ACTION ITEMS

1. Proposed revisions to Section E.12.2 Research and Other Creative Activity of the Academic Faculty and Administrative Professional Manual – CoRSAF

Hong Miao spoke to the motion.

Gallagher: Any discussion?

John Elder (CoB): I think there are a number of inconsistencies in this paragraph, and I feel it should be much shorter. For example, textbooks. Why would an intro textbook be considered research but other things are not?

John Elder (CoB): I move to make an amendment.

Gallagher: What is your amendment?

John Elder (CoB): Let departments decide what is research rather than giving a list of what is included. Therefore, delete the entire sentence that begins with “Research and other creative activity..”

Gallagher: Is there a second?

The motion was seconded by Bolivar Senior (HHS).

Gallagher: The floor is open for discussion for or against the amendment.
Sue James (CoE): I totally understand what you are saying and what motivated this. If you leave it up to the department, this can cause problems too. I wonder if part of the motivation was broadening this for that reason.

Richard Eykholt (CoRSAF member and UGO): Please note that the faculty Manual statement does not indicate a textbook is research. It is considered creative activity. It is actually a continuing statement that a textbook is one of many creative activities. In recent years, there has been disparity within departments, leading to inconsistencies and disparities. How valuable they are is not identified. It is up to the departments to judge this and make the call. Is it teaching (e.g. deliver) vs. creative activity (collecting information that communicates intellectual value).

Mary Meyer (CNS): I am not speaking for or against the amendment, but the second sentence of the motion would not read well if we take the “research question” out of the motion. The following sentences would have to change also.

John Elder (CoB): I agree.

Karen Barrett (HHS): I wonder if it might be preferable, given your intent, to strike the very final sentence, which is less inclusive. I think this would be a better solution.

Gallagher: This would be out of order. We have to focus on the first amendment first.

John Elder (CoB): I am trying to think independently. I still think the departments should wrestle with this issue. I don’t think a ruling through a Manual is the answer. We don’t know the history behind the statement. I believe that our faculty Manual has become long and cumbersome.

Antonio Pedros-Gascon (CLA At-Large): To me, the statement “are not limited to” provides enough wiggle room to be evaluated in a nonbiased way and will protect faculty in and out of the specific department. I speak in favor of the current wording for that reason.

Karen Barrett (HHS): This is particularly relevant to NTTF and they will be supported more with the printed motion—not the amendment.

Jason Bruemmer (Agricultural Sciences): I speak in favor of this amendment. Some of these statements pigeon-hole where something can be counted. It should be up to the faculty member.
Joseph DiVerdi (Chair, CoSFP): I speak against this amendment. Regarding NTTF—rules and regulations at a higher level can hurt faculty.

John Elder (CoB): If there are problems with department codes, you can file a grievance against the department. It is inappropriate to think that the only people that can write good codes are the people in this room.

Gallagher restates the amendment--Deleting this sentence that starts with “Research and other creative activity include”……

Gallagher: Are we ready to vote on the amendment? All in favor say aye.

The amendment did not pass by Faculty Council.

Melinda Smith (CNS): I have a question. The focus on impact rather than quantity statement is somewhat problematic. The statement about citations and publications is also an issue. Why are these statements necessary? Departments should decide whether quality or quantity matters.

Gallagher: Hong or Richard?

Richard Eykholt (CoRSAF member and UGO): With regard to citation of publications, this is just one possible measure. With regard to quality, I guess it is a fundamental disagreement. I can publish 20 papers a year, but quality is more important. CoRSAF felt quality is more important than quantity.

John Elder (CoB): I would like to make a motion to delete everything after the first sentence. Second paragraph: delete everything after the criteria for evaluating. Our peers define whether research is appropriate.

Gallagher: Discussion?

Melinda Smith (CNS): What is the motivation for this section?

Gallagher: I have to rule that out of order. Only the amendment can be discussed.

John Elder (CoB): In this context, where we are looking at the Faculty Manual – it can be perceived more than a guideline but a rule of law. To me, this Faculty Manual is too narrow. It causes departments to act in ways they may not want to.
Sue James (CoE): I respectfully disagree. The fact that the faculty Manual is guidelines, it helps faculty. Some departmental “old guard” may not recognize a specific journal that one of their faculty is publishing in. Some departments may say “focus on these four journals only”…which would be detrimental to certain faculty members. This gives a department chair that chance to say these are all the things that should be used.

Peter Harris (CLA): I am in favor of the motion. We don’t need it. Quality and quantity would conflict with my department. So what does it matter if it does not exist?

Gallagher: I need to consult with our parliamentarian. (Pause in discussion).

Gallagher: After consulting with our parliamentarian, I am saying this is out of order as it goes beyond the scope of the original motion.

John Elder (CoB): It is important (speaking against the underlined sentences). I do not believe that CoRSAF is the only committee that can determine what counts on the campus. I believe that departments can all write our codes just fine.

Gallagher: Would you like to vote on the motion on the floor? All in favor, as presented in your packet with no amendments, please say aye.

The motion was passed as stated originally in the Faculty Council agenda materials.

2. Proposed revisions to Section J.2 Definitions and Section J.3 Ownership and Rights of the Academic Faculty and Administrative Professional Manual – CoRSAF

Hong Miao spoke to the motion.

Gallagher: Linda Schutjer (OGC) is here today and available to respond to any legal-related questions regarding this proposal. Schutjer proposed a minor change earlier in the day and Hong and Richard were consulted and approved this minor change, which is now part of the main motion.

Gallagher: Any discussion? Speak in favor or against.

There was no discussion.
Gallagher: All in favor of approving this motion with this one set of additional words included? (Gallagher placed on overhead for members to see).

Faculty Council approved the proposed revisions.

3. Proposed revisions to the *Graduate and Professional Bulletin* – Integrated Degree Program and Integrated Degree Program Plus Admissions, The Advisory System, Graduate Assistantship – Terms and Conditions of Appointment, and Definition of “In-State Residency” for Tuition Purposes – CoSRGE

Melinda Smith, Chair, CoSRGE spoke to the motion.

Gallagher: Any discussion? In favor or against.

Sue James (CoB): I am supportive of this. It just makes the language more inclusive.

Gallagher: All in favor?

Faculty Council unanimously approved.

4. Proposed revisions to the *Graduate and Professional Bulletin* – Graduate Assistantship - Terms and Conditions of Appointment – CoSRGE

Melinda Smith, Chair, CoSRGE spoke to the motion.

Gallagher: Any discussion?

Gallagher: All in favor?

Faculty Council approved the proposed revisions.

**F. REPORTS TO BE RECEIVED**

1. Provost/Executive Vice President – Rick Miranda

   Miranda reported on the following:

   Since our last Faculty Council meeting; we had the APLU meeting. CSU is involved in a lot of activity. Powered by Publics is an attempt to corral the energy of 130 universities. Two main goals--increasing degree
completion and closing equity gaps. We are in the Western Land Grant cluster. We will continue to lead this cluster into the future.

Presidential investiture a couple weeks ago. The President was pleased by how it went, and she had a number of family members present.

We had the newly promoted faculty reception. Miranda’s favorite event of the year.

The President is working on her strategic transformation documents. She has taken a series of events--Fall Forum, etc., and is trying to design a draft document for circulation, which will probably come out in the spring 2020 semester. The hope is to stimulate discussion.

Miranda introduced, Karen Estlund, the new Dean of Libraries. Estlund stated appreciation of the discussion of research and creative activity, especially being a librarian.

Miranda followed up on last month’s discussion of academic funding. Faculty Council passed a resolution about reallocating the budget and encouraging the administration to place emphasis on academics.

Miranda didn’t want to edit a document that was presented, but there were a few things that required clarification.

The very first statement said that instructional spending has remained flat. This did not sound right to me so I checked with Laura Jensen, and we tried to find out what the data really is on that. Prefacing this—we have tried hard over the last 10 years to drive resources towards our students; tuition sharing at the graduate level; 2-3-6 funding program at the undergraduate level. The intention is to not constrain the administration but to make sure that our instructional budgets are top priority, then further dollars are competed for after this. I feel good about those initiatives.

Miranda then presented the IPEDS data from our federal reporting, from both 2008 and 2018. There is a subtlety in how our pension obligations are reported and there is not a uniform treatment of this (which can be significant) across different universities. However the data he showed did indicate a significant increase in instructional spending per student FTE.

Miranda then presented data on SCH (student FTE), faculty FTE (both TT and NTT) and SCH generated by TT and NTT faculty, over the last decade. Since 2010 (when the hiring freeze ended) we have added TT
faculty at a rate higher than the growth of SCH. We have added NTT faculty at a rate much higher than the growth of SCH. We have seen a significant decrease in the SCH taught by TT faculty over this period. Correspondingly there has been a significant increase in the SCH taught by NTT faculty.

These kinds of data are worth keeping in mind when Faculty Council looks to the future when we budget. The central administration does not tightly control all hiring decisions. They are de-centralized to departments and deans. We take advice from them as to whom to hire.

As we have grown credit hours, we have grown both NTTF and TTF numbers. Are we optimally deploying faculty in the units? This data set indicates we have been generally keeping up.

John Elder (CoB): Athletic subsidies. Can it increase the instructional budget?

Miranda: I’m the Provost. I don’t control the athletic budget. When I talk to the President and ask questions, yes, they point out the value of athletics. Intrinsically, the university and student athletes are achieving at high levels. Athletics is one of our front doors to our university. The concept is that the athletics programs send a lot of eyeballs to the university, which is considered good.

Antonio Pedros-Gascon (CLA At-Large): As a representative from the college that teaches most credit hours, basically on the back of NTTs, and which has the highest population of NTTs, I’m very happy for the departments that may have been able to lower the teaching load of their TTs in the last ten years, but my department, LLC is still one of the few departments having to teach 5 courses per year.

I would like to provide some figures regarding the last 10 years when it comes to hiring priorities, to help with the increase of students enrolled in the institution. The data was retrieved from the Factbooks.

In the period 2009-2019 university RI students have raised by +13.58% [+3451 students, total 28,864], and the grand total by +19.68% [+5619, total 34,166].

To meet that increase, the institution has hired +1621 employees:

- +387 Faculty [total 1904];
- +1126 Admin Pros (Both RA and non RA), State Class, and Postdocs [total 5749];
- and +108 being other salaried employees [total 235].
When comparing the number of each category in 2009 versus 2019, the different growth of categories is staggering:

- TT faculty has increased by +9.78%, Special Faculty by +54.63%, and Temporary Faculty by +66.49%;
- Admin Pros (except RAs) by +94.79%; Admin Pros (RAs) by 14.88%; State Class by -13.20%, and Postdocs by -8.47%;
- Other salaried employees have increased by +85.04%.

I believe these revealing figures illuminate the budget and hiring priorities of the institution for the last decade, and justify the request to reevaluate the budget priorities of our administration, as expressed in the text that was advanced and supported by faculty in our last faculty council.

Mary Meyer (CNS): In *The Chronicle of Higher Education*—I read an article about colleges that spend far more. CSU spent far less, as far as the resolution statement. I haven’t read this in deep detail. There is a perception that instructional spending has not been keeping up. My question is: is the subsidy going up again, or will the administration reduce the subsidies?

Miranda: The data in *The Chronicle* is not accurate. If you are basing your points on data from *The Chronicle*, rather than our IR data, then it may be incorrect. I have no idea what the President is deciding. IPEDs won’t update their information until next year. If you are basing your argument on outside data, the data I presented is correct.

Gallagher reminded Miranda and Faculty Council members that we need to budget our time appropriately for the presentation on the Campus Climate Survey results.

Stephen Hayne (CoB): The granularity of the flow of these funds. They come in such a way that faculty lines don’t appear easily. We may get just enough money for a NTTF to teach a section, and the next year we may get another NTTF without getting a full line. I worry that the flows have led to a different kind of chunkiness in the hiring process.

Miranda: Some faculty lines are allocated, as you indicated, and others have been used a different way. We basically have been sending monies to departments for hiring, etc. In the research line, we generally use the method of cluster hiring. Allocate a certain number of lines in one area over a period of over 2-3 years. You are right, more instruction monies have been allocated with 236 funds that don’t usually provide funding for a full faculty line at the department level in any one year.
Steve Shulman (CLA): I have to go back over this, but it seems that educational spending has risen very slowly, if at all. I’m not sure athletics is always positive (e.g., football this year). If anything, by raising the profile of the university raises the profile in a negative, not a positive way. When you have subsidy raises every year--what that indicates is programmatic failure not success. It is clearly sucking resources away from the education mission of the university. You are here to defend the administration, and defend the indefensible.

Miranda: I am here to present the numbers.

John Elder (CoB): Rick, I would like to thank you for your presentations over the years. I have found them always forthcoming and clear. Some risks pay off and some don’t. I believe your intentions have been good.

Miranda’s report was received.

2. Faculty Council Chair – Tim Gallagher

Gallagher reported on the following:

Gallagher: Tomorrow and Friday, at 10:15 a.m., there are two finalists being considered for the Ombuds position. If you would like a copy of the CV materials, just shoot an email message to me.

There are some long-term projects underway in Faculty Council. Our Vice Chair, Sue Doe, is currently in Todos-Santos teaching. She is taking leadership in the FC Manual to propose changes re: special faculty and insert the new verbiage. For many years we had regular faculty, then we had special faculty. There is a whole bunch of references that need to be changed yet.

Gallagher’s report was received.

3. Board of Governors Faculty Representative – Stephanie Clemons

Clemons reported on the following:

Three units will be highlighted at the upcoming Board meeting: CLA, CoB and CSU Libraries.

Campus faculty issues highlighted are: NTTF promotions, Institutional Learning Objectives; Race, Bias, and Equity Initiative; the Faculty
Council Resolution on Budget Priorities; Learning Analytics research; Graduate Student Showcase, and the President’s Inauguration.

Clemons’ report was received.

4. 2018 Employee Climate Survey results
   Presenters: Shannon Archibeque-Engle and Jennifer Schneider

A PowerPoint presentation was presented to Faculty Council members. Faculty can be directed to the following website for information: https://diversity.colostate.edu/2018-employee-climate-survey/?
