Faculty Colleagues-

Here is a curated set of materials that Faculty Council has collected to help you start the school year. We want to support you and acknowledge the work you have been doing over the summer and will be doing in the next weeks ahead, all under very difficult circumstances. Our intent is to keep this list rather small because we know you're receiving a lot of information. Posting these resources represents an unprecedented use of the Faculty Council website, but these are unprecedented times. We want to support you in every way possible, making a meaningful bridge between university planning/working groups, university resources, and your needs. You will see a range of materials, from an official document library to teaching resources to help on the first day and beyond.

We also include a Q&A resource that we will continue to build as you send us your questions and concerns. Please contact the Faculty Council via Amy Barkley or the Faculty Council Officers: Sue Doe and Stephanie Clemons. Here are our emails. We look forward to hearing from you:
