVE THAT FACULTY COUNCIL ADOPT THE REVISIONS TO THE SECTION “GRADUATE STUDY” – E.6 GRADUATE CERTIFICATE PROGRAM – OF THE GRADUATE AND PROFESSIONAL BULLETIN TO BE EFFECTIVE UPON FACULTY COUNCIL ADOPTION EFFECTIVE IMMEDIATELY AS FOLLOWS:

ADDITIONS - UNDERLINED - DELETIONS OVERSCORED

E.6 Graduate Certificate Program
a. Graduate Certificate history/future content
   i. Colorado Department of Higher Education has indicated that CSU’s statutory role and mission permits it to offer “Graduate Certificates” for a series of graduate courses taken by
   – post-baccalaureate students.
   i. HLC requires that all CSU credit-based credentials are approved through the curricular process.
   ii. Only the University, as an institution, will officially award Graduate Certificates. All certificates will be titled and recorded as “Graduate Certificate in (name of certificate program)” on the transcript upon completion of the Graduate Certificate requirements.
   iii. Only Graduate Certificates approved through the curricular process can be advertised and awarded. No unit on campus shall advertise Graduate Certificates not approved through the curricular process.
   iv. With the creation of transcripted credit-bearing Graduate Certificates, certificates of completion for credit-bearing courses will cease to exist; however, students enrolled in such programs will be allowed to complete their programs. Certificates of Completion for non-credit bearing courses may continue.

b. Principles
   i. General
      1. Students must have proof of an official undergraduate baccalaureate or equivalent degree to enroll in a Graduate Certificate program.
      2. Matriculated/graduate degree seeking students and guest/non-degree-seeking graduate students (guests) may participate in Graduate Certificate programs.
3. Graduate courses must be taken at CSU and specifically identified as fulfilling requirements for the Graduate Certificate. Courses may not be transferred in from another institution as part of a Graduate Certificate. There will be no course waivers or substitutions to meet certification requirements.

4. Graduate Certificates must be completed within 10 years. Courses to be applied toward fulfilling the requirements for a Graduate Certificate must have been registered for and completed within the 10 years immediately preceding the date of completion of requirements for the certificate.

5. For conferment purposes, a student’s GPA for the cumulative Graduate Certificate coursework must be a minimum of 3.0.
   a. Students must earn a minimum of a “C” in all certificate work.
   b. Students may not take a course more than twice during the certificate process in order to enhance their grade for the course or GPA for the overall certificate.

6. Graduate courses completed as an undergraduate may not be applied toward a Graduate Certificate per CDHE’s ruling.

ii. Degree-seeking/matriculated students

1. Will be eligible for a transcripted Graduate Certificate whether the certificate credits are offered within the required coursework or outside of it.

2. If a second or subsequent Graduate Certificate is earned, it must be earned with credits beyond those required in the first Graduate Certificate.
   a. No graduate courses can be counted toward more than one Graduate Certificate.
   b. The Graduate Certificate coursework may count toward the degree if it meets the curriculum requirements of the degree. Not all Graduate Certificate coursework will meet the requirements for a graduate degree.

iii. Non-degree-seeking (guest) students

1. May apply for admission to a graduate degree program; however,
   a. Successful completion of the course(s) within a Graduate Certificate does not guarantee admission to a graduate degree program.
   b. Courses completed as part of a Graduate Certificate may be applied to the degree if the courses meet the degree requirements. Not all Graduate Certificate coursework will meet the requirements for graduate degrees.

2. If a student chooses to apply to a graduate program after completing a Graduate Certificate, the Graduate Certificate will be indicated as such on the student’s transcript. The Graduate Certificate coursework may count toward the degree if it meets the curriculum requirements of the degree, and program and Graduate School approval. Once a student earns a Graduate Certificate, he will retain it (with the exception of violation of academic integrity or other similar violations) upon matriculation into a graduate program. Please note: only graduate coursework with grades of “B” or better included in Graduate Certificates has the potential to be considered as fulfilling the requirements, in part, of a CSU graduate degree.

Graduate-Certificate standards and development process

1. Graduate credit minimum: 15 credit maximum in regular (00-79) credit-bearing courses at the 500 level or above. Departments proposing a Graduate Certificate with 16 or more credits must provide a compelling reason to the University Curriculum Committee (UCC) to exceed the standard.

2. Guest students who have completed a Graduate Certificate (GC) that includes more than 9 credits may petition to apply all GC credits (with grades of B or better) into a graduate degree program if the credits meet the curricular requirements of the graduate degree program and the department approves.
ii. All Graduate Certificate coursework must be traditionally graded.

iii. The Graduate Certificates must meet the following standards:

1. Include a coherent academic experience from 9-15 credits that has a stand-alone professional or marketable value.

2. Denote a knowledge base or skill set from one or more subject codes in an area with intrinsic significance.

3. Meet recognized criteria for a legitimate educational experience through the CSU curricular review process.

4. Have a different name than degree programs, specializations, or interdisciplinary studies programs.

iv. Academic units that wish to convert Graduate Certificates of Completion to meet the criteria of Graduate Certificates must submit a Graduate Certificate proposal through the curricular review process. Current Graduate Certificates of Completion for credit-bearing coursework will not be grandfathered; certificates of completion for credit-bearing coursework will cease to exist once the Graduate Certificate is approved; however, students enrolled in such program will be permitted to complete their programs.

1. Each academic unit that offers a Graduate Certificate is responsible for its accurate description.

2. The Graduate School and the requirements of the Graduate and Professional Bulletin policies will apply unless indicated otherwise.

v. Certificate development process

1. If requesting resources, the Graduate Certificates request must go through Phase 0, 1, and 2 of the New Program Development Process.

2. Upon approval of the COD and Provost, the Graduate Certificates will be referred for consideration to the following bodies: College Curriculum Committee(s) (CCC), CoSRGE, CoSFP, UCC, FC.

2. To propose a Graduate Certificate that does not require new resources, the steps followed will be identical to the process used to propose a specialization within a graduate degree. As in the specialization process, the Graduate Certificates will be considered by the following bodies: the appropriate College Curriculum Committee(s), CoSRGE, UCC, and FC.

a. Proposers will be required to include the following information on the designated form:

i. Name of Graduate Certificate

ii. Name of academic unit proposing

iii. Course subject codes, numbers, names, credits, total number of credits proposed for inclusion

iv. Rationale for courses to be packaged as a Graduate Certificate

Please address:

1. Target audience

2. Nature of the coherent academic experience that has a stand-alone professional or marketable value

3. Inherent knowledge base or skill set in an area with an intrinsic significance

v. Appropriate signatures from:

i. Academic units

ii. Proposing and those whose courses are included

2. Department head and college curricular committee

E. Student-Graduate Certificate application and conferral process

a. General

i. Degree seeking matriculated and non-degree seeking guest students must apply and be admitted into a Graduate Certificate program so they can be identified and tracked.
Degree-seeking students must meet and maintain the conditions required to be enrolled as a graduate student at CSU. Non-degree-seeking/guest students are required to have an undergraduate degree. There are no other general admission policy requirements; however, individual programs may impose additional restrictions.

1. If students are not continuously enrolled in the certificate program, they must reapply.

b. Matriculated/degree-seeking students

ii. Graduate Certificates will be conferred on the same dates that degrees are conferred. Refer to the degree conferral policy in the CSU General Catalogue. Conferal only occurs three times each year, after the conclusion of the fall, spring, and summer terms. The conferral date is the date which will be posted on the official transcript.

i. must apply for the Graduate Certificate to be conferred during the semester in which they complete the final credits of the Graduate Certificate or after, as long as they are enrolled at CSU in their degree program. The Graduate Certificate conferral application deadline will be posted on the GS website for each term. Students must be admitted to the Graduate Certificate program and enrolled at CSU in the semester they complete the Graduate Certificate. Upon completion of the Graduate Certificate and appropriate forms, it may be transcripted at the next degree conferral date.

g. Non-degree-seeking/guest students

i. must apply for Graduate Certificates to be conferred during the semester in which they complete the final coursework of the Graduate Certificate. The Graduate Certificate conferral application deadline will be posted on the GS website for each term. Once a student is no longer enrolled at CSU s/he may no longer apply for or be awarded the Graduate Certificate.

F. Administrative issues

a. Graduate Certificates will be printed through a process created by the Registrar’s Office and Graduate School. No other units, under any circumstances, will be authorized to print Graduate Certificates.

b. Only academic and special academic units can bring Graduate Certificate proposals forward.

c. Other issues and requirements:

i. An application fee will be required to support program operations.

ii. The requirements for any academic program including Graduate Certificates offered by the University must be described accurately and completely in all forms of communication with students, prospective students, and the public. This includes both printed and electronic documents, including Web sites, brochures, student handbooks, advising check sheets, and the General Catalog. The requirements shall be described accurately and completely as they have been approved by CoSRGE, University Curriculum Committee and Faculty Council. Any program of study that leads to an academic credential conferred by the University is subject to this requirement, including undergraduate and graduate degrees, concentrations, specializations, Graduate Certificates, minors, options, and interdisciplinary studies programs. Department heads and chairs (or the responsible individual for other academic units) are responsible for ensuring that all such communications comply with this policy.

Graduate Certificates are optional and are offered by certain departments, SAUs or colleges. A Graduate Certificate consists of a minimum of 9 specified credits, and not more than 15 credits. All of the credits must be coursework at the graduate level (500-700). A student must earn a cumulative GPA of 3.000 or better and a minimum of a “C” in the courses required in the Graduate Certificate. All coursework must be traditionally graded.
A Graduate Certificate may include courses from one or more academic units or special academic units. For certificates involving courses from two or more units, the coordinating department is indicated in the List of Graduate Certificates.

Guest and degree-seeking students with bachelor’s degrees are eligible to apply to participate in the Graduate Certificate Program. Students must apply for admission into the program and for the conferral of the certificate. Students must be enrolled at CSU in order to receive and complete the certificate requirements. Graduate certificates by title are noted on the student’s academic record (transcript) at the time of degree conferral. The certificate title is not on the diploma. See the Graduate School website for details http://graduateschool.colostate.edu/.

Rationale:

A certificate is a directed academic qualification used to identify the successful completion of a focused area of study deemed important to a student’s career objectives. The transcripted Graduate Certificate focuses on a specific group of courses that have a stand-alone professional or marketable value.

The certificate credential consists of a minimum 9 credits and a maximum of 15 credits at the graduate level (500-700). Students must earn a cumulative GPA of 3.000 or better and no less than a “C” in the courses required in the Undergraduate Certificate to receive the credential.

After further consideration, it seems most appropriate to provide basic policy information in the Graduate Bulletin and provide process and procedural details in a link to the Graduate School website. We would also like the presentation of the Graduate Certificate Policy to be consistent with that of the Undergraduate Certificate Policy presented in the General Catalogue. With this modification the two policies will be presented in a similar manner.

SUBJECT: Request to change the name of the Major in Agricultural Economics.

The University Curriculum Committee moves Faculty Council adopt the following:

    Changing the name of the major in Agricultural Economics to Environmental and Natural Resource Economics (B.S.) effective Spring Semester 2015.

The proposal was reviewed and approved by University Curriculum Committee (UCC) on May 2, 2014.

Rationale:

From the justification for Request

“Over the past five years the department has been working to build enrollments in this program of study. There has been success in increasing enrollment but the term “natural resource economics” has been found to be limiting not properly conveying the contemporary content and applicability of this program. Focus group interactions with college-bound high school students and current CSU students reveal strong preferences for the new title—both in name and hierarchy…."

The over past five years, the department has been working to build enrollment in this program of study. There has been success in increasing enrollment in the term "natural resource economics" has been found to be limiting, not properly conveying the contemporary content and applicability of this program. Focus minor interactions with college-bound high school students and current CSU students reveal strong preferences for the new title—both in name and hierarchy.

Proposed curricular changes reflect inclusion of new program-specific capstone course and subtle adjustments in current course choice blocks.
